

BISONS

CONROE ARMSTRONG

TO: CONRAD.

You are the nicest, sweetest, most hardworking, intelligent and mature person I ever met. I know that in the 3 years we've known each other we've given you a lot of hard times, but I really didn't mean to. I hope that we remain friends for the rest of our lives.

You are really some one I admire, for everything you ever did! You're an inspiration to every one. And you deserve the best of everything. Because you know Armstrong will be a "goat". You're not afraid of going after what you want. And what ever you do, don't ever lose the talent that you have. You're one in a

BILLION!

Love Ya,

Keep In Touch.

A photograph of a sunset over a dark treeline. The sun is a bright, glowing orb positioned slightly to the left of the center, partially obscured by the silhouettes of trees. The sky is a gradient of warm colors, from a pale yellow near the horizon to a soft, hazy blue at the top. The trees in the foreground are dark and silhouetted against the bright sky, creating a stark contrast. The overall mood is peaceful and serene.

Howard Leads School

By: Alvin Skrabanek

Student Body

Each Spring, the entire student body (with the exception of the seniors) elect four juniors to represent them the upcoming year.

Last spring Charles Howard, Trina Drake, Gracie Rodriguez, and Norma Enriquez were chosen for the offices of President, Vice-President, Secretary, and Treasurer respectively.

To be eligible for these offices the candidates were screened by the present student council members. This narrowed the field to two candidates per offices.

The candidates also had to have a certain grade point average and receive favorable reports from teachers.

Obviously, different officers have different duties. The president gives the morning announcements, speaks at assemblies, and presides over the student council.

The Vice-President, Secretary, and Treasurer all have various tasks such as serving on committees, organizing events and filling in for the president when he is unable to attend certain events.

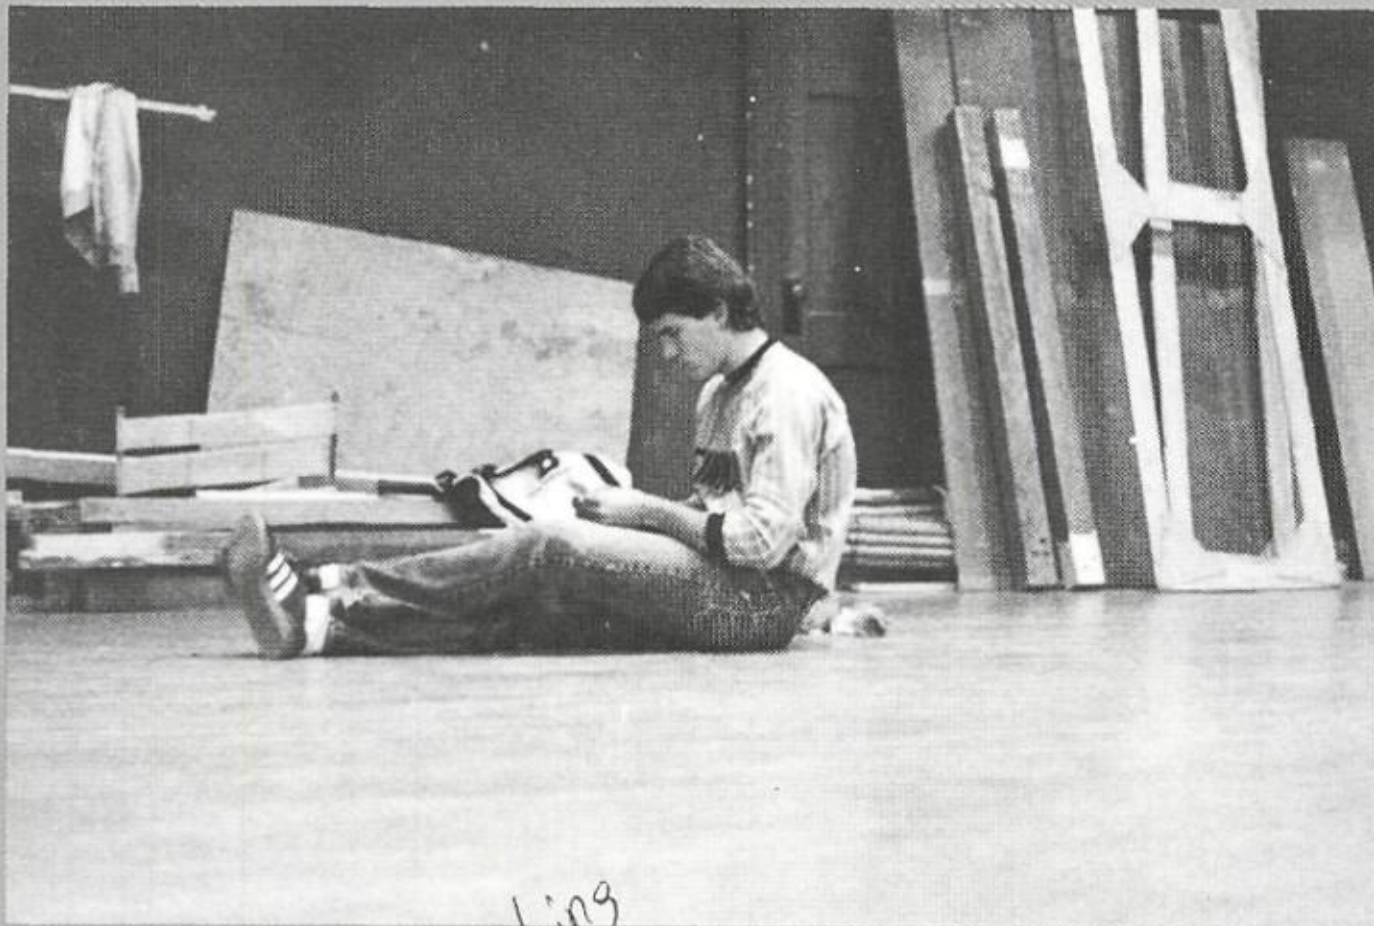

Student Body officers are: Charlie Howard, Pres.; Norma Enriquez, Treas.; Trina Drake, Vice Pres.; and Gracie Rodriguez, Sec.

▲Treas. Norma Enriquez works on project in class

▲Pres. Charlie Howard welcomes the student body in a pep assembly during the football season.

◀Pres. Charlie Howard works on the tissue flowers for the Homecoming backdrop.

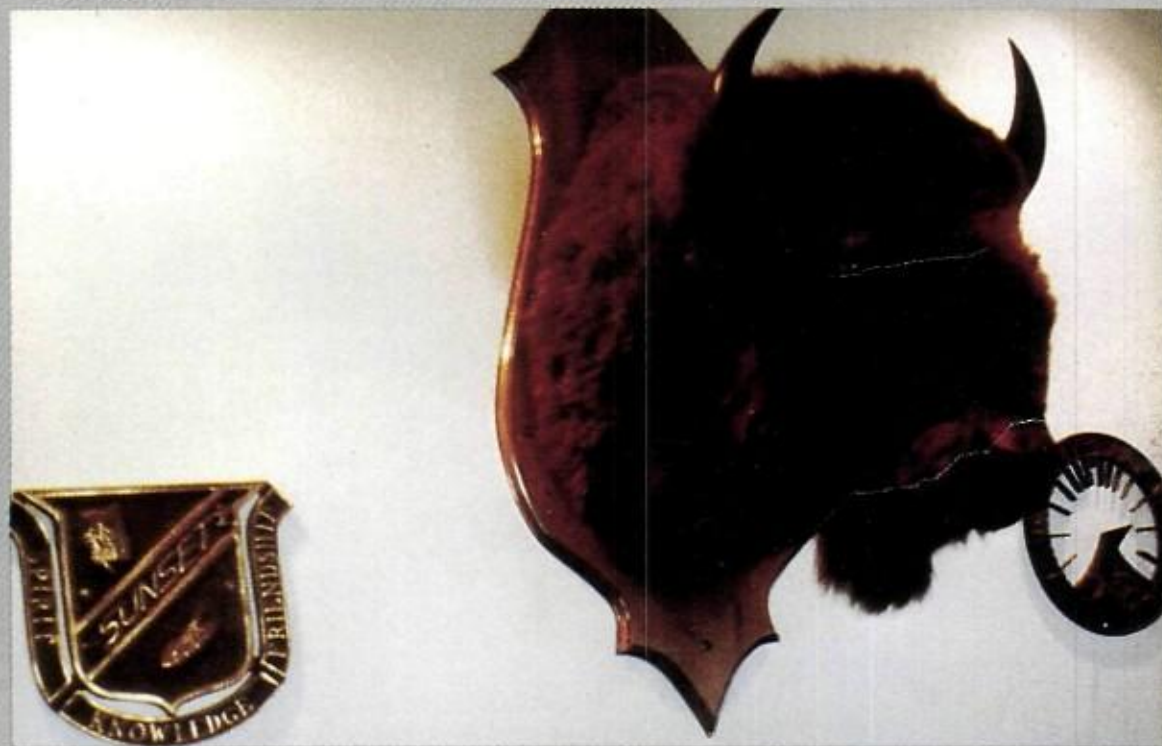

*working

▲Vice-Pres. Trina Drake gives Stephen Baril and Jason Lopez pointers on how to fix up the Homecoming backdrop.

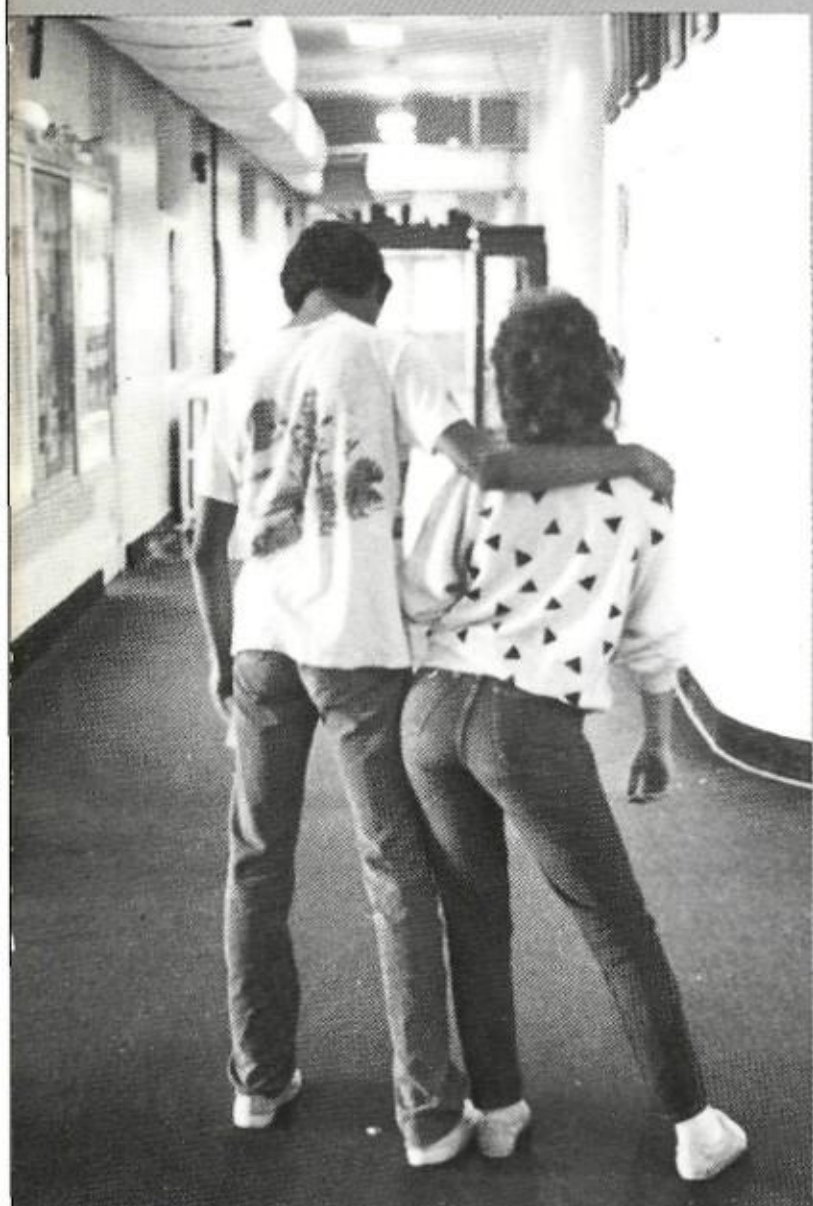

Gracie Rodriquez and Elvie Rivera work diligently on the backdrop for the Homecoming Assembly.▶

As each day draws to a close, the new experiences are reflected upon. New friends, old defeats, rare accomplishments and frequent emotions are pondered in the minds of each individual. But also with the closing one day, comes the beginning of the next . . .

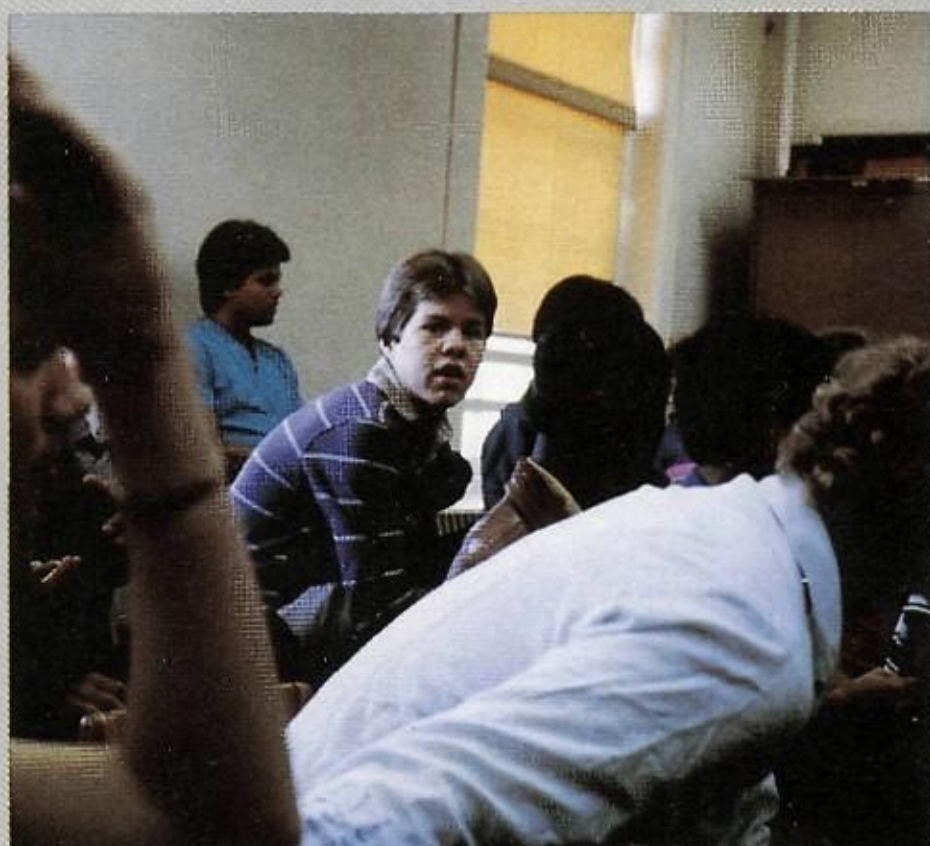

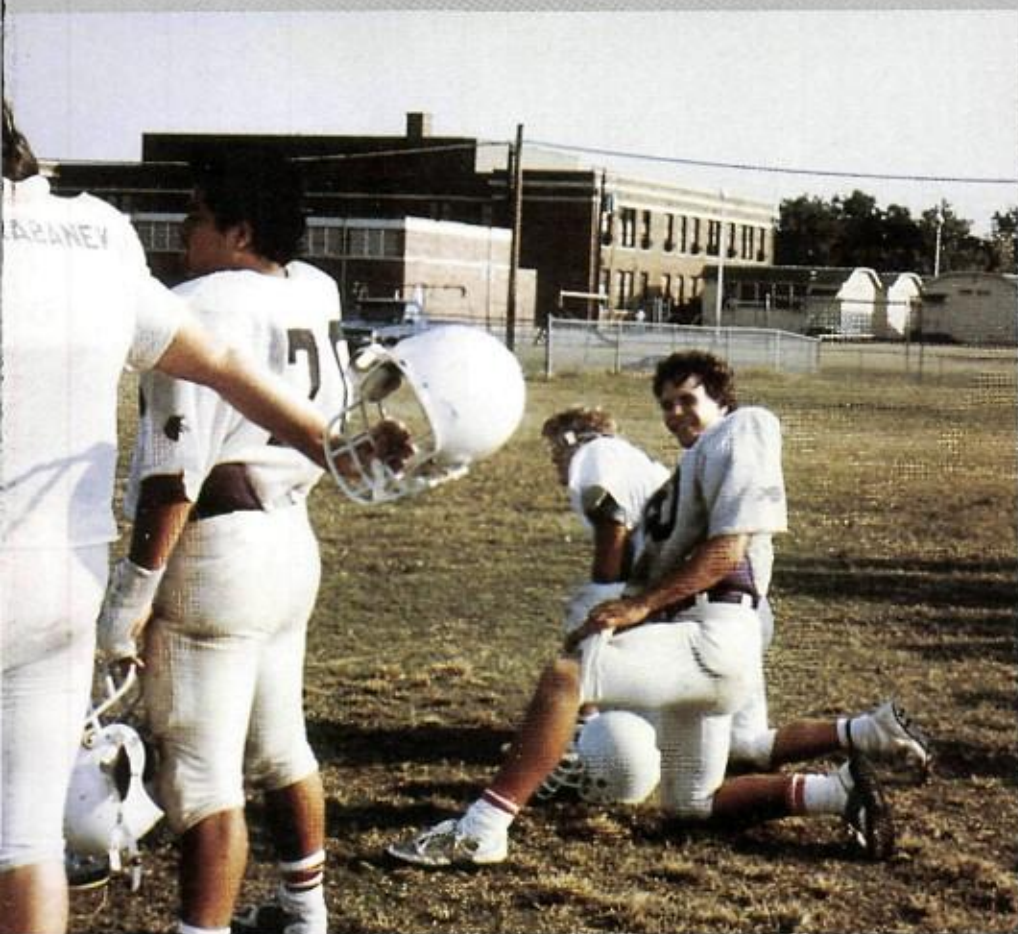

Another day to start anew, to accomplish more. Such is the way with a brand new school year. New teachers are brought in, new classes are attended and new friendships are formed . . .

Without the upcoming day or year,
nothing would hold any excitement
or joy. That is why every year, every
day and every moment is . . .
“The Start of Something New”

SPIRIT

Apathy Runs Rampant

All across the metroplex, in area Dallas high schools, apathy left it's mark. With apathy, the fall of membership in clubs and athletics were easily explained.

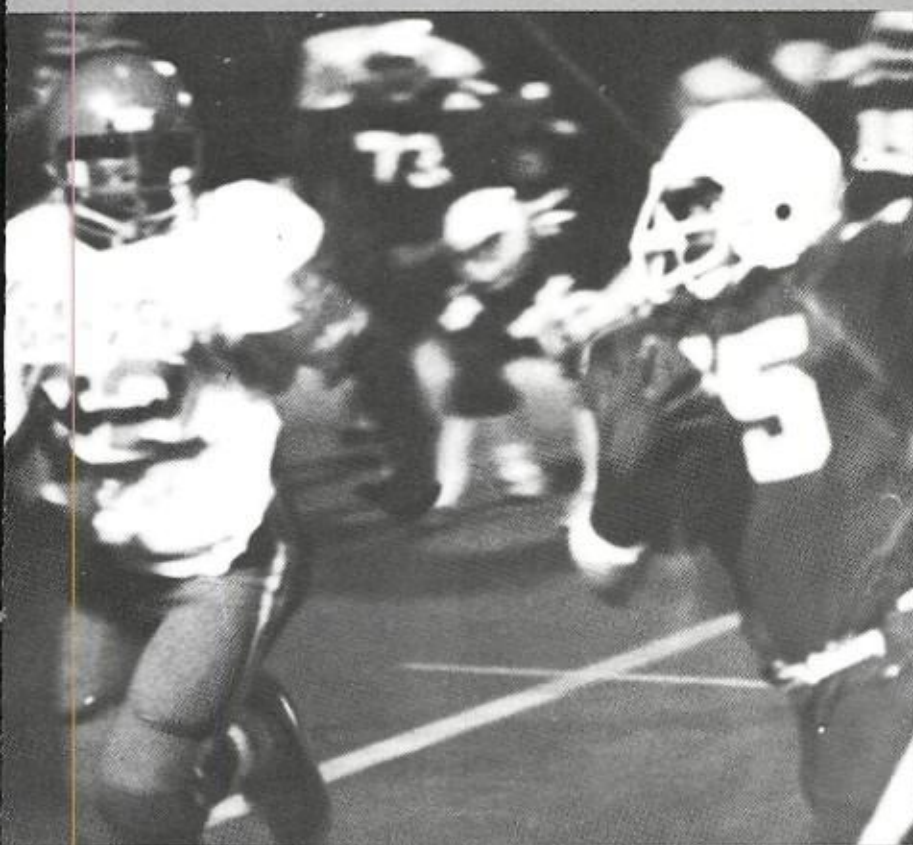

Apathy became the blame for everything. Not enough members? Strike one up for apathy. Small athletic teams? Another one for apathy. Lack of enthusiastic members? Apathy's fault.

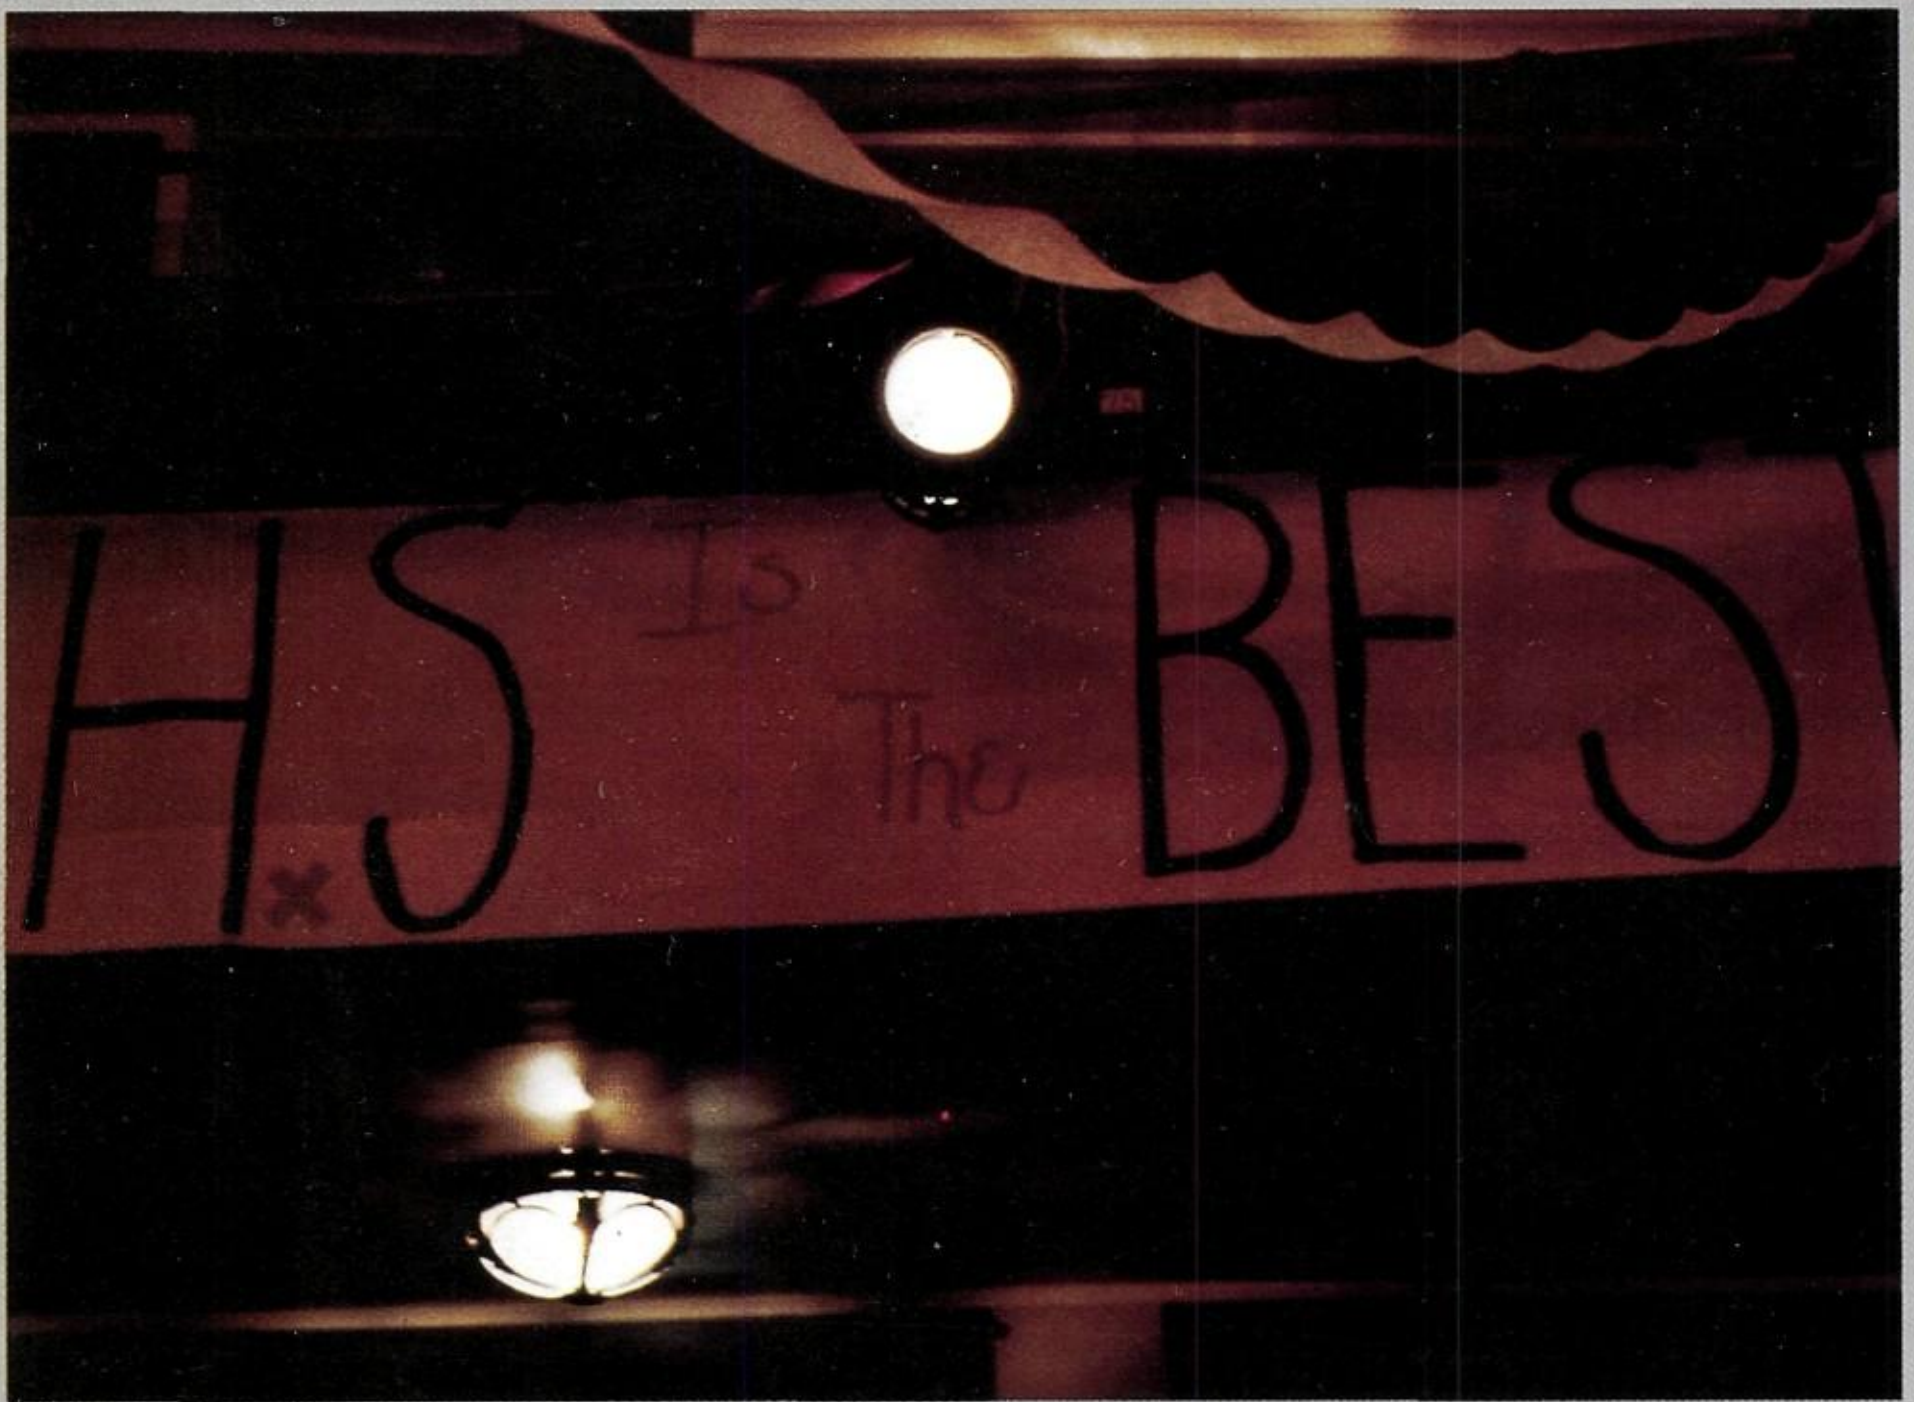

Apathy did destructive things to a normal, well-adjusted

thriving high school. It turned Sunset into a barely surviving establishment in one short year. That one year caused many future years to be set aside in planning for the revival of Sunset's extracurricular activities. Sunset wasn't the only high school that was struck, though; Kimball, Carter, and Hillcrest each had its own burden to carry. The will to make a good school excellent was obviously not present.

Due to the few hundred dedicated students, Sunset did not entirely die out. But how long was a school able to keep up the front? After a year or two, all of the students who knew what spirit was like would be gone. What would happen after that?

Apathy could not be blamed for everything and then set aside. It had to be taken hold of and stamped out. Only this way was a school able to survive.

KNOWLEDGE

Perot Opens Eyes

At the beginning of the school year, one lone man caused the whole of Texas to open their eyes and take notice. That one lone person was Ross Perot.

The main argument that he brought up was whether or not athletics should be allowed after school hours, rather than the already allotted time during the last period classes.

As in any controversial affair, the difference in opinions were many. Ranging from adamant

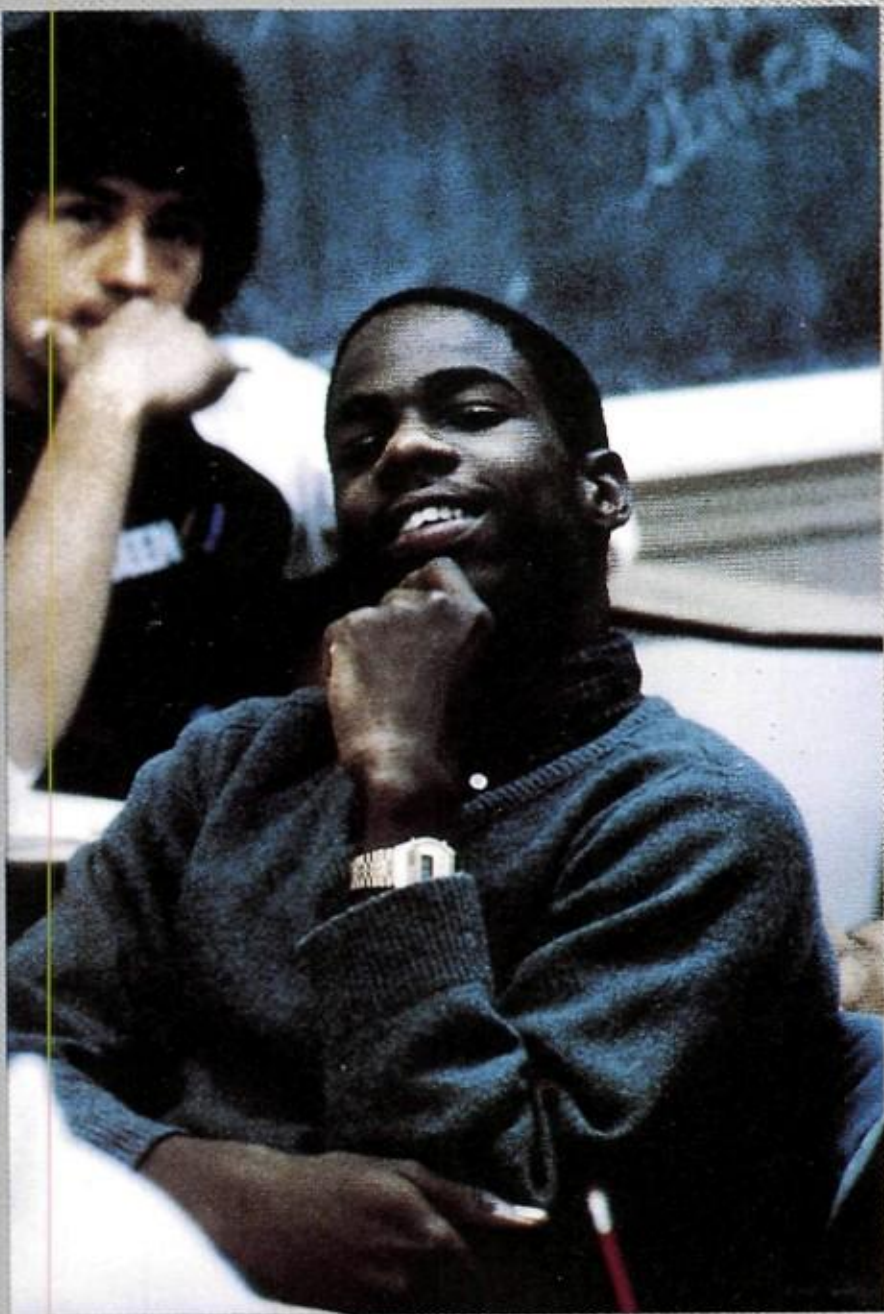

approval with Perot to harsh disagreement of his views.

Many of the enraged athletes agreed that if athletics were held after 4:00 then there would be even less time for studying than there had been in the first place. Perot's idea was if the students were given a choice of extra-curricular activities, then more studying would get done, test scores would raise and the schools would produce a larger group of leaders each year.

Well, the students did not readily agree with his philosophy.

What about the students who had acceptable grades? Were they meant to be punished, too? Many felt that this was a new form of punishment. A new way of getting the students where they wanted them.

It could be safely said that not many students were in favor of Perot this past year.

Football!!!
Football!!!
S.B.

FRIENDSHIP

You Gotta Have Friends

Everything in a person's life rides on their friends. Without friends a person would not have anybody to confide in, to pal around with, or to lean on. Without friends a person is lost, literally.

Friends are an asset to a person's life. They materialize when there is trouble, they lend a shoulder when it is needed, they laugh with you and they express their feelings in an open manner.

If it weren't for friends there would be no entertainment. No football games since nobody wants to go alone. No movies since paying for yourself is not always fun. No amusement parks since all of the seats are built for two people. And definitely no parties. How could somebody throw a party if it weren't for friends?

In order to have friends, you must set aside your selfish ways and put the other person first.

Do not lie, for your friends will soon learn to distrust you. Do not demand too much for your friends are only human.

In return for their friendship, treat them with respect, for you would demand just as much from them.

Friends are meant to last a lifetime. If you cherish your friends and treat them well, they will be indispensable. And with today's world you never can have too many friends.

Pulling It Together

During the summer, they all did it. The football team did, the volleyball and cross country teams did, even the Bisonettes and the Band did it.

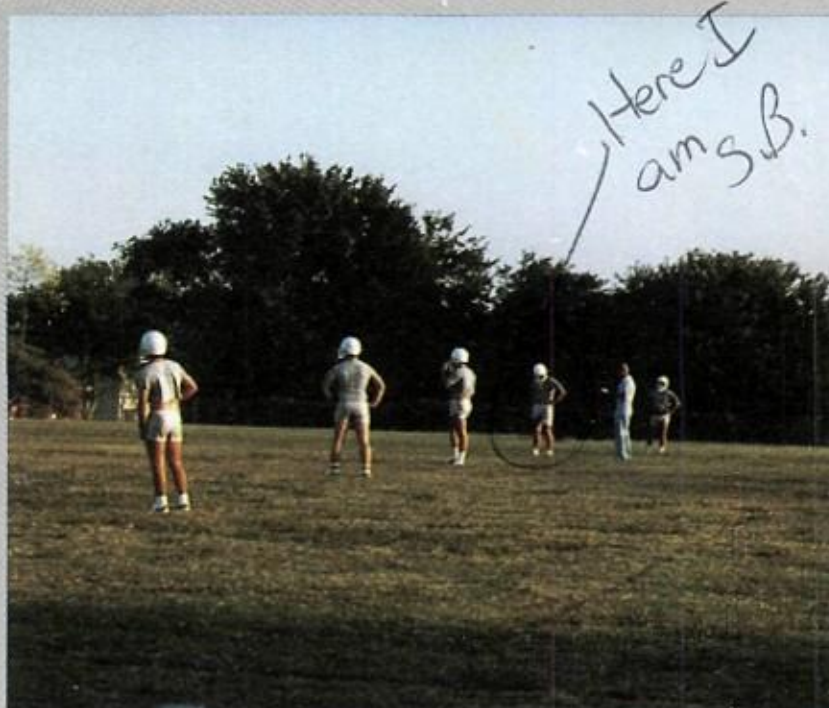

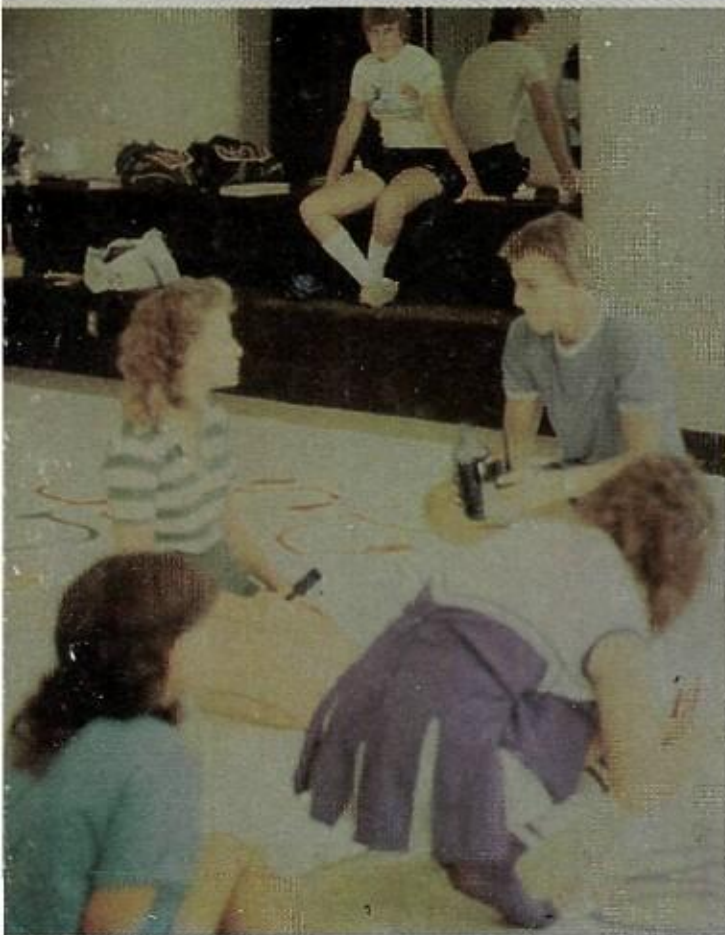

They all pulled it together.

They all came together and accomplished plays, routines, and even work-outs as a large group. Nobody was on their own; they were one as a whole. And because they all worked together, they finished with a feeling of superiority, a feeling of being able to organize a large

group and act as one.

Throughout the rest of our lives, we'll be required to pull together; either with another person or another group. Sometimes by force and sometimes by a need to work along side a friend or co-worker. Whatever the occasion, it, being able to pull together and finish it off, is a valuable experience.

An experience that is self-rewarding and gratifying; pulling it off.

RESERVED

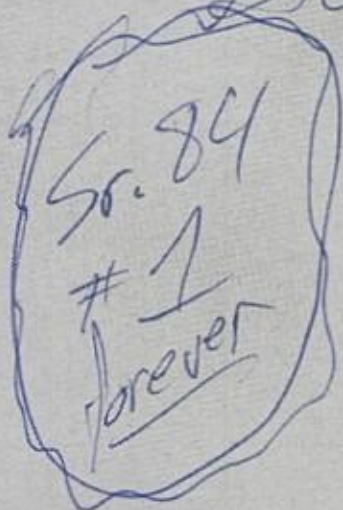

Conroe, You were a very good student, I've enjoyed knowing & teaching you. Don't Stop now, you've got a lot going for you. I wish you the best. L. Cohen Drafting 84

To Conroe -

The One-Act was so much fun this year! Even if we did have to cancel parent's night and the pay assembly, I wouldn't have traded the last 3 months of fun and hard work for anything! I am glad I met you through the play. By the way, you are really good as an actor! You did wonders with your part. I hope the prom will be as fun as the play was! Good Luck in the Future,

God Bless You,

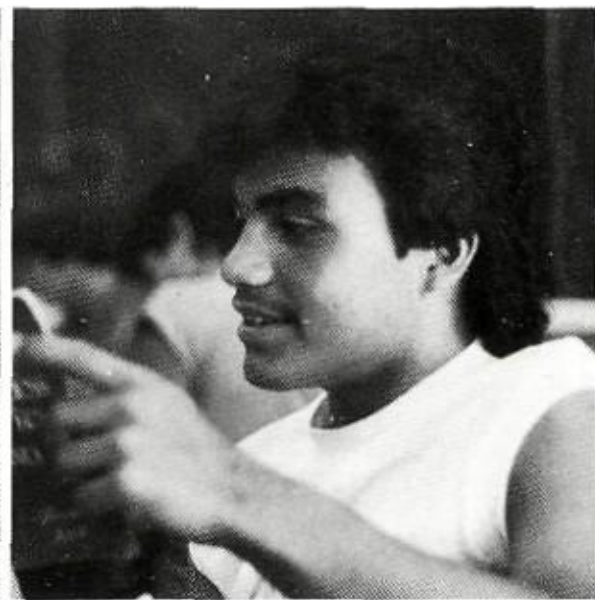

Florida Jean
Jones

STUDENT

LIFE

Of course it is impossible to reflect the entire life of a student, but the highlights can still reflect the true quality of that student's life.

HIGHLIGHTS WITH SOME NEW TWISTS.

Elections, productions, and the homecoming were an important part of our students' lives. They were important because they represented the student body's spirit, talents, and pride.

This year the events that made up the Student Life were unique in that something new was added to each. The Homecoming boasted a few new traditions. The All-School Play was sponsored by the Senior Class. The Favorites are now more defined and characteristic in their pictorial coverage than in previous years.

The events in the life of any student are special. It is hoped that everyone will find some of the specialness in the following pages. However, a person must always remember that events do not make people, it is the *people* who make the *events*.

▲ *Most Likely to Succeed Girl*, RHONDA ROBINSON.

Photos by
Whitter

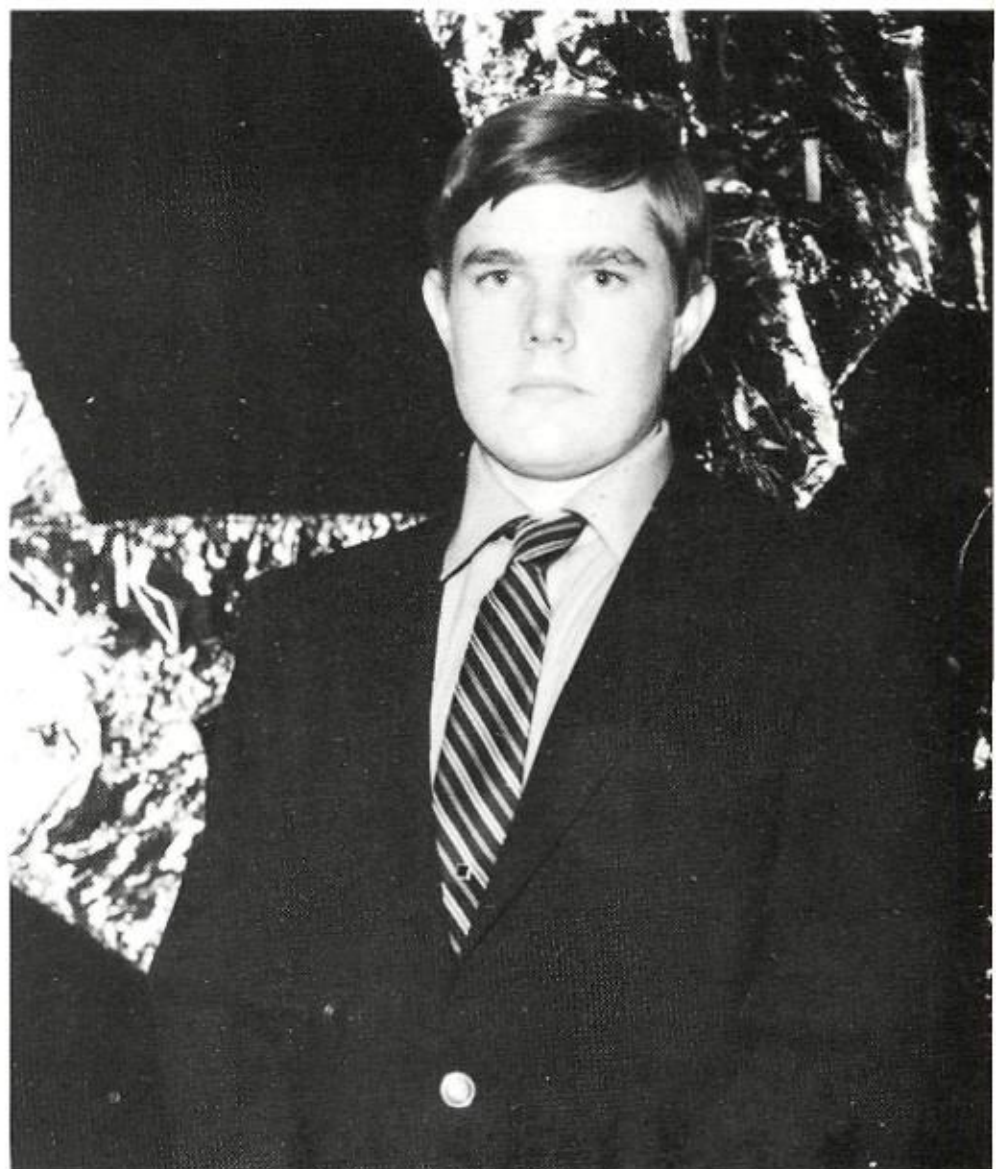

The largest stars of Sunset came out in all their glitter and glory, and what a wonderful sight it was!

The stage was spangled with all sizes and shapes of "twinkling" stars. One by one, nominees for each category were introduced.

Each one was a superstar in their own right; each one hoped that his or her lucky star would shine that day. However, only a few could win, and those fortunate few were soon announced.

The theme of the assembly was "A Walk Through the Stars."

Though the whole *Sundial* staff participated in the assembly, the main moderators of the program were "The Starlets," namely, Donita Robinson and Tammy Burgess. Despite occasional audience rowdiness, the entire program went smoothly and quickly.

▲ *Most Likely to Succeed Boy*, GREG WOODRUFF.

The *Sundial* sponsored the annual Favorite's Assembly in honor of the outstanding individuals at Sunset. We were very proud of both nominees and winners alike.

Of course, the main "supernovas" were the seniors. The winning seniors and a few of their activities are as follows:

"Most Talented Senior Girl:" *Karen Roberts*, active in Camarata, Varsity cheerleading, and drama.

"Most Talented Senior Boy:" *Doug Monge*, active in band, choir, and photography for *Stampede*.

"Most Beautiful Senior Girl:" *Marty Hernandez*, active in Folklorico, varsity cheerleading.

▼ *Most Athletic Boy*, ALVIN SKRABANEK.

► *Wittiest Girl*, TERESA PEREZ.

▲ *Wittiest Boy*, GENARO CARDOZA.

▲ *Most Athletic Girl, IRMA ALANIS.*

▲ *Friendliest Girl, TRINA DRAKE.*

"Most Handsome Senior Boy:" *Kyle Jetsel*, active in Varsity Soccer, and Key Club.

"Most Likely to Succeed Senior Girl:" *Rhonda Robinson*, active in N.H.S., *Sundial*, Student Council.

"Most Likely to Succeed Senior Boy:" *Greg Woodruff*, active in Woods and Waters, Varsity Baseball, and Honors.

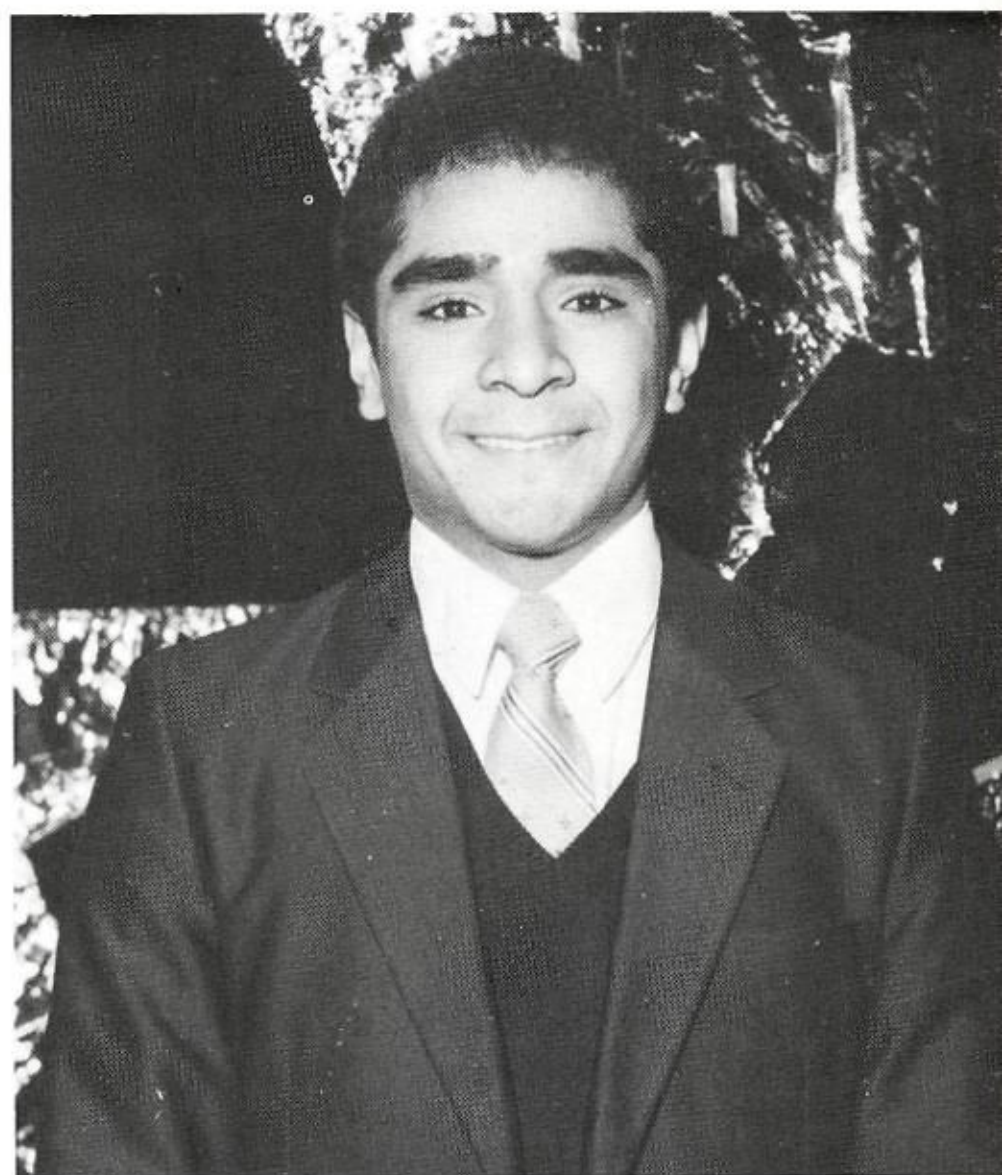

"Most Athletic Senior Boy:" *Alvin Skrabanek*, active in varsity football, track, and *Stampede*.

"Most Athletic Senior Girl:" *Irma Alanis*, active in varsity volleyball, track, soccer, and *Sundial*.

"Wittiest Senior Girl:" *Teresa Perez*, active in Bo's Best and choir.

"Wittiest Senior Boy:" *Genaro Cardoza*, active in Folklorico, and Bo's Best.

"Friendliest Senior Girl:" *Trina Drake*, active in Bisonettes, Student Council, Outfitters.

▲ *Friendliest Boy, REUBEN GARCIA.*

"Friendliest Senior Boy:"
Reuben Garcia, active in
Stampede, varsity football.

"Best All-Around Senior
Boy:" *Charlie Howard*, active in
varsity soccer, Student Council,
Spanish N.H.S., N.H.S.

"Best All-Around Senior
Girl:" *Gracie Rodriguez*, active
in Student Council, varsity
cheerleading, N.H.S., Bo's Best.

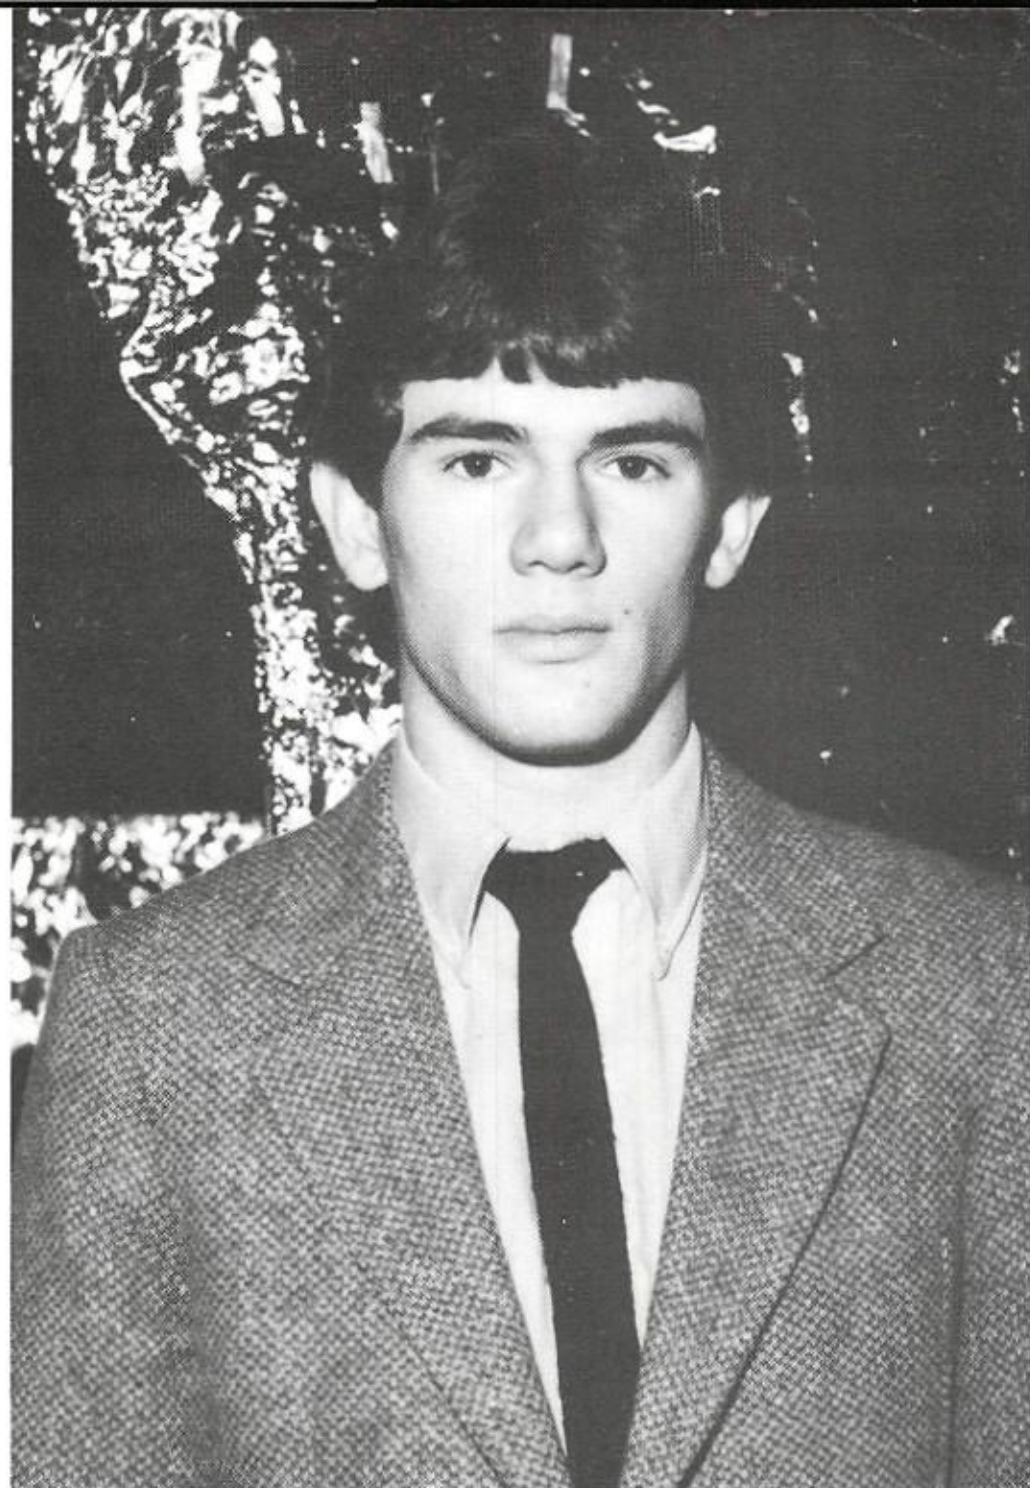

Also important were the
"elite" of the underclassmen:

"Best All-Around Junior Boy
and Girl:" *Bennett Phelps* and
Andrea Downey.

"Best All-Around Sophomore
Boy and Girl:" *John Villarreal*
and *Louisa Rivera*.

"Best All-Around Freshman
Boy and Girl:" *Eddie Sanchez*
and *Lisa Savala*.

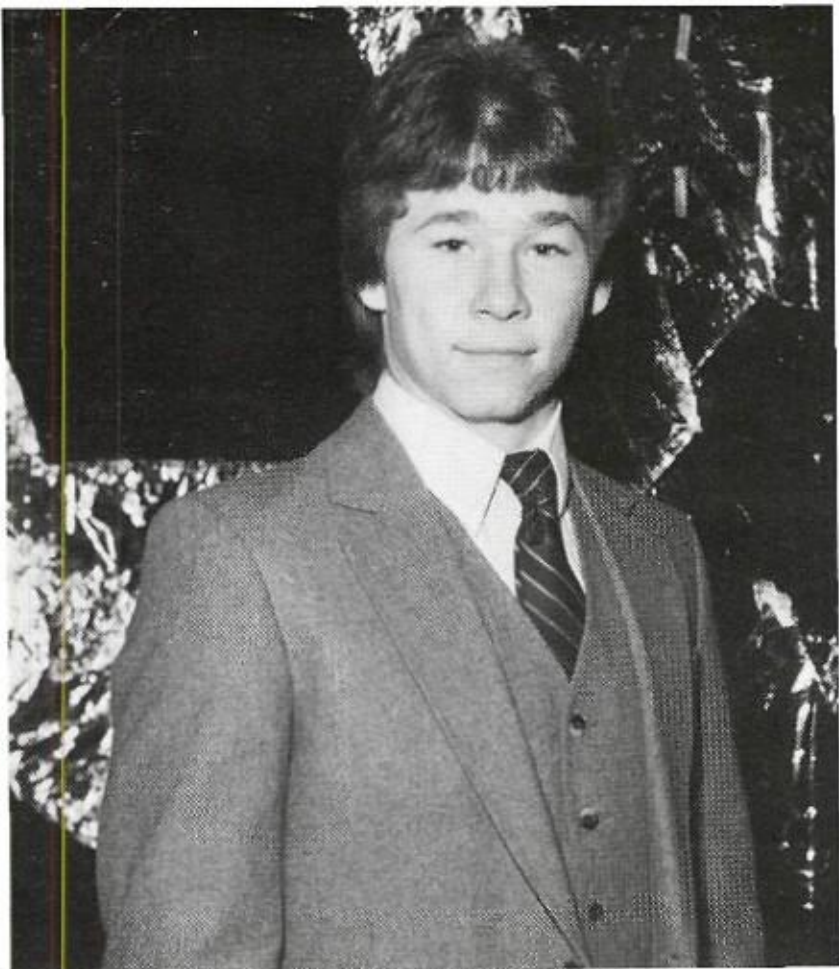

*Best All-Around Boy, CHARLIE
HOWARD.*

▲ "The Starlets" moderated the assembly,
Tammy Burgess, Donita Robinson.

► *Best All-Around Girl, GRACIE
RODRIGUEZ.*

◀ *Best All-Around Junior Boy*, BENNET PHELPS.

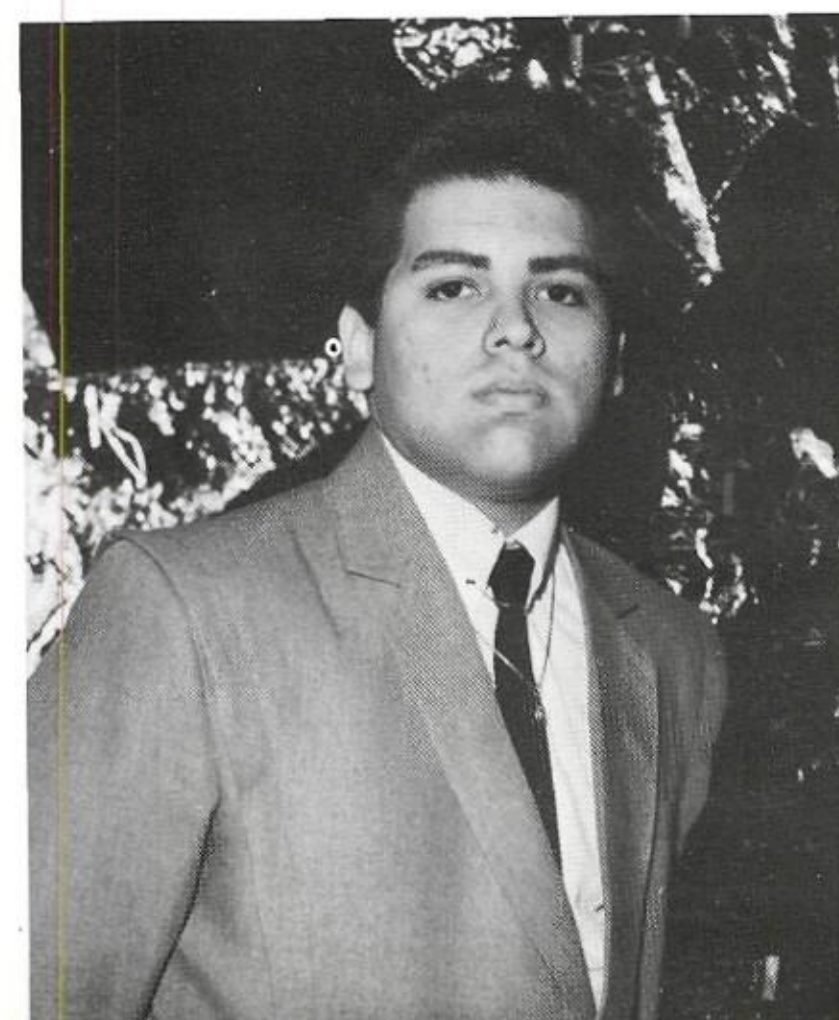

Best All-Around Junior Girl, ANDREA DOWNEY.

◀ *Best All-Around Sophomore Girl*, LOUISA RIVERA.

Best All-Around Sophomore Boy, JOHN VILLAREAL.

◀ *Best All-Around Freshman Boy*, ED-DIE SANCHEZ.

Best All-Around Freshman Girl, LISA SAVALA.

GREATEST TRADITIONS: HOMECOMING QUEEN, NOMINEES, AND DANCE

The Homecoming Dance, held at the Oak Cliff Country Club on the Saturday after the game, was a huge success!

Not only were more in attendance than last year, but also many who did attend claimed that this had been the best in years.

The dance lasted from 8 p.m. to midnight, with only one short intermission for the presentation of the Queen and her Court.

The dance was planned by the Student Council Homecoming Committee, headed by April Campbell.

The two biggest traditions surrounding the celebration of Homecoming are the election of the Homecoming Queen and the Homecoming Dance.

Sunset was very proud of this year's lovely Homecoming Nominees! Elected Queen was Elvie Rivera, and her court was Trina Drake, Mary Rivera, Gracie Rodriguez, and Marty Hernandez.

They were nominated by the Senior Class, then voted on by the whole Student Body. At last, the results were announced during the special Homecoming Assembly. It was a well deserved honor to be elected!

▲ Elvie Rivera, the 1983-84 Homecoming Queen.

▲ Mary Rivera, Member of the Court.

▼ Trina Drake, Member of the Court.

▼ Marty Hernandez, Member of the Court.

▲ Gracie Rodriguez, Member of the Court.

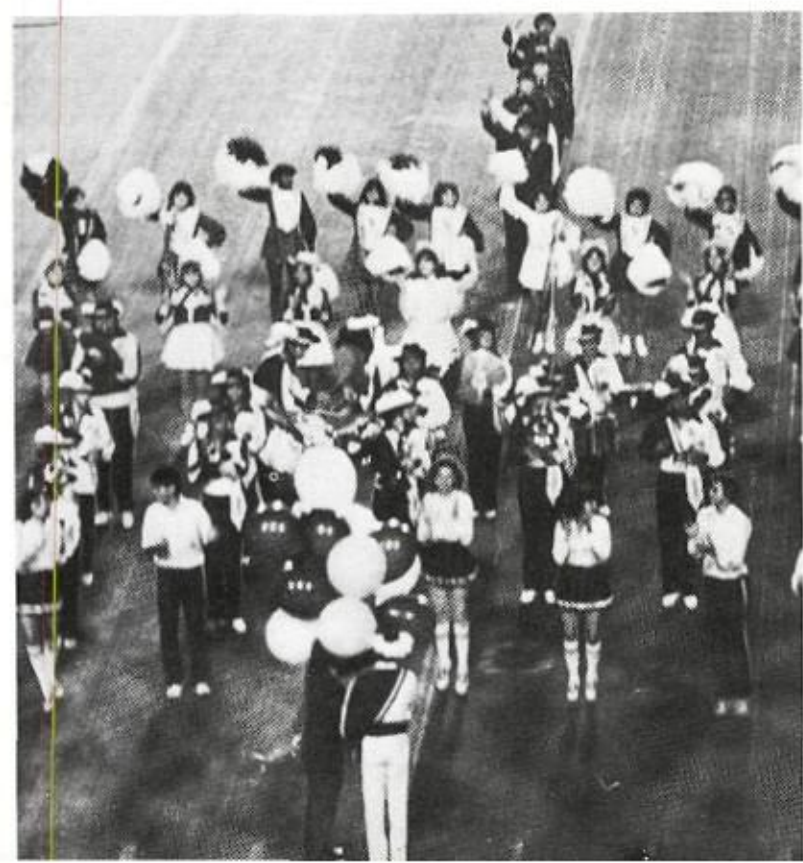

▲ Kyle Jetsel, Greg Gorman and Staci Levine talk on dance floor.

▲ Robbie Kinzer teaches Lauri Boyet some wild "bee-bop" steps.

▲ The Homecoming Queen and Court with Escorts: (left to right) Gracie Rodriguez, Miguel Salazar, Marty Hernandez, Genaro Cardoza, Mary Rivera, Daniel Luvanos, Trina Drake, Micheal Williams, Jesse Martinez, and Elvie Rivera. In the background, April Campbell, coordinator, and the disc jockeys.

◀ Immediately after the formation of "The Sunset" during the Homecoming Half-Time Show, Drum Major Rad Allen receives a balloon-a-gram.

▲ Jackie Almond "parties hardy" at the Sunset High Homecoming Dance. In the foreground, Angie Norman follows suit.

You've heard the saying, "There's nothing like the Christmas spirit," haven't you? At Sunset, it goes more like, "There's nothing like the Homecoming spirit!"

This year homecoming was wild with traditions, old and new. Purple and white move along the hall as far as the eye could

see. The air was estatic with spirit and pride!

TRADITIONS MAKE A HOMECOMING

Throughout the week, plans were building toward the climax of the last and most important day of the football season. Expectations, however

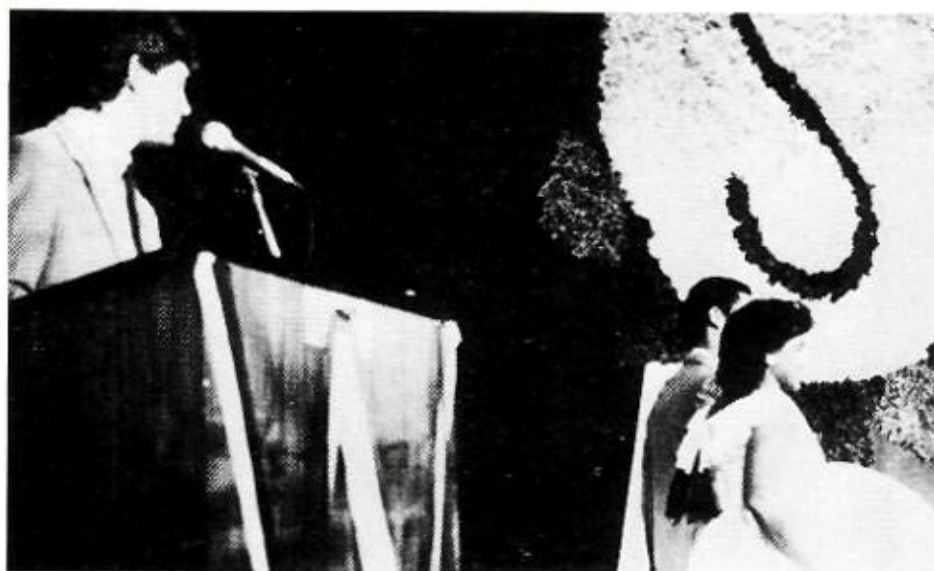

were not all aimed toward the game. It was the traditions that made the homecoming.

Age old traditions, such as Bo speaking and mum giving were focused on and given just attention. These have helped make every homecoming meaningful. However, the 1983-84 Homecoming was made unique by the introductions of a few new traditions, such as the car smash.

▲"Bo Speaks" is a very old and respected Homecoming tradition.

▼Homecoming was, as usual, abundant in mums and candy.

▲Charlie Howard announces Trina Drake at the Homecoming Queen Assembly.

Mr. Lopez officially beginning the First Annual Homecoming Car Smash.▼

▲ Elizabeth Ringham proves that "women do it better" at the Homecoming Car Smash.

▲ Members of the Student Council release the traditional purple and white balloons into the air during the Homecoming Half-Time Show.

◀ Room 305, Mr. Fredde Cohen's senior advisory, was the winning room in the Homecoming Door Decoration Contest.

Here's Looking at You Sweetheart

"Here's looking at you sweetheart," has a lot of meaning for this year's sweethearts.

Every year Sunset celebrates Valentines Day, the holiday for sweethearts and great romantics, by selecting a girl from each class as Sweetheart.

These girls are selected for not only their beauty but they must also meet certain requirements. A sweetheart

nominee must have a 2.0 grade point average, no more than two referrals, and 60 percent good comments from teachers.

Senior nominees were Lauri Boyet, Mary Rivera, Esmeralda Lopez, Kim Brown, and Carol Jackson.

Junior nominees included Suzanne Burkhart, Celina Meza, Tonya Page, and Nancy

Moreland.

The sophomore nominees were Sonia Cardoza, Mohanna Young, Angelica Ibarra, Jodie Ogle, Gina Gomez, and Claudia Madrid.

Freshman nominees were Ashley Vincent, Patty Arrellano, Michelle Crandell, Florence Riojas, Hope Lopez, and Margaret Medina.

'Fiddler on the Roof' Debuted April 1

"Fiddler on the Roof," the annual spring musical presented April 13-14 was more than just entertaining this year.

"Fiddler on the Roof" proved to be very educational also. Steeped in Jewish traditions, the play required much research.

Mr. Gary Petty had a variety of talent to choose from but unfortunately not all could be selected. Of 78 auditioned only 52 were cast.

"Fiddler on the Roof" also

contained very authentic indoor and outdoor scenes which Charles Crawford, a Sunset graduate, designed with the help of stagecraft and other cast members. With the authentic scenes and backgrounds came the traditional Jewish and Russian dances and old English peasant wardrobe.

To ensure authenticity, Sunset hired Mr. Jay Hall, a professional from Mountain View College who did all the choreographing of the musical.

As in past musicals, Mrs. Jane Silven added her aid with the wardrobe.

"Fiddler on the Roof" was adapted from Sholem Aleichem's stories of a Jewish community in pre-revolution Russia and was first released in the early seventies and became the longest running show in the history of theatre. "This was more than a musical experience, but also a historical education for all," said Gary Petty, director.

Drama's Back in Style

The U.I.L. competition One-Act play this year was "Roscencrantz and Guildenstern Are Dead," by Tom Stoppard. The play was a comedy about dying and death. The production included 15 cast members, with Rhonda Robinson and Teresa Stephens carrying the leads.

Running from glaciers, being drenched by the Great Flood,

and facing near-total destruction due to World War III were the subjects of this year's All-School Play, "The Skin of Our Teeth."

The main characters were George Antrobus (Daniel Vera), Mrs. Maggie Antrobus (Karen Roberts), their children Gladys (Linda Renteria) and Henry (David Patlan), and their maid Sabina (Rhonda Robinson).

All of the hard work and effort paid off with two successful performances given on December 8 and 9.

The All-School play was directed by Ms. Lucy Holsenbake, who was assisted by the student directors Jennifer Ullrich, Karen Vaughn, and Linda Salter.

The other members of the cast were: Kelly Ennis, Jesse Contreras, Jesse Garcia, Norma Enriquez, Kevin Capehart, Carla Ennis, Amy Hamlin, Staci Levine, Sydney Whitlock, Kelly Olivarez, Charles Naile, Robert Kinzer, Anita Vaughn, Jane Walker, John Tygart, Jennifer Mayo, Elsa Aguirre, Billy Thomas, James Staton, and Greg Gorman.

Rhonda Robinson, Daniel Vera, and Jenny Ullrich having light rehearsal in library.

Olga Ponce discusses performance with the cast.

Alive at Christmas

The last two weeks before Christmas break, Sunset students found themselves caught up in numerous Christmas events and activities.

During lunch, students bought candy canes for 25¢. The quarters we donated to buying gifts and food for two needy families and an elderly couple who were unable to have Christmas.

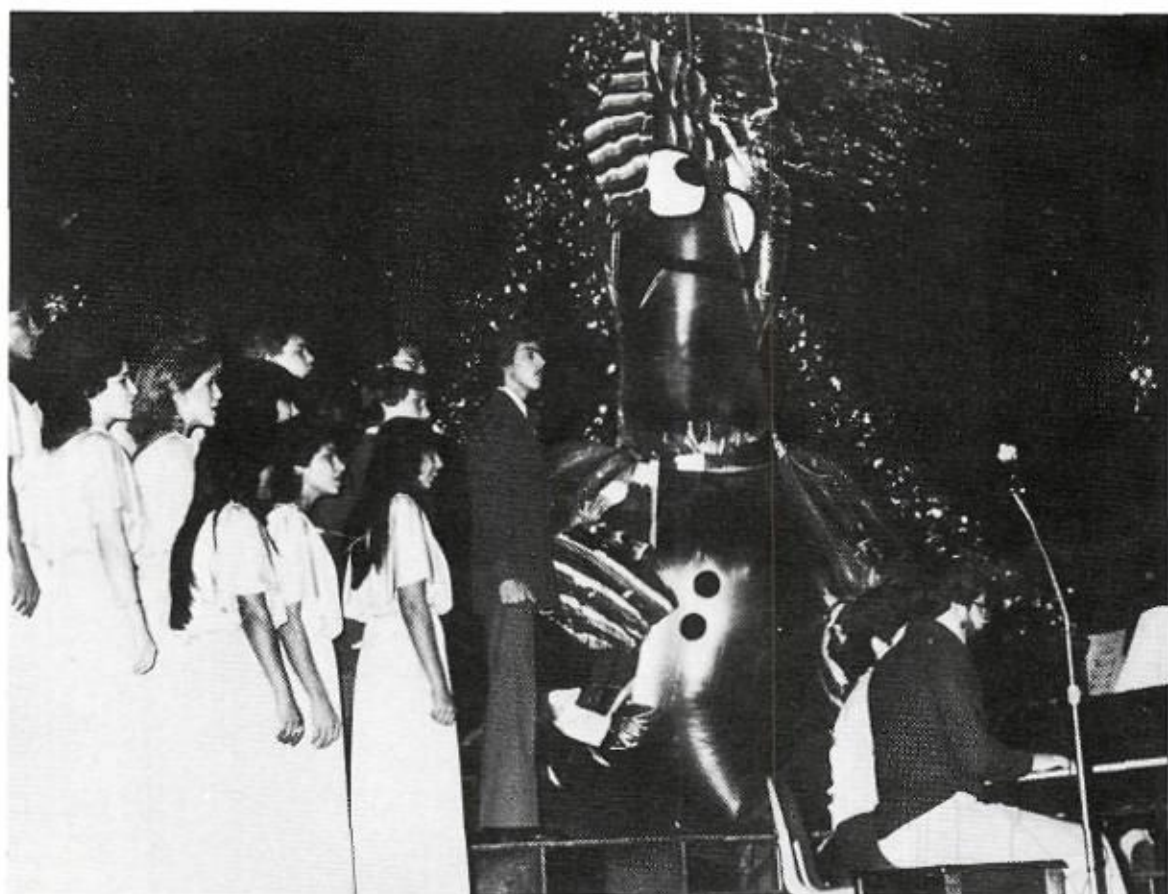

Students also had their pictures taken with "Santa" in the lunchroom, courtesy of the Student Council. Christmas cards for that special someone were sold by Pan Am and Student Council and delivered in sixth period the last week before vacation. Mistletoe notes were sold in the Dec. Stampede.

Every morning, the announcements gave daily reports about Santa being tracked by Soviet radar and being attacked by ICBM's over Moscow.

Pan Am presented the Spanish Christmas Assembly which featured Folklorico and Mariachi. The Band and Choir performed at their annual concerts.

We awoke the last day to face the day, and discovered SNOW!! For the first time in three years, we had snow. Of course there were the inevitable snowball fights.

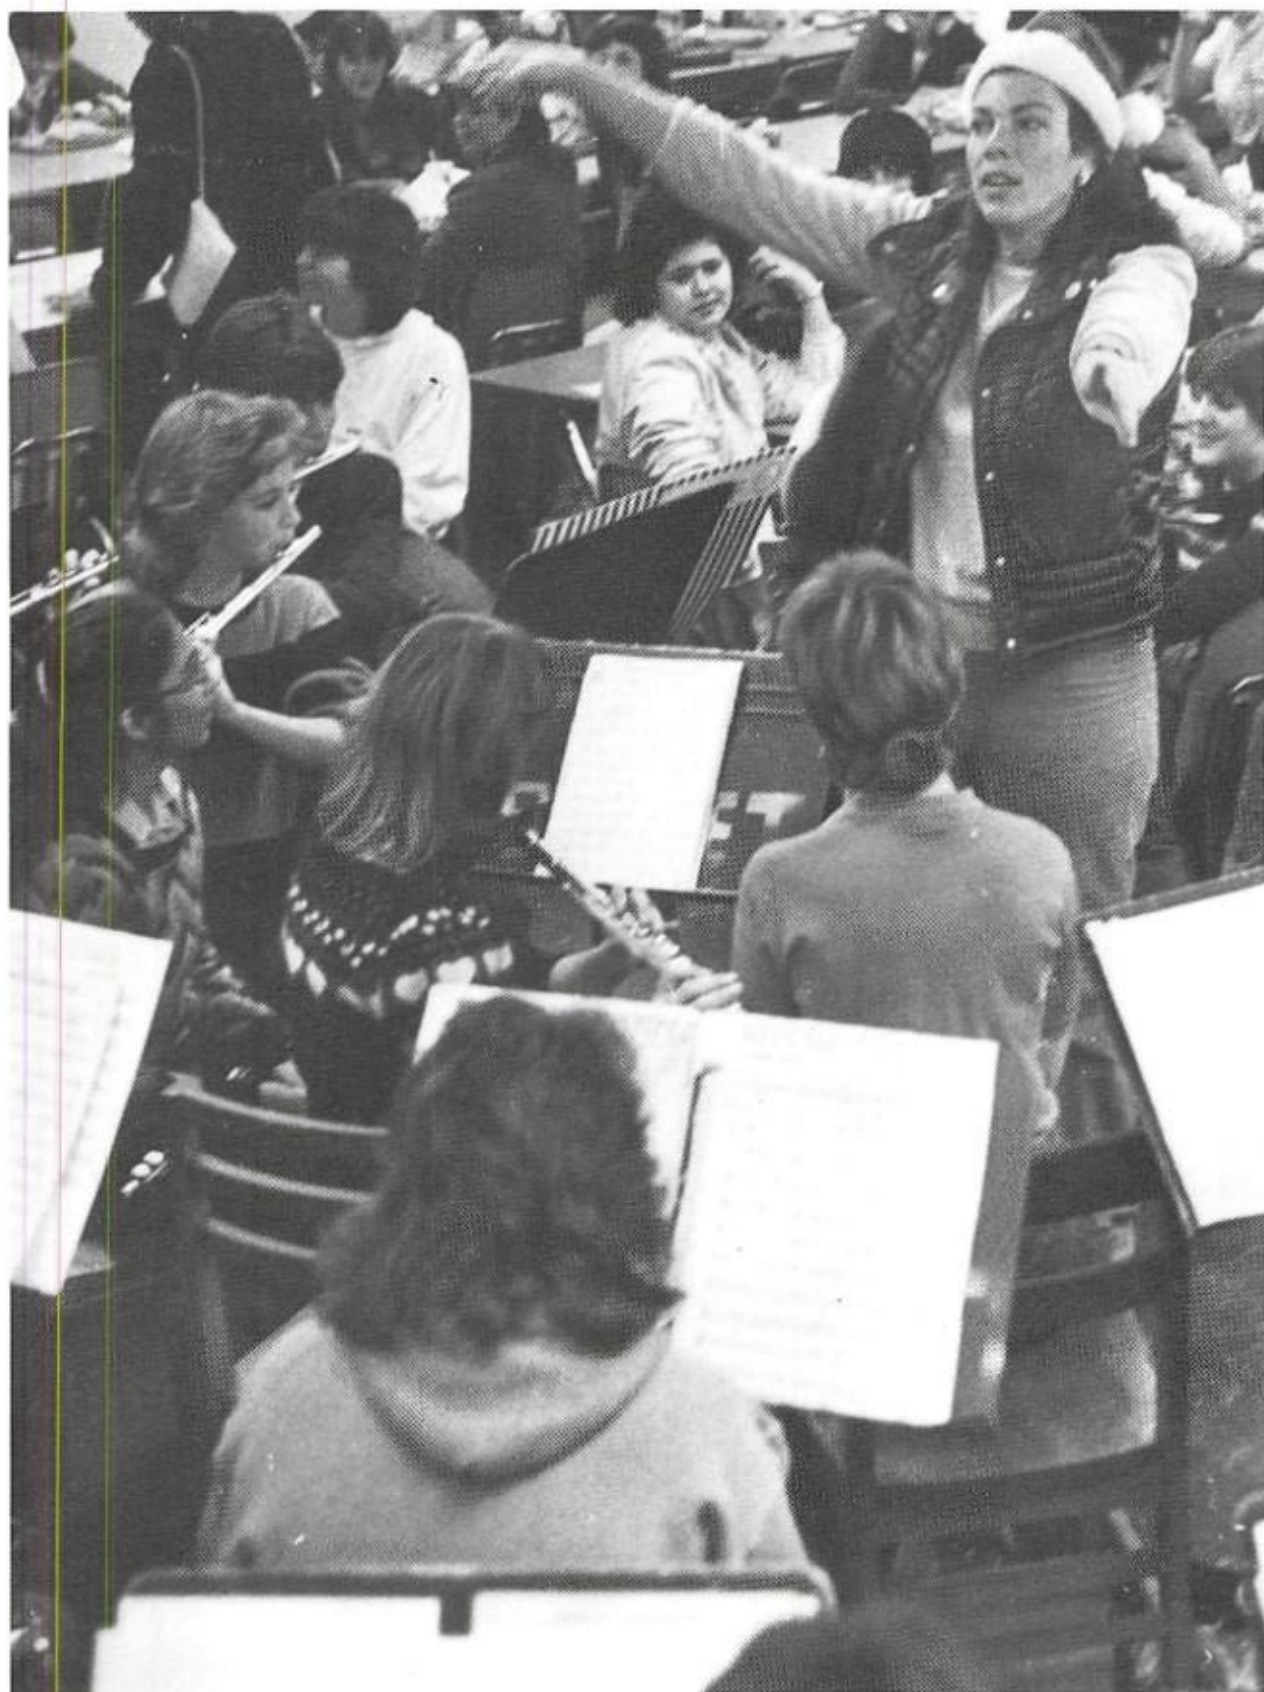

Bessie Gaut got carried away at Christmas too. ▶

Bisonette captain Staci Levine in her senior year. ►

▲ Staci Levine and friend Amy Hamlin pose at Sunset's Homecoming game.

Staci Levine Chosen "Bison of the Year"

Each year a senior student at Sunset is chosen to receive a very special award, an award that is considered the highest one that can be bestowed.

"Bison of the Year" must excel in many areas of leadership; and involvement alike. This year's "Bison of the Year," Staci Levine, has done just that.

She has been involved in Bisonettes; lieutenant one year, captain one year, Student Council, NHS, Spanish NHS, Key Club, A Cappella Choir, Woods and Waters, Tennis Team, Spanish Traveler's Club, the all-school play, "The Skin of Your Teeth," musicals; "Annie Get Your Gun," "Dames at Sea," and "Fiddler on the Roof," and also Most Talented Girl Nominee.

Staci also maintained a 3.5

grade point average, and at the end of her junior year she was ranked 8th in her class.

Pushing herself to work harder to prepare for college was one of her main goals. She is planning to attend the University of Texas at Austin to major in either Political Science or Education.

Her over-all attitude about Sunset was that of someone who was greatly concerned about her education. She saw Sunset as a school that has come a long way, but still has room for improvement. Involvement, she said, is what is dragging Sunset down. "Only 10 percent of the student body was involved." She also added that there was only a small amount of high academics.

"Staci Levine was outstand-

ing in her services to Sunset High School. Two very time-consuming duties were drill team captain and membership on the "Principal's Advisory Committee."

"She has served Sunset in other capacities and at the same time worked very hard to keep her grades up," said Mrs. Laura Watson, AP English teacher.

Being elected "Bison of the Year," Staci commented, "It was an honor to be selected by my peers and teachers, and gave me a feeling of accomplishment."

ACADEM

ICS

"Trig. is not funny" according to Sidney Gunter.▼

$E = mc^2$

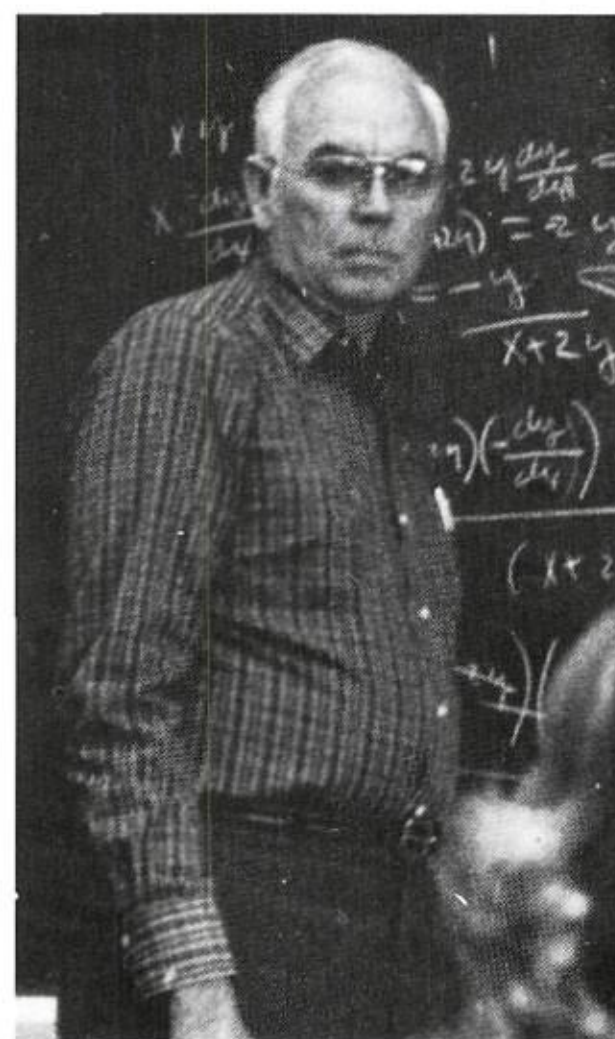

Interested in learning about the cause of infectious mononucleosis or making chemical bombs? Maybe one of the many science classes offered this year was for you.

Although only two years are required for high school graduation, three years are recommended for college bound students. This department was headed by Mrs. Catherine Donaldson.

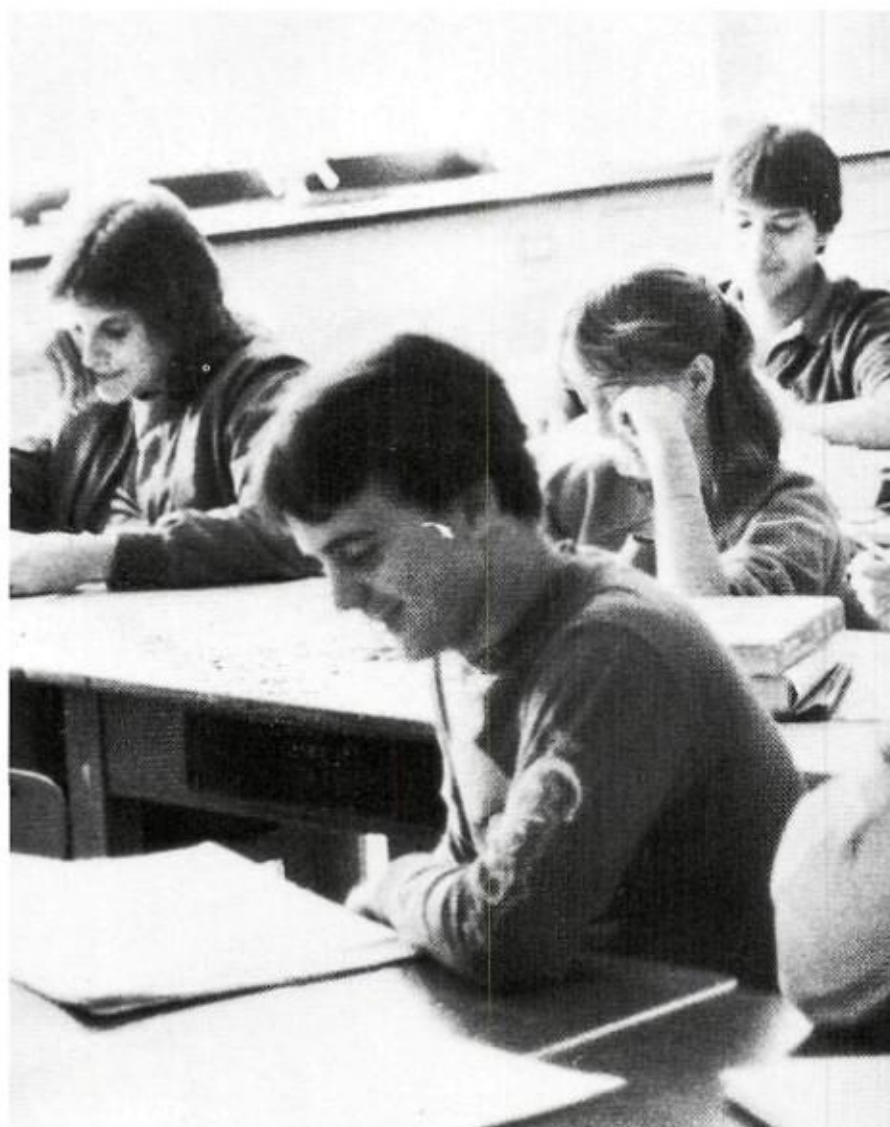

"You will find that a good

mathematical background can cut problem working time in half in most businesses." according to Mr. Gunter, the department chairman.

Though math is not most people's favorite subject, it certainly is important in these days of high technology. Keeping up with the modern day demands, Sunset High School offered three computer math classes and four computer literacy classes.

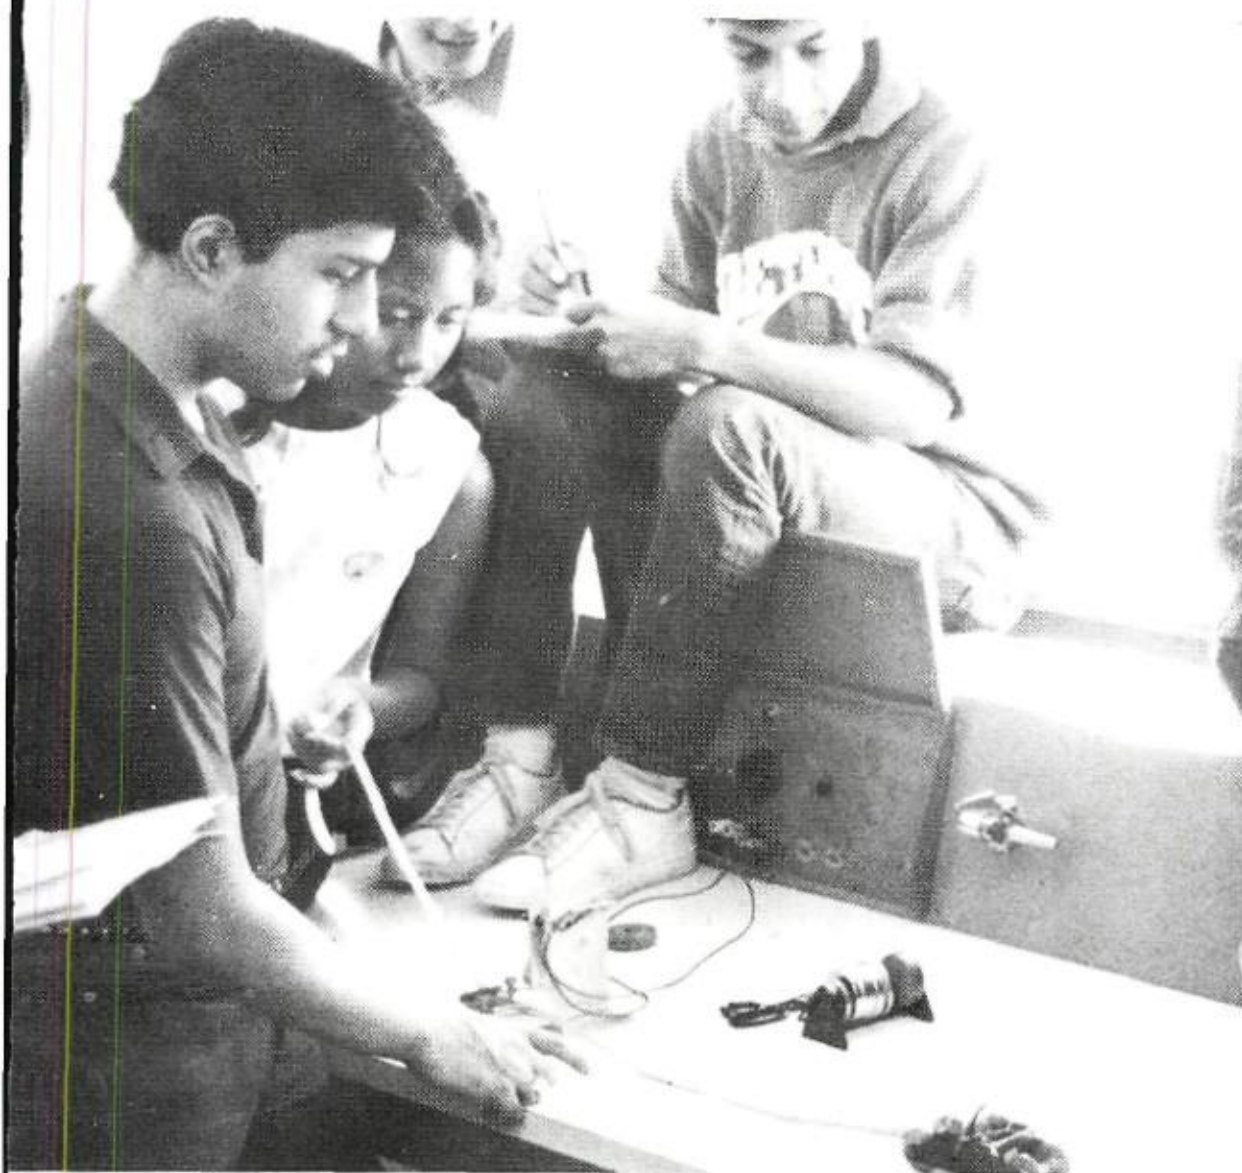

In calculus class, Michele Beaty proves that "if you don't have the marbles you can't play the game" while Charles Howard appears to be the exception.▼

▲The Honors Biology class listens intently to their teacher Mrs. Donaldson.

▲Senior Jimmy Brittian's "computer brain" hard at work on a mathematical concept in trigonometry.

▲Rafael Perez demonstrates a concept to the physics class.

SPEAKING IN TONGUES

Being bilingual these days can be very important and that doesn't just include Spanish. Sunset offers French, Spanish, and Latin.

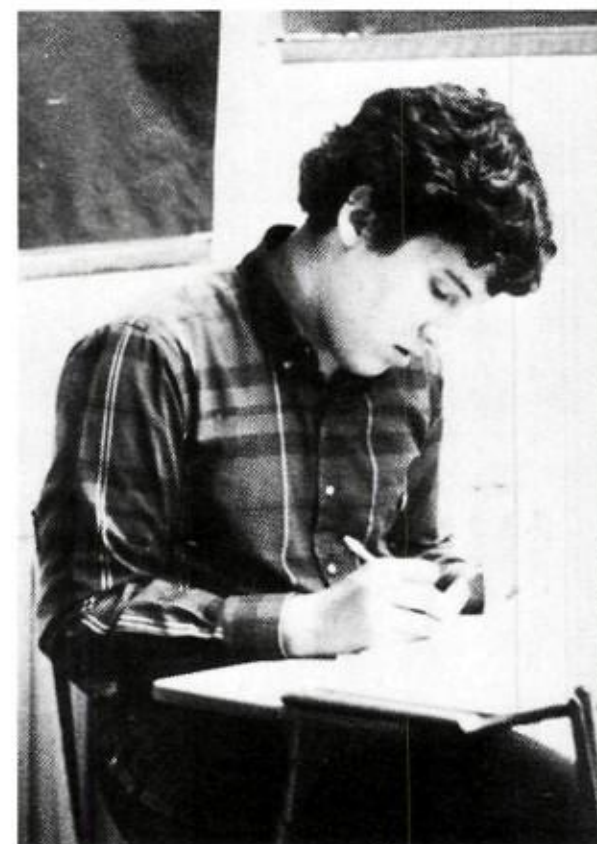

If a person prefers the "language of love," he may enroll in French. The novice begins in French I and then may continue to French II.

If Espanol is more appealing, a student may take Spanish which includes Spanish I through Spanish V. The instructor, Mrs. Helen Schuelter,

starts with the alphabet, numbers, and simple songs in Spanish I. Students progress from then on until they complete the final course, Spanish V.

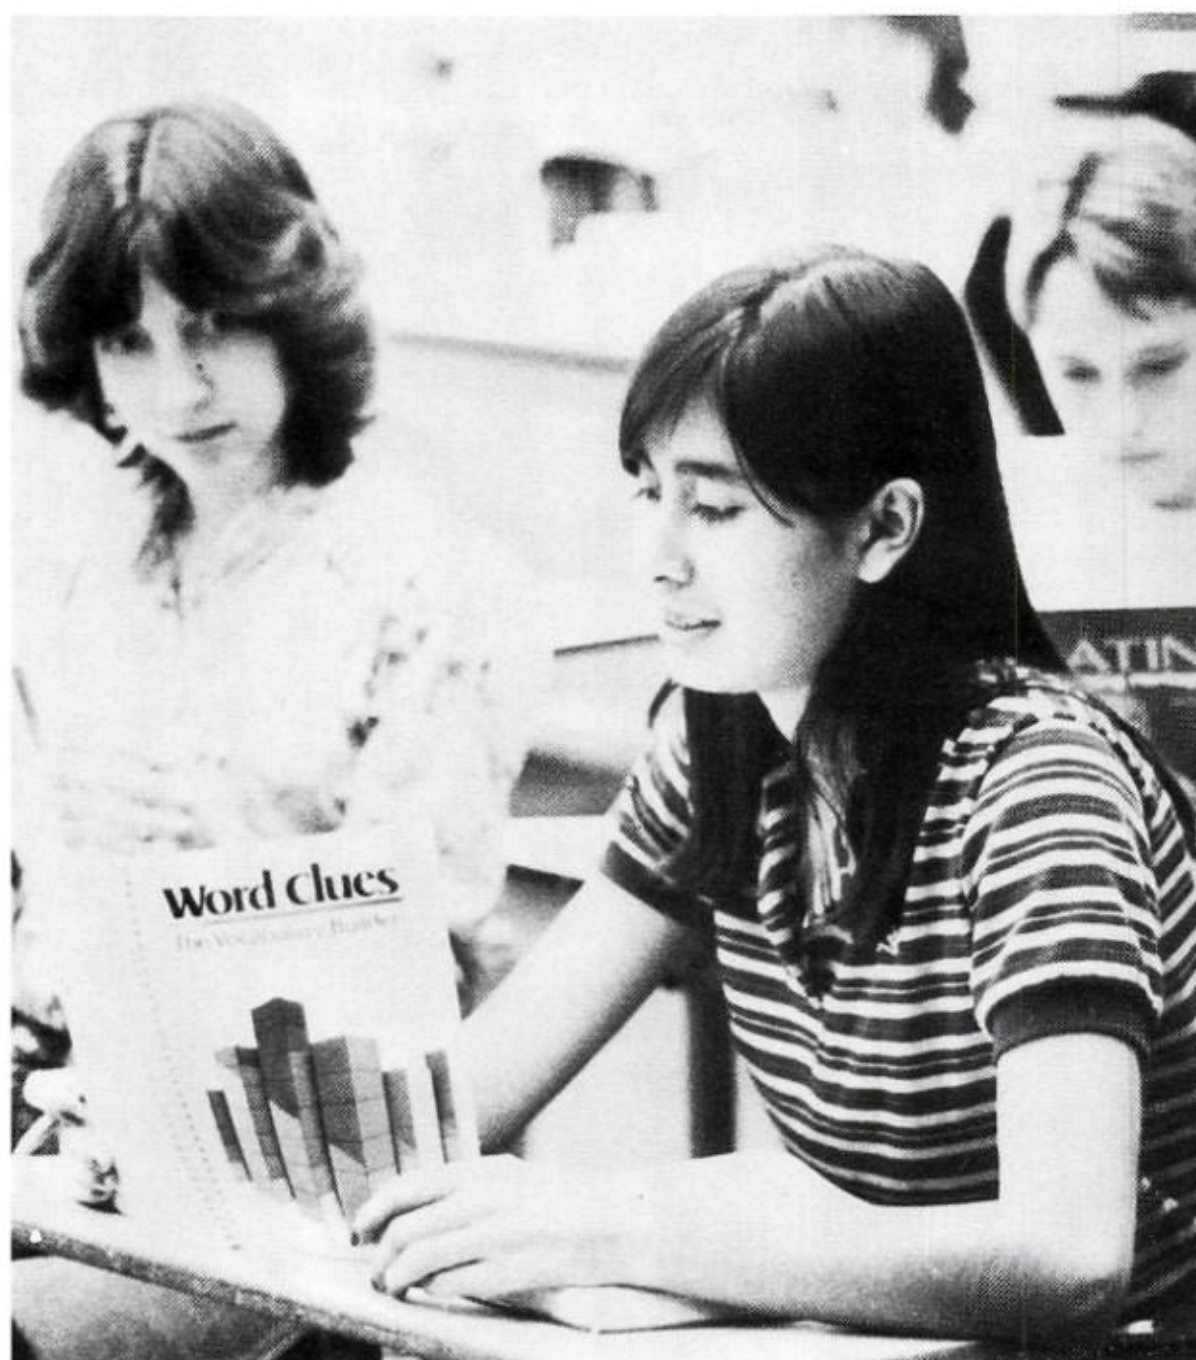

For people whose favorite is Latin, four levels are offered by Mrs. Lucy Holsenbake. The Latin I students are introduced to the Latin alphabet and numbers. If they wish they may continue learning about this language on up through Latin 4.

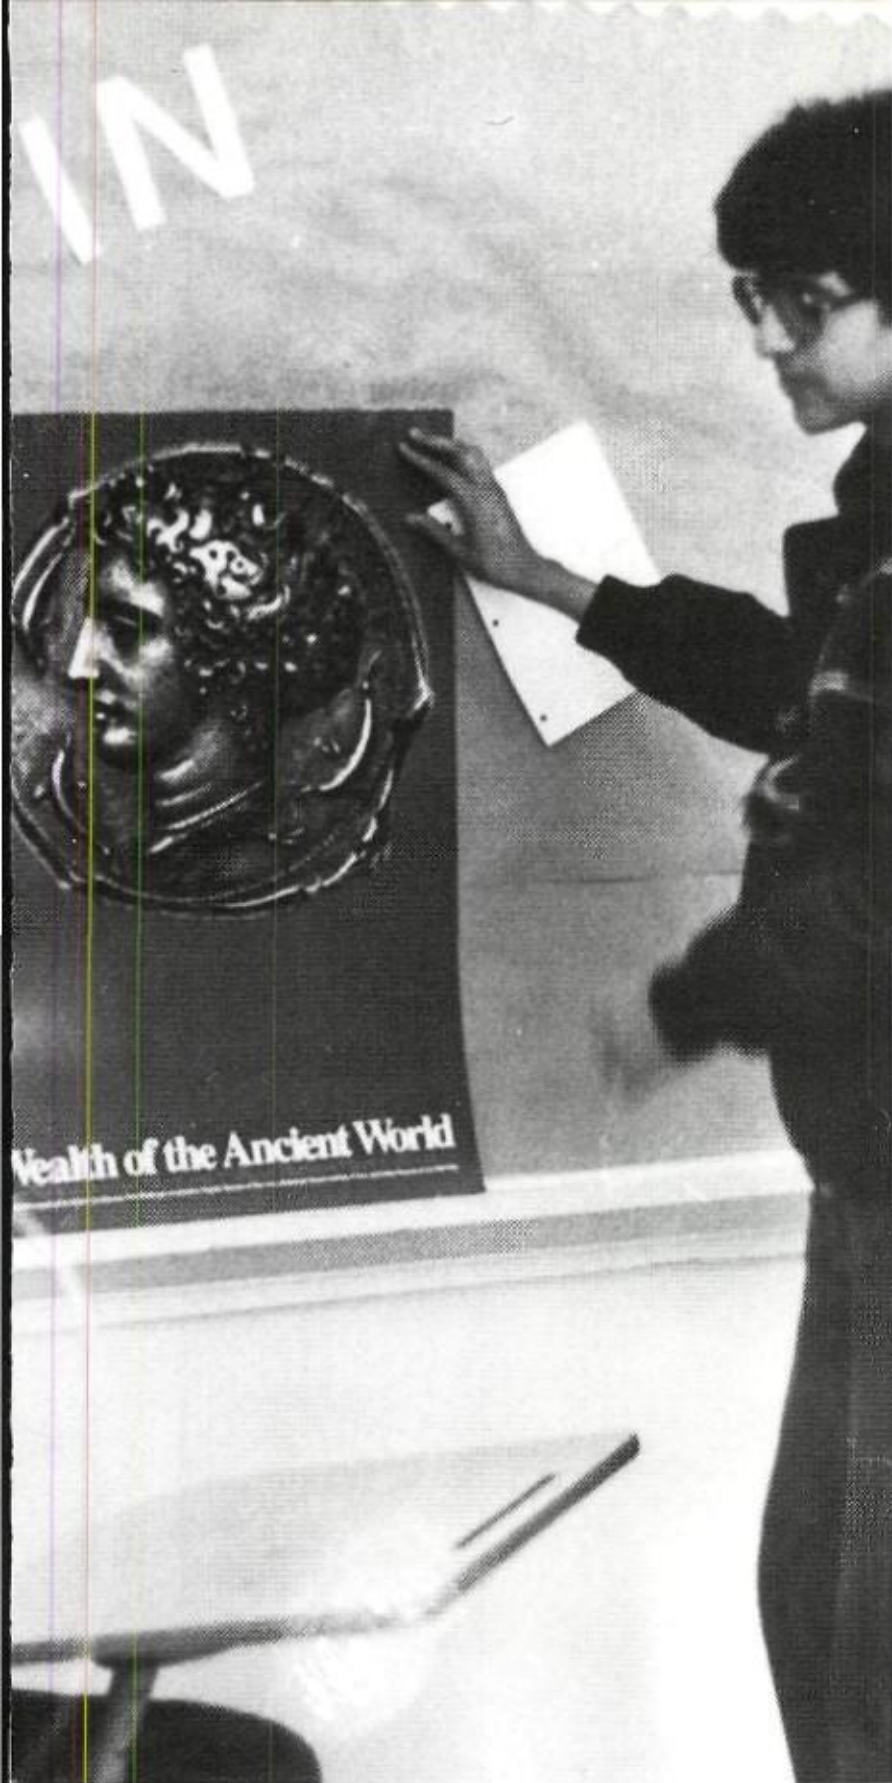

Sophomore, Daniel Vera, diligently studies his French. ▼

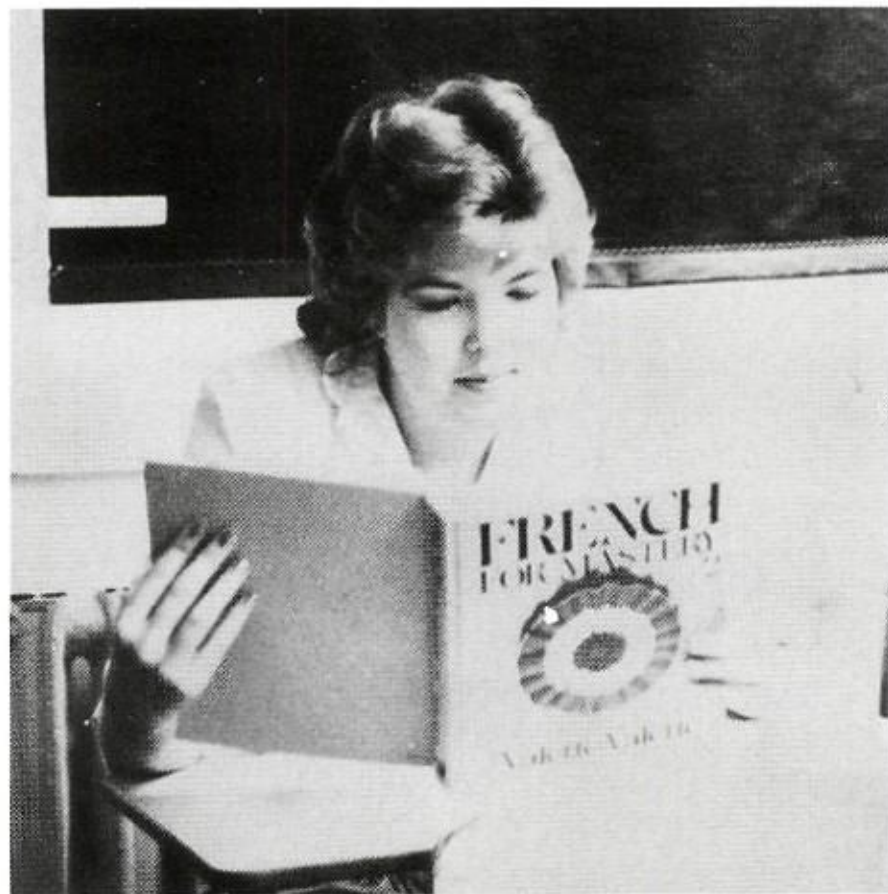

▲Freshman, Jennifer Owens, listens intently as Ms. Helen Schuelter explains Spanish conjugation.

Latin can become very interesting as Linda Renteria, Carla Ennis, and Scott Sellers have discovered. ►

◀Janita Romero ponders her Latin history.

▲Junior, Lisa Lillard, enjoys reading during her French class.

▲Amy Hamlin and Emma Rodriguez admire one of the Latin decorations in Latin.

◀Sharlisa Reley, Charles Eaton, Will Averitt, Vincent Perez, and Evey Lopez learn to appreciate Spanish culture.

Mariachi is Sunset's newest edition to music department and was under the direction of Fred Cisneros. The group of Sunset students entertained at area social events throughout Dallas. Some of the places they played included the state fair, Chamber of Commerce, Downtown Dallas Library and were in the National Independence Parade.

"I am very satisfied with my students and enjoy teaching them and seeing effort in their work," said Cisneros.

English is not everyone's favorite! But it is the most important subject.

Communication with others is our most basic social skill and how skillful we become at it will greatly affect our futures.

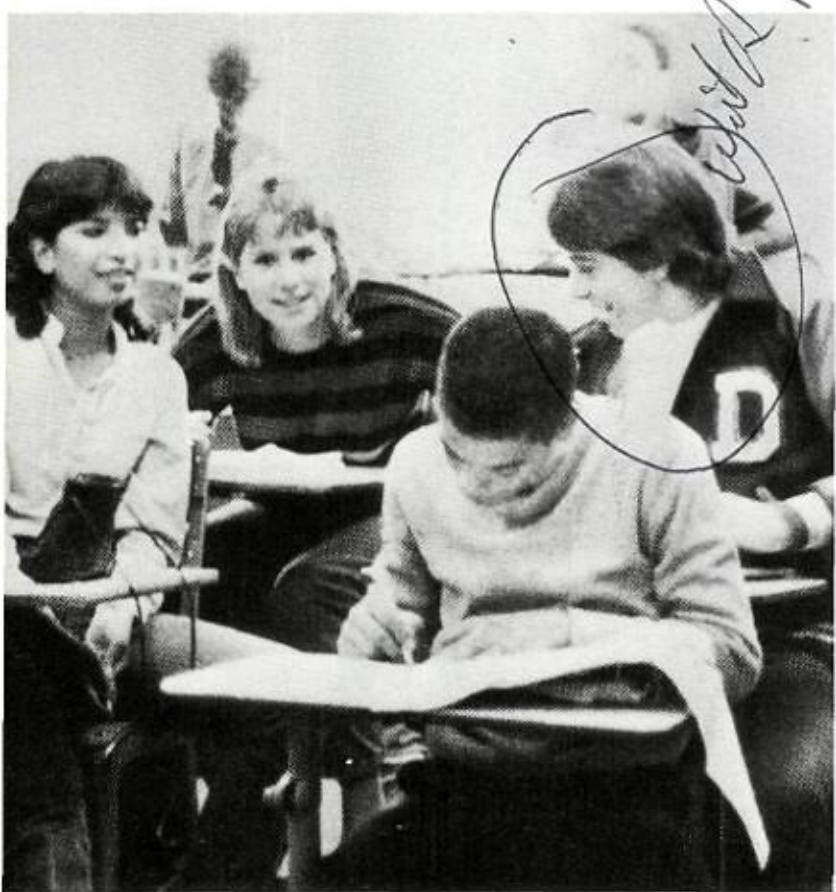

You may have been born with a brilliant mind for math or science but with poorly developed communication skills you can forget about going far in those professions and many others also.

Oh well, maybe you can find someone who will pay you to saw logs.

Ms. Poole explains her point system to her 5th period english class.

Some people enjoy English class.

Who will Leah Ockels argue with today.

Students experience world happenings

This school year found the social studies teachers leading students to more in-depth studies that did not just stick to books and globes.

In Mr. Bennie Neulish's American Government classes students "learned by doing."

Throughout the 2-semester term an individual government was established. Political parties were organized. Presidents and congressmen were elected. Bills were written and voted on.

A very similar situation was found in Mr. Bill Saucedo's government and history classes. Political parties were formed and a Senate and House of Representatives was brought into existence.

This "congress" created bills and went through the process of passing these bills to be made into laws. At the latter end of the year classes went on a field trip to the Dallas County Court House to watch a trial by jury case in action.

In class they then had their own mock trial in which students portrayed judge, plaintiff, defendant, witnesses, and jury members. In this way they were able to experience and understand the judicial system.

Students discovered new things in Mrs. Juanita Beck's American History classes.

Pupils did projects each 6-weeks on anything in the chapters time period including music, art, mechanical discoveries, fashions, and famous people. This made the class become a fun way of learning.

Ms. Lucy Holsonbake prepares her Speech class for competition.

In The Spotlight

Sunset's Creative Arts Program is overflowing in areas of performance.

For people who think P.E. is not their bag there's a dance department taught by Mrs. Tammy Randle. The dance department offers many styles of dance, such as, jazz, tap, modern, and aerobics.

Choreography is also taught.

The three levels of ability — beginning, intermediate, and advanced — combine to perform dance shows throughout the year. The biggest show is the annual Spring Show in March.

For those who enjoy speaking in front of an audience, then the Speech-Drama Department was just the thing.

Mrs. Lucy Holsenbake taught three different classes — Drama, Speech, and Tournament work for Speech.

She also formed a Speech Tournament squad which com-

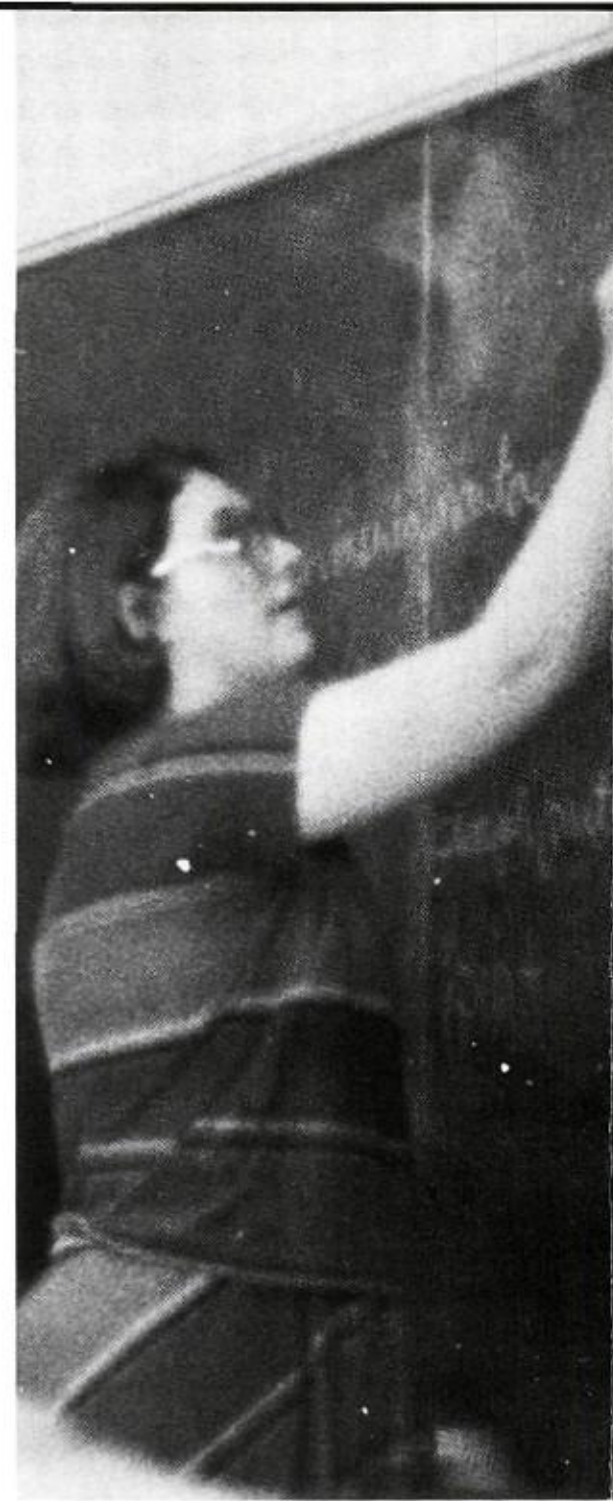

peted in poetry and prose readings at U.I.L.

The Tournament class also was involved in debate, extemporaneous speaking, oratory, prose and poetry reading and duet acting.

In all of the classes the students evaluated each other and make goals for themselves, finding their own strengths and weaknesses.

Another creative outlet at Sunset is the Art Department taught by Mr. Doug Harris and Mrs. Gayle Safford.

The classes are broken down into four levels — Art I through Art IV. The students started out in Art I and II with the basics of drawing, watercolor, designs, and working with clay. IV the more advanced classes continued this but also work with silkscreening and acrylics. Throughout the year the students displayed their projects in the main hall.

VOE, CVAE Keeps Students Busy

Coordinated Vocational Academic Education (CVAE) is a program designed for academically disadvantaged students. Other cooperative programs are limited to juniors and seniors, any student 16 years of age in grades 9-12 may enroll in CVAE.

CVAE students are placed on a training station designed to give them on-the-job training in any area of employment consistent with their abilities and

career interests.

Vocational Office Education (VOE) provides on-the-job training through local business offices such as law, banking, medical, insurance, manufacturing, service, government, merchandising, etc.

In the classroom, students learn to operate different types of office equipment and develop their office skills. They learn many office procedures, practices, ethics, the importance of a

good attitude, dependability, accuracy and the ability to get along with others.

◀Juan Flores and Juana Contreras work together on a CVAE project.

CO-OP Programs Provide Extra Money

Marketing and Distribution education students train for jobs in marketing, merchandising management and service selling.

Class work includes development of skills needed to be successful in such jobs. Along with daily living skills, students study the free enterprise system, marketing, distribution of goods and services, business math, human relations in business advertising and display techniques.

In Home Economics Cooperative Education, students train for jobs in child development, foods and nutrition, clothing and fashion, home furnishings and institutional management.

Students are prepared for full-time employment and classroom instruction which include such topics as employability skills, personal finance, consumerism, goal setting, communication, personal grooming, fitness, and stress, and health habits in addition to life planning, relationship skills, and specific skills related to specific jobs.

Industrial Cooperative Training (ICT) combines on-the-job training with work-related classroom instruction in one or more industrial job areas.

Some of the industrial job training areas are: Air Conditioning and Heating, Automotive Repair, Construction, Printing, Drafting, Electronics, Metal and Mechanical Work.

Classroom instruction includes areas such as job interview, work ethics, career studies, industrial safety, and industrial math.

Sunset Students Show Creativity in Class

For those who enjoyed being creative, Sunset's Industrial Art classes were for them.

Sunset offered a variety of opportunities for the student who would like to work with their hands rather than sit at a desk. The classes ranged from wood and metal shops to plastics and architectural drafting.

Woodshop students were especially popular this year for butterfly planters and footstools and as a special and final project the students built a chest and crawers.

In the more advanced wood classes students were free to design and build anything of their choice. "Woodshop gives the student the opportunity to learn about the process, tools and materials used in building things," said Mr. Ray Brame, instructor of woodshop.

Many rulers and exact measurements were things needed this year in Sunset's Architectural classes.

For the beginners Drafig I introduces the student to dimensional drafting and plan measurements.

For the more advanced Drafting II gave the students the opportunity to design and draft floor plans of different perspectives on a scale.

The classes serve as stepping stones for students interested in these fields, but these classes gave the students the opportunity to recognize and improve their skill.

Owen Riley adds the finishing touch to his woodshop project.▼

HOMEMAKING

Why in the world should anyone take Homemaking?

If you are planning to have your own home, get married, and have children, you probably were enrolled in Homemaking I, II, and III.

Remember that great smell of those chocolate chip cookies or that basted turkey at Christmas, or that chance at the gourmet dishes.

A first time at a sewing machine was also something to remember when new creations were put together to take the shape of clothing.

Gourmet cooking was the newest addition to Homemaking this year. It is offered only to seniors. Underclassmen can not wait until they can learn to cook gourmet style.

Let's Get Physical

The Sunset Physical Fitness Program is sponsored by the United States Marine Corps.

The purpose of the team is for each member to achieve physically as well as academically in all their goals. Sunset has participated in the

Physical Fitness program for eight years.

Placing second at the State Fair competition on October 10, the Physical Fitness team competed against Boswell gymnasts and Irving's R.O.T.C.

Their competition includes

situps, push-ups, standing broad jump, pull-ups, and a 300 yard shuttle run.

"In all my years with the physical fitness team, this is the first time Sunset has had this many students involved," said Coach Beverly Geise.

Computers On The Rise

Not too many years ago, computers were thought of as fantasy. While some simple computers were available, they were used mainly in business and industry.

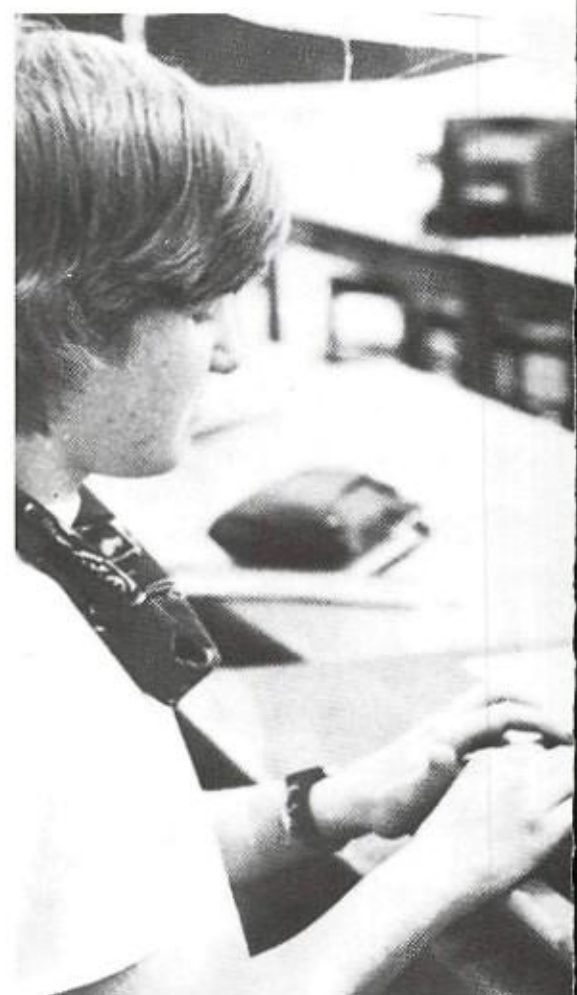

No longer merely futuristic ideas, computers have become an important part of our everyday lives. Work that was once done by a whole room full of computers can now be managed by a single microchip approximately the size of a small pencil eraser. Not only do they do much of our work for us, computers are also informative and they provide many forms of entertainment.

There are literally hundreds

of home computers on the market to choose from, not to mention the video games, computerized automobiles and home appliances.

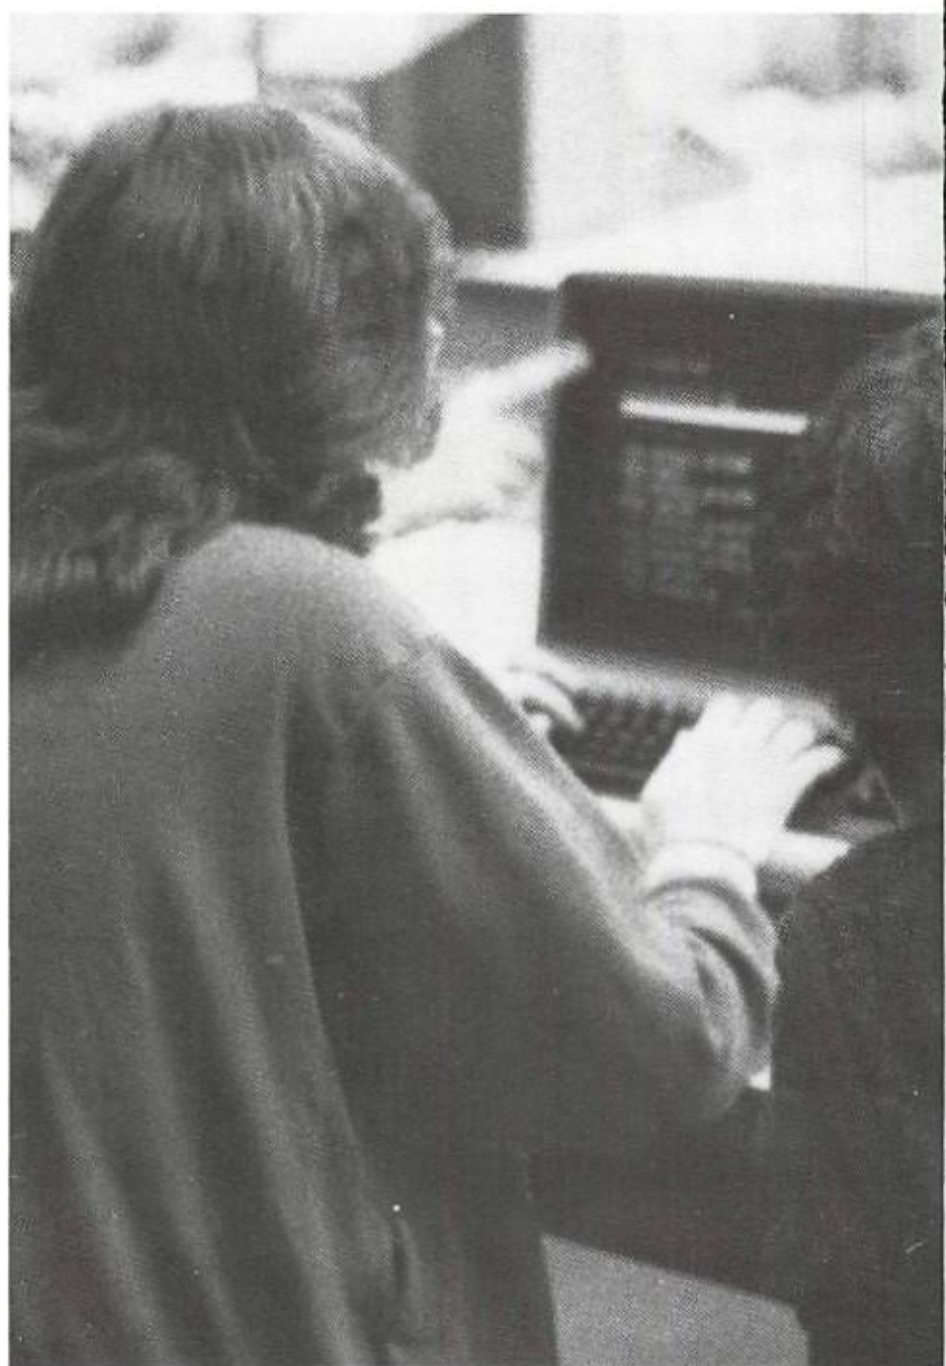

In keeping with the computer boom, Sunset presently has six TRS 80 computers of its own, which were used by the seven computer math classes this year. Besides learning the basics of computer programming, students in these classes experimented with their own programs and participated in a new computer matching service. Interested first year students signed up to take Computer Math II next year.

ORGANIZ

ACTIONS

STUDENT COUNCIL'S WORK IS NEVER DONE

As the 1983-84 school year comes to a close one organization can successfully say their work is finally done. The organization is Student Council.

Besides working on traditional duties such as organizing pep assemblies, handling freshman elections and introducing the dress code.

Their duties ranged from small things as delivering birthday and sympathy cards to teachers to sponsoring a needy family on Thanksgiving.

Student Council even ventured into participating in Sunset's first haunted house in the fall.

One of Student Council's busiest times of year is during the Christmas season. This year they sponsored two needy families, and decorated a Christmas tree to The Dallas County Emergency Shelter for Children. And as a fundraiser they sold photos with Santa during the lunches.

Student Council sponsored by Mrs. Juanita Beck, gives the student an opportunity to participate in school activities, contribute something to our school, and enjoy it at the same time.

Because student council revolves around student life their work is never done.

Band, More Than Just Marching

The players rip off their helmets, throw down their towels and desert the field. The coaches and team managers follow in silence. Out onto the slippery, shiny astro-turf steps the drill team with the band close behind. One quick command from the drum major brings the entire field to life with a flash of gleaming metal and a cymbal crash. Song after song and drill after drill glide by almost too quickly without a hint of effort. The familiar fight song is heard as the band leaves the field and then silence. Can it really be over?

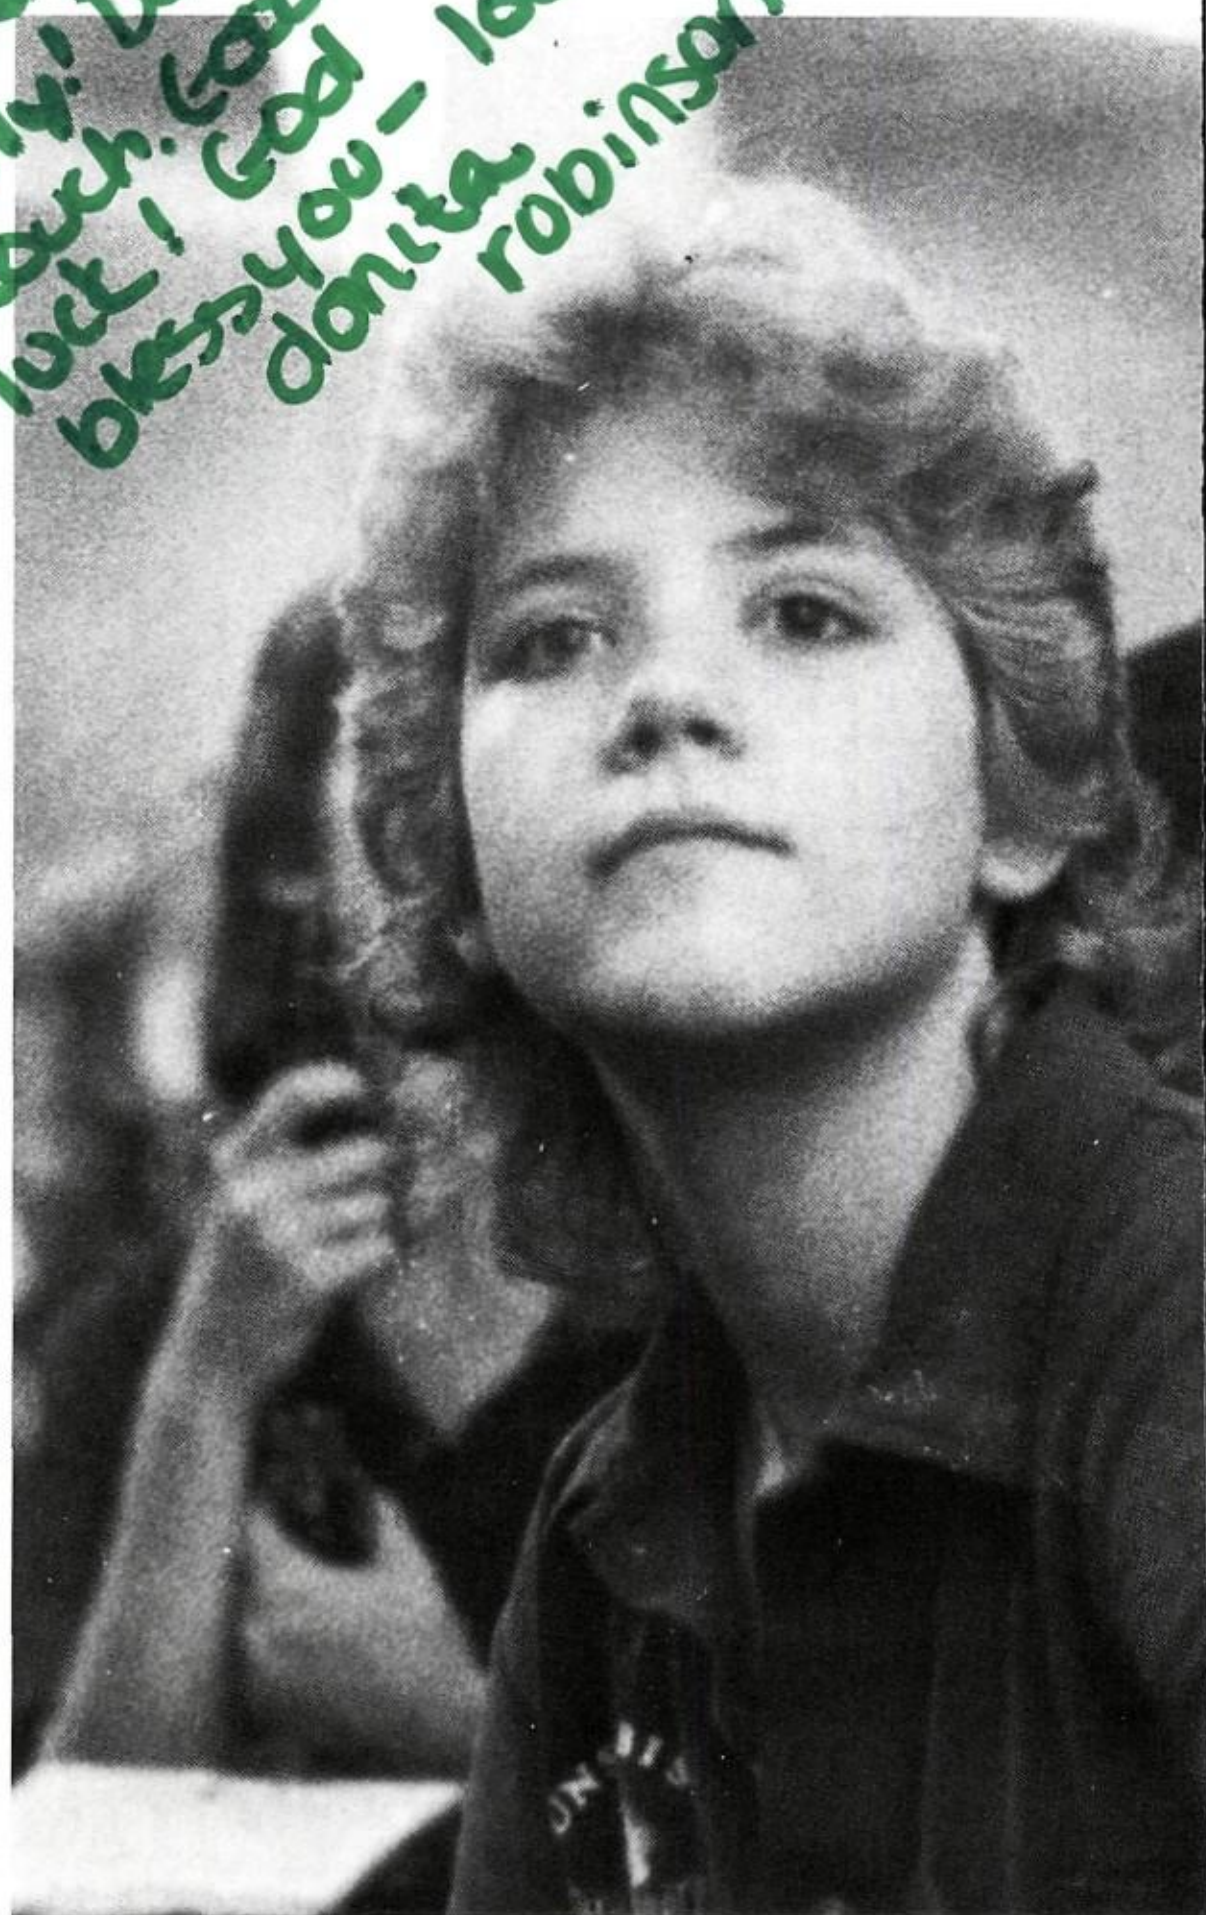

Only for the spectators. For the 53 band members, a week of hard work had just climaxed onto a few spectacular moments. But the work was not over yet. Band members were required to attend early morning rehearsals every day from 7:30 until 9:30 regardless of the game performance. The band also was the life and spirit of all of the pep-assemblies.

Somehow, through all of this the band was often forgotten.

The major changes in the band program were overlooked or ignored. Along with a relatively new director, the band acquired new uniforms, a new style of marching and a new sound. By far the newest and most overlooked addition to the Sunset band was the color guard. This team of talented individuals consisted of a rifle and flag corps which attend all major band functions and perform

along with them at halftime. Membership in the band on color guard was determined on an audition basis.

Though recognition often escaped them here at home, the band was invited to several functions this year. Among them were the Fiesta Bowl in

◀Sophomore Donita Robinson listens attentively during the Bryan Adams pep-assembly.

▲Band director, Charles Benat, conducts the "Star Spangled Banner" with intense feeling.

◀Sophomore, Angel Ibarra diligently practicing her flag routines during summer practice.

Arizona, Macy's Thanksgiving Day Parade in New York, and a rather surprising invitation to Berlin, Germany. Through dedicated patrons such as these, the band hopes to someday replace the tattered reputation that has somehow been associated with it and Sunset as a whole. This goal can only be reached with patience, hard work and the total support of the student body of Sunset High School.

photos by Barnhart

BAND, MORE THAN JUST MARCHING

Long before the first schoolbell rang or the first shuffle of paper and clanging of locker doors was heard echoing through the hallways, 53 of Sunset's students gave up their last month of vacation to prepare for the upcoming school year. Deep into the "dog days of summer," determined members of the band began four rigorous weeks of training under the relentless summer sun. Upperclassmen and underclassmen alike gathered together for hour after hour of marching and playing in preparation for the football season.

Even after school began band members were required to attend rehearsal at 7:30 each morning. Adding to this already hectic schedule were the many concerts given at the elementary schools, the long weekends of working SMU and Cowboy games at Texas Stadium, and the afternoon sectionals, also required, to better the sound of the individual sections. The work often seemed endless, but the rewards were also quite numerous and came in a variety of fashions. By far the best was the annual Spring Trip. In the past few years, the trip has been cancelled because of either a lack of funds or a lack of interest. However, this year definite plans were made for an out-of-town trip to reward the band for the many long hours they put in bearing the heat in the summer, fighting the cold in the winter, and chasing mosquitos in the spring. The work was hard and the

breaks were few, but the Sunset Bison Band always seemed to make it look easy.

Sunset's Orchestra Small But Talented

Mr. Raul Utley, Martha Rendon, Anita Vaughn, Sidney Witlock, and Peter Payton.

Sunset's orchestra is thriving and talented!

Directed by Mr. Ralph Utley, the group prefers to use the String Orchestra concept in adaptable quarter form. This focuses on individual performance for Violin, Viola, Cello, and Bass Violin.

They have a wide variety of music options open to them in Dallas. They concentrate on playing for school events, Christmas and D.I.S.D. Solo and Orchestra contests. As a service organization, the six musicians are on call.

The most continuing function of this small and tight group are academic preparations for college, college fine arts, curriculum and scholarship auditions.

Sidney Whitlock enjoys playing the violin.

Played by Peter Payton, the bass is important in orchestra.

Ed Goff shows off his talent while playing the violin.

Bo's Best Helps Sunset Shine

1983-84 has proven to be a very pleasing year for Bo's Best.

The club, made up of 60 members, has encouraged spirit among fellow seniors and promoted unity within their class.

On the first Wednesday of each month in Portable 5 or 6 the club met to discuss such

things as how to bring more support from the students for the school and how to solve the problems that may have existed.

You could have found the familiar people in the club t-shirts at football, soccer, basketball, and baseball games. They were at the pep assemblies and all around school generating school spirit.

This year's club officers were: President — Robert Moreno, Vice-President — Ruben Rios, Secretary — Cristina Cortez.

Being a senior is the only requirement for being in this organization.

Mrs. Verta Johnson and Mr. Bill Saucedo were sponsors this year.

1983-84 Bo's Best members

Bisonettes Work for Perfection

The Bisonettes had great pride in performing during the football halftimes this year. The 36 line members and the seven officers gave their all and presented excellent routines all season long.

The drill team began preparation for their season back in July. The officers attend a one-week camp at TCU in Denton where they received high ratings and an award for

most improved officers. They were later accompanied by the 36 line members to another three week long camp. Senior line member Mary Rivera commented "It was hard work but it was rewarding."

Soph. Jody Ogle looks to see Sr. Mary Rivera reaction to the opponents half-time show.

▲Bisonettes march out off the field after a performance.

Bisonettes Selling, Sell- ing . . .

In the 83-84 school year the Bisonettes held various fund raisers, attended many competitions, marched in parades, and were a vital ingredient in pep assemblies and at football games.

The fund raisers began this summer selling calendars making over \$1350. Other fundraisers were candles, candy, and a garage sale.

Bisonettes fundraisers are meant to pay for out-of-town trips and competitions which were attended in Ft. Worth and Kimball. Other activities they attended were clinics and performed in basketball games.

Drill team waits to march in the National Independence Day Parade.

▲Shelly Standifer hooks up for high kick routine.

The Spirit of Sunset

Karen Roberts shakes it with the others.

Armed with megaphones and pom-poms, they fought for spirit, tradition, and the Sunset Bison way.

The amazing feat of arousing spirit was no easy task. Four exhausting weeks spent preparing for camp plus the horrid week of SMU camp, paid off with a first place ribbon, three second place ribbons, and one third place ribbon.

After a glorious two weeks of rest, they began to prepare for the massive amounts of students who were ready to learn of Sunset's spirit.

The end of football season did not however, end their battle. They then combatted many basketball fans by attempting to rally their spirits.

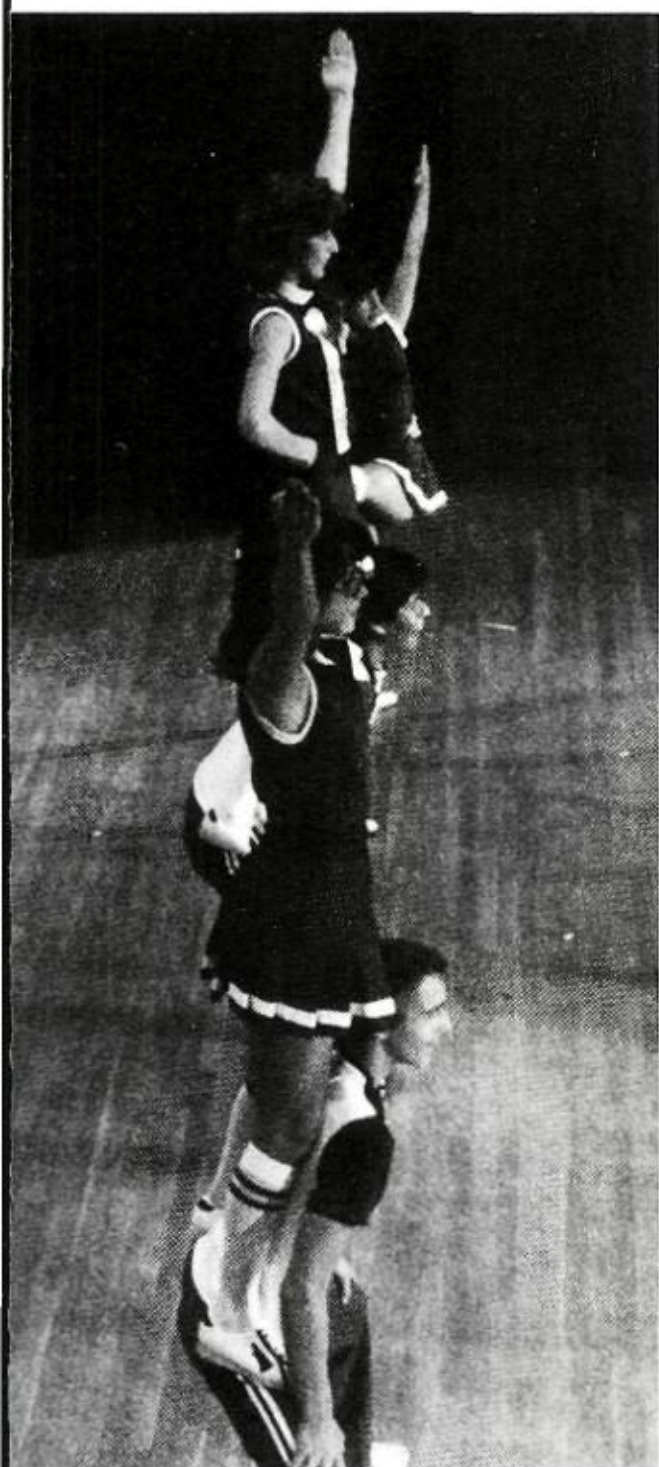

Attending competitions was another obstacle the varsity cheerleaders had to overcome. At these competitions, cheerleaders from all around came together, all striving for a first place.

As the year closed a new squad was selected, by the student body, so that they could face the joys and hardships of being a Varsity Cheerleader.

While the band plays, the cheerleaders create their own entertainment.

Photos by Barnhart

Karen: Ronnie's girl, weenie, ya'll listen ... Tim: my song! monkey manic, Teresa's ... Gracie; What's happening to this youth? ... Marty: Hey bud let's party ... Jesse: Aww, I messed up ... ROTC

Busy

All Year

ROTC'S firing range was closed down during the first semester by the Health Department due to lead build up and lack of ventilation. But the problem didn't stop the ROTC's enthusiasm for a better year.

The ROTC was chosen as Honor Guard for the Governor of Texas, they also marched in the State Fair of Texas Parade and the Red Bird Mall Christmas Parade, and also performed in the New Year's day football game.

Both girls and boys of the ROTC program have been active throughout the years since 1925.

The ROTC drill team made their first appearance at the beginning of the pep rally demonstrating their rifle superiority and their marching ability.

ROTC is proud of Sunset's heritage as they proved by taking part in community affairs in the Oak Cliff area.

Terry Ramsey, Manuel Esparza, and Robert Olivarez aim at practice.

Ockels Heads Sundial

Talent, quad-paks, original ideas and hard work were all combined in order to produce a well remembered yearbook.

Managed by Editor-in-chief Karla Ockels, things ran smoothly throughout the course of the year.

Even though sponsor, Mrs. Krista Blakeley, was out for six weeks in order to have a baby, the staff was ready to get to work by the time she came back.

Deadlines were set, cover and endsheets designs were picked out, type set was chosen and pictures were taken; then the hard part started.

Many times members of the staff could be found sitting at a table and staring at blank quad-paks. Whether this lost soul's mind was blank or they were asleep shall never be known; but once they drew the lay-out design everything began falling into place. In the midst of all the confusion while trying to meet a deadline, the confused sponsor could be found sitting at her desk and wondering whatever possessed her to take this silly, time consuming job.

Many changes were made through the book. Traditional pages were taken out, the for-

mat was changed and ideas were introduced. Sometimes to disapproval of the staff, but once they learned that nothing was going to change, they quickly went to work and made the best of what they had.

All in all, the staff put their hearts and souls and many weeknights into the book; not to mention the Friday and Saturday nights that everybody spent working on the final deadline. After the last pages went to Taylor, the staff relaxed. For they knew that they had done the best that they could to give to the school.

Coyle Leads Stampede

When the first edition of the Stampede came out in the fall of 1925, little did the staff know what they had started.

Since that first edition, the Stampede has won various awards, receiving the title as one of the best newspapers in the 11-A AAAA district. The only problem with having a good newspaper was that the editor was pressured into turning out a better set of issues than in the previous years. This little feat was mastered exceptionally well by Editor-In-Chief Jay Coyle.

A week after classes began, the staff was abandoned by their sponsor who had taken off to have a baby. Now Coyle had to put out a great paper by himself. Occasionally an innocent student would venture past the lab only to be confronted by wild screams released by the pressurized editor.

After the first issue was produced, the staff figured that it

wasn't so bad and the second edition was quickly sent to the printer. The sponsor's absence had given the staff a very valuable and quick lesson on how *not* to expect somebody to do all of the work. Although some of the writers received this lesson with a shock the real shock was dealt to Mrs. Blakeley when she returned to find the lab in a total shambles. In her own words, "This place is a wreck!" Due to our journalistic minds we had failed to see how dozens of newspapers and other articles thrown about could produce a wreck. To us it had become a welcome sight.

Despite the first few chaotic months, the staff turned out many well-done papers. After the compliments were said and the egos had increased, the staff knew that they had done a good job.

Jay Coyle relaxes only when the paper is finally published. ▶

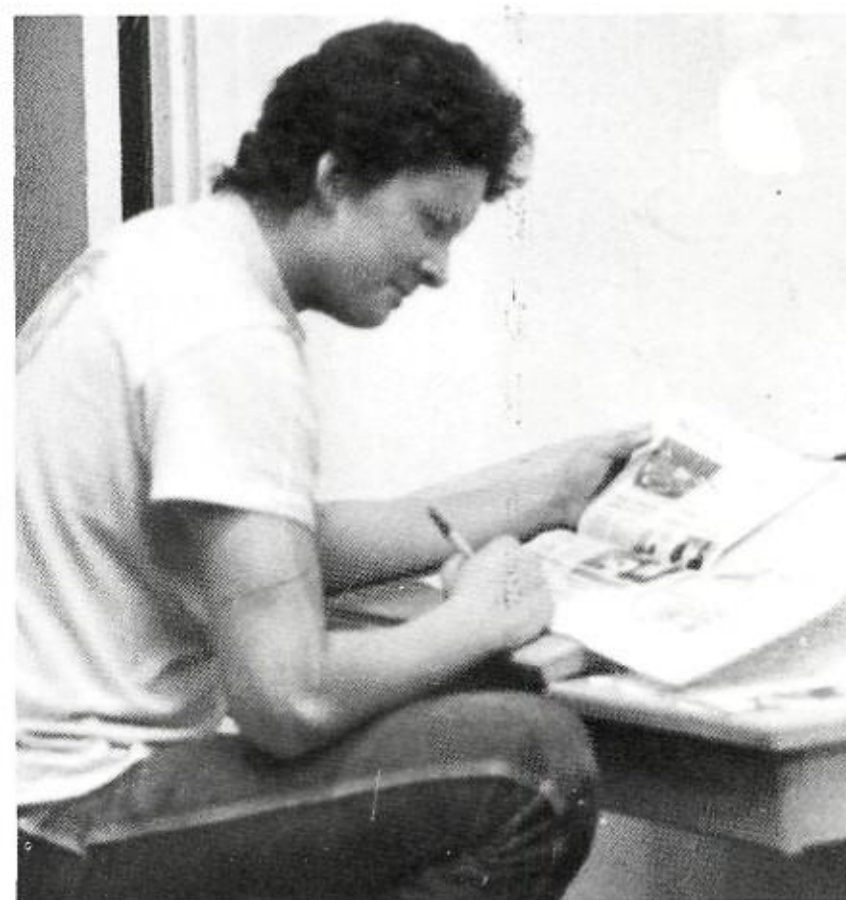

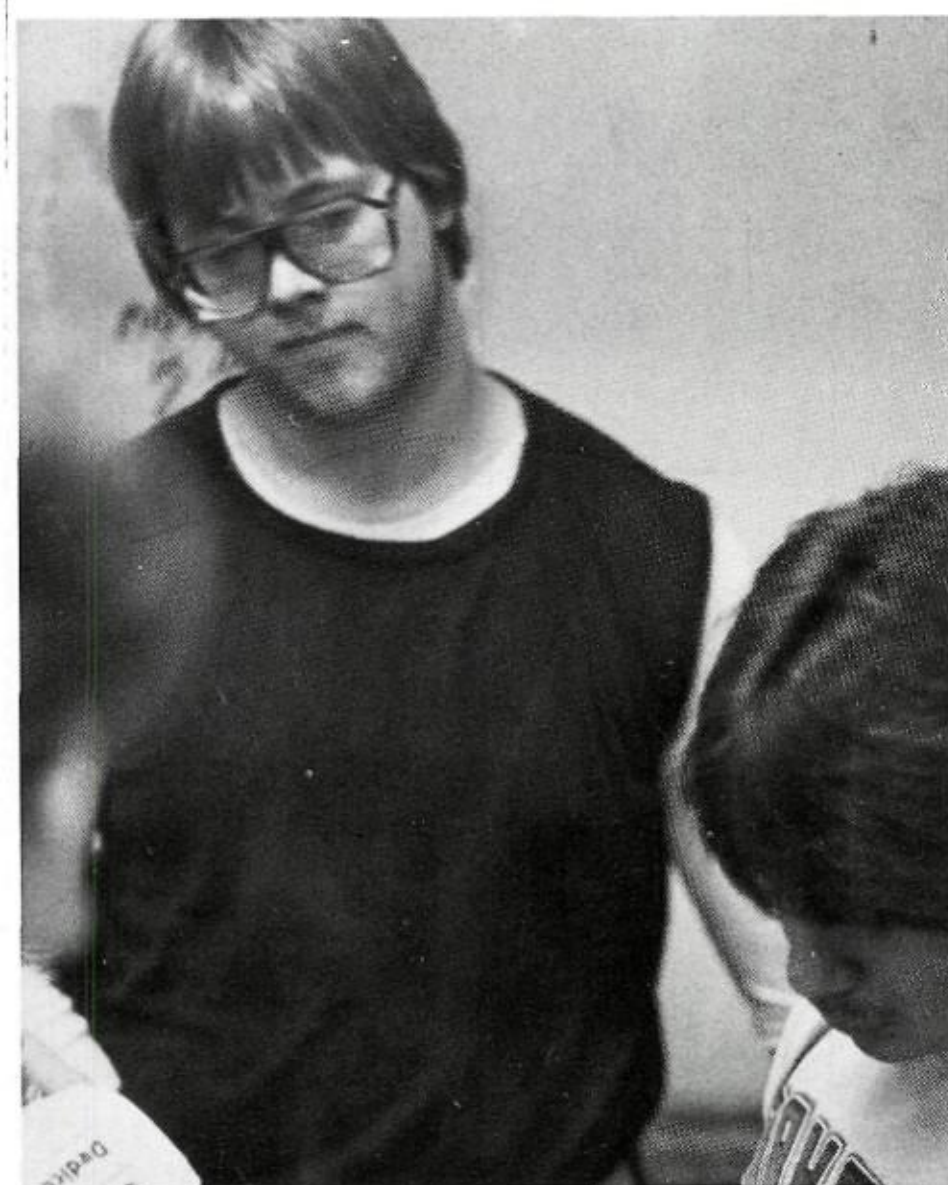

'84-'84 Staff: Jay Coyle, Karla Ockels, Melissa Bosen, Angie Martin, Tracy McCourt, Wendi Cloud, John Tygart, Roy Henson, Juan Vargas, Steve Jimenez, John Barnhart, Alvin Skrabenek, Robert Reschmen, Doug Monge

Choir Continues Traditions

- (a) You sing in the shower.
- (b) You're ready for the Mormon Tabernacle choir.
- (c) All of the above.

If you picked any of the above choices you should be in choir. Why?

Choir is a fun and hardworking class that is for rookies to pro's, with three different levels of singers: Camarata — "The public relations group." A Capella — the competitive group, and Concert choir for the less experienced.

Mr. Gary Petty, head of this department, has confidence in anyone who attempts to achieve their goals in choir.

Karen Roberts was president of the Choral Department this year. Vice President was Greg Gorman, Secretary Wendy Cloud, Treasurer Staci Levine and Librarian Shelly Crow.

Getting the recognition choir deserves, they continued traditions and presented the Christmas assembly to the student body. A Capella headed the gathering followed by Concert choir, who sang a variety of serious and cheerful songs. Camerata lit candles and sang in the aisles.

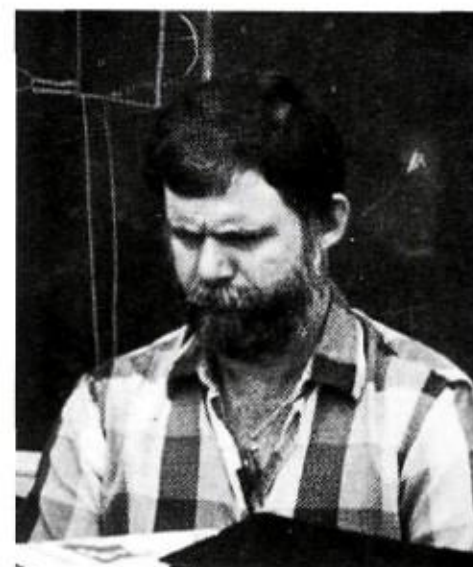

Later that day choir students caroled in the halls and classrooms.

"We started out not knowing much about music and have come a long way since the year began. Mr. Petty is a fine teacher, we would never have made it without him," said Jennifer Mayo, a concert choir member.

Jennifer Mayo and Michelle Pebworth rehearse with class.

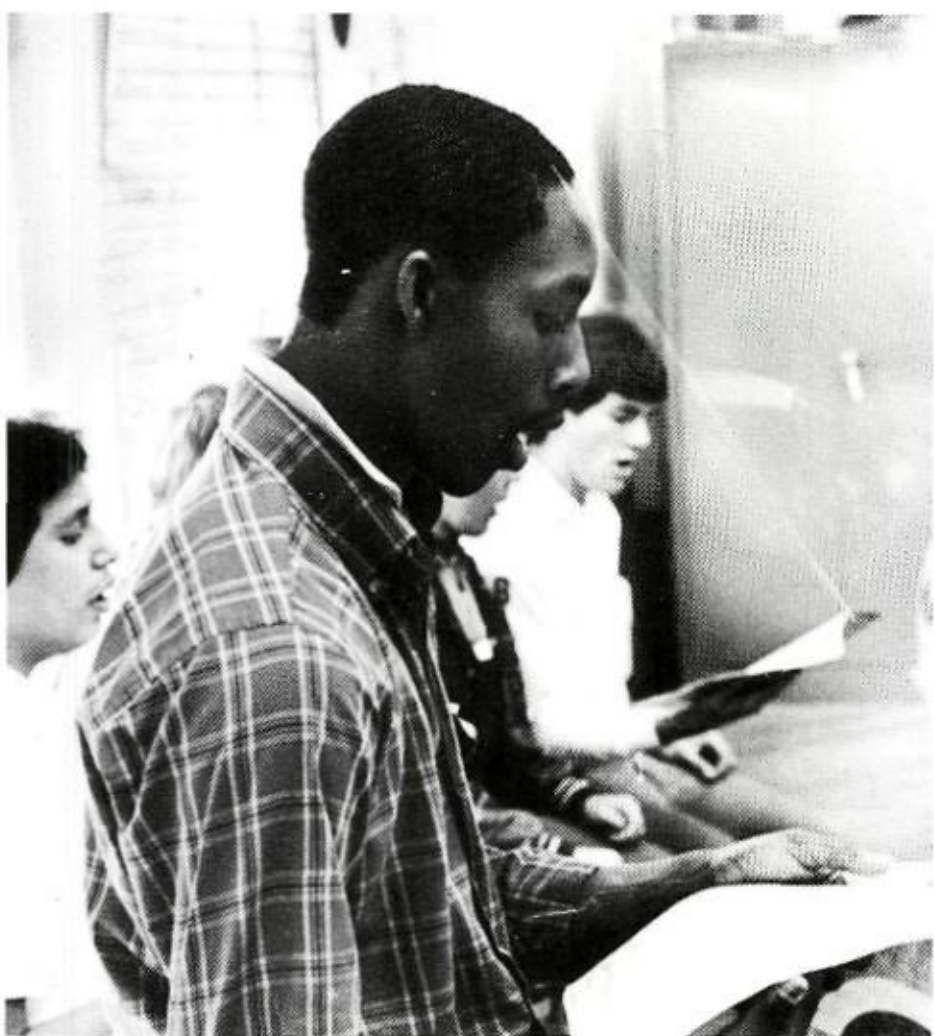

Concert Choir sings "Sleigh Ride" during the Christmas concert.

Choir Hits High Note In Competition

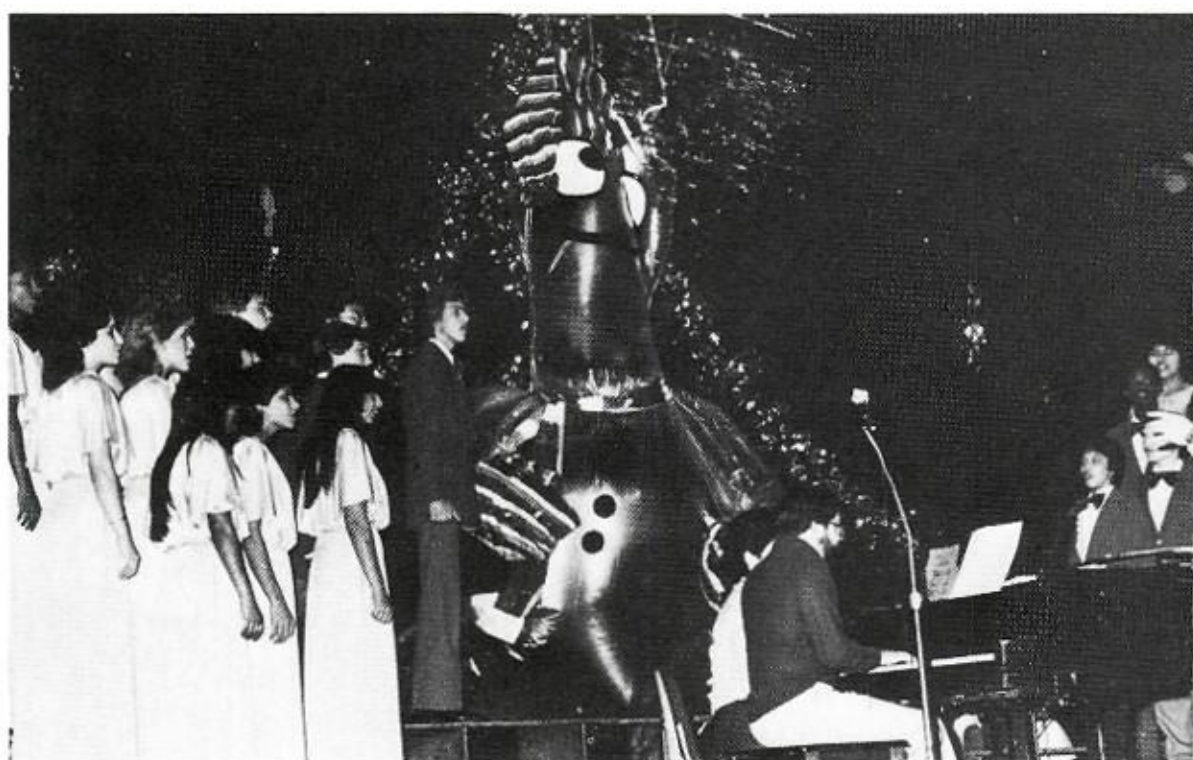

Although enrollment fell short this school year, Sunset's Choral Department managed to take several winnings at local competitions.

In a D.I.S.D. Solo & Ensemble competition hosted here, the men's ensemble, composed of Kevin Cline, Greg Gorman, Andy Deluna, Marcus Brannon, Clay Ellis, Randle Collier, Tim Kline, and David Martinez received "Best of Kind" and the highest mark of rating.

The female ensemble composed of Karen Roberts, a four year member and choir president, Wendy Cloud, Juanita Pareyda, Marla Massey and Kim Brown received a "two rating."

An ensemble, which is a small group of one or two on a part consisting of base, tenor, alto, and soprano may be difficult, but even more nerve racking is a solo.

Solo performers were Kevin Roberts, Greg Gorman, Kevin Capehart, Andy Deluna, all of who received a one. Other soloists were Juanita Pareyda and Randle Collier, both received two.r

▲ Greg Gorman, Karen Roberts, Kevin Capehart and Clay Ellis were chosen for All Regional Choir.

Marcus Brannon, Karen Roberts, Greg Gorman, Kevin Capehart, Clay Ellis, Wendi Cloud and Juanita Pereyda were named to the All-District Choir.

National Honor Society Takes the Best

At the mention of NHS, many people picture a group of honor students sitting around a table getting their kicks by discussing the theory of relativity. The Sunset NHS, however, does much more than that.

This past year they have worked very hard at fulfilling the standards listed in the National Constitution of this club: recognition for academic excellence, service to the school, and service to the community.

Activities for this past year have included a car wash with partial benefit to charity, a bake sale, a fall induction, a weekend retreat, Christmas caroling, football game and Valentine carnations, an assembly announcing new members, a spring banquet, and some book scholarships to senior members. N.H.S. has worked hard this year and has been a definite asset to this school.

The Sunset N.H.S. is one of the few clubs that hand-pick their members. Any one who wants to be in it must have at least a B+ average and good conduct history. As a result, the N.H.S. contains many of the leaders of the school. Members are encouraged to continue being leaders by actively participating in other clubs and service activities. Members can always be found supporting such activities as the Student Council Christmas Projects, the Blood Drive, Alcohol Awareness Week, and the National Smokeout.

The Sunset Chapter of the National Honor Society is definitely alive and well.

Pan Am Fosters The Language

Pan Am is a club that offers you the opportunity to learn more about the Americas and to foster cordial relations among the people of the Americas. They also encourage the learning and use of the Spanish language as a means of communication.

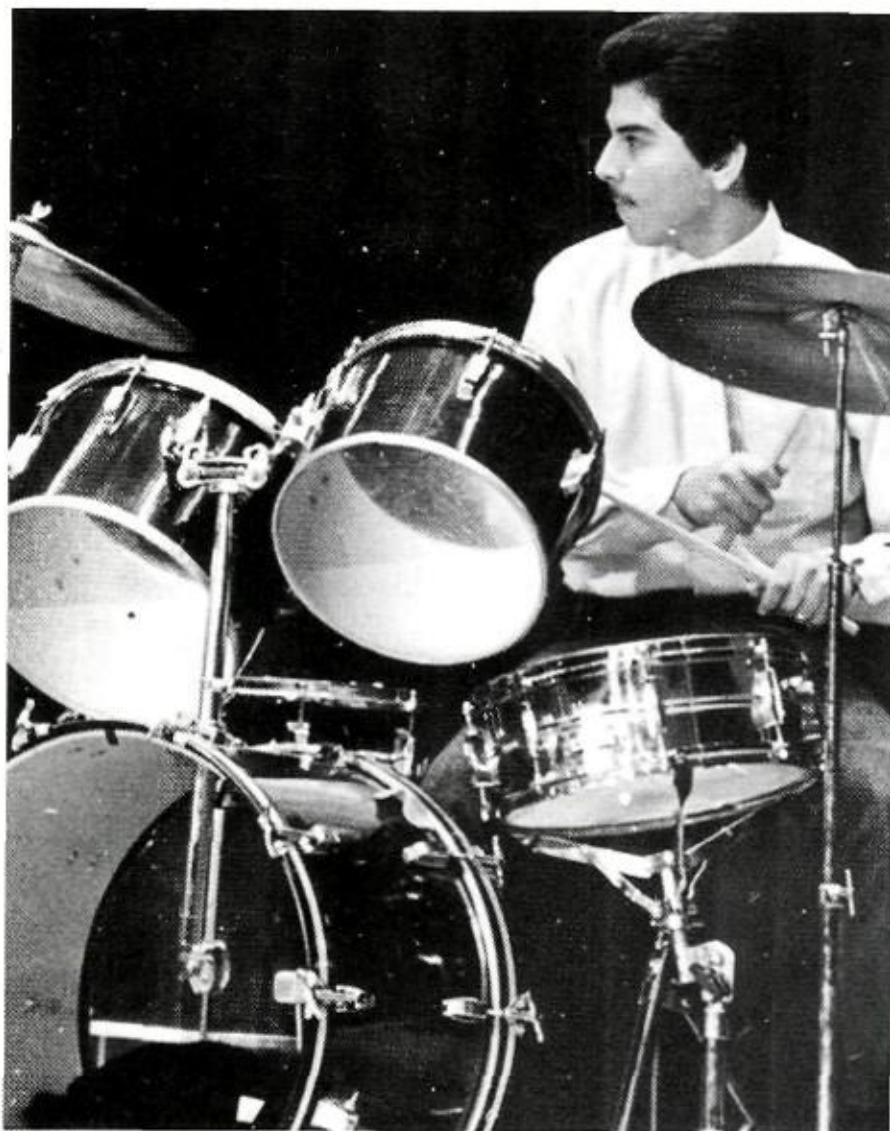

Pan Am sponsored a Christmas program and invited the Folklorico dancers and the Mariachi to join them.

Pan Am journeys to San Antonio yearly to a state meet.

Pan-Am members meet for an early morning picture. Back row: Jesse Contreras, Raul Salas, Lorenzo Alonzo, Rosalba Lopez, Steve Falcon, Richard Schlitt, Front row: Mrs. Linda Greuling, Bonnie Rodriguez, Delia Zavala, Marisela Ibarra, Irma Segovia, Lisa Cantu, Maria Bocanegra, Elvia Barrera, Imelda Villela, Mr. John Galvan.

Ms. Susie Garcia and Ms. Linda Greuling are pleased to be sponsors of Pan-Am.

Santos Martinez was a great addition to the Pan-Am Christmas program.

Sponsoring the Christmas program was an important part of Pan-Am this year.

Art Service meets for meetings. Julian Barron, Antonia Adames, Raquel Garnica, Michele Kuhman, Irene Sanchez, Rosalba Lopez, David McGee, Jesse Contreras, and Mrs. Gayle Safford.

Art Service Colors For All

Needed any help with your art work?

If so, Art Service came to the rescue. Fifteen ambitious students made posters for special activities, games, and events.

The class was offered to students during study hall periods and every Monday after school. This year the group began to function after a brief interlude.

Julian Parnon, Toni Adames, and Irene Sanchez enjoy the refreshments at the Art Service party.

Raquel Garnica and Rosalba Lopez design their own T-shirt with paint.

LET'S GO CAMPING

If you enjoyed camping, learning more about the outdoors and exploring nature, you were in Woods and Waters this year.

All year round Woods and Waters set up tables for gun shows at Market Hall, so at the end of the year they could go on a fabulous canoe trip and skiing trip.

Woods and Waters consisted of approximately fifty members including President, Laura Schullar, Vice President, Rad Allen, and Secretary, Susan Dwinnell.

Mr. Henry Allen is the sponsor of Woods and Waters.

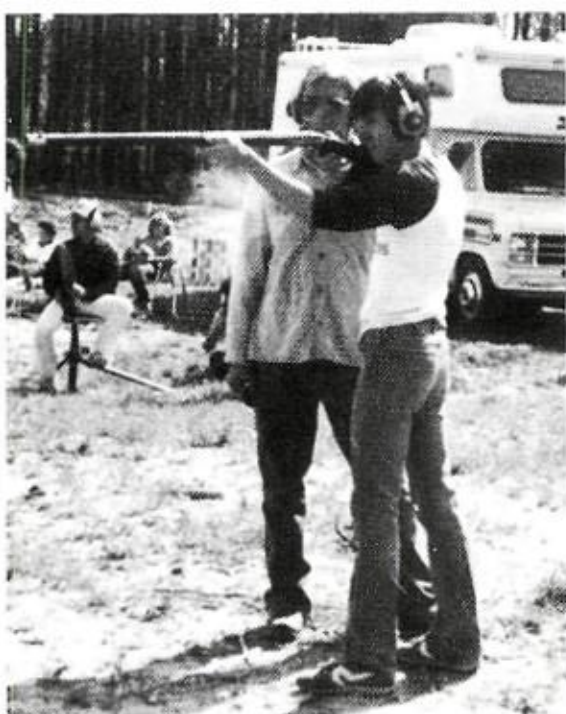

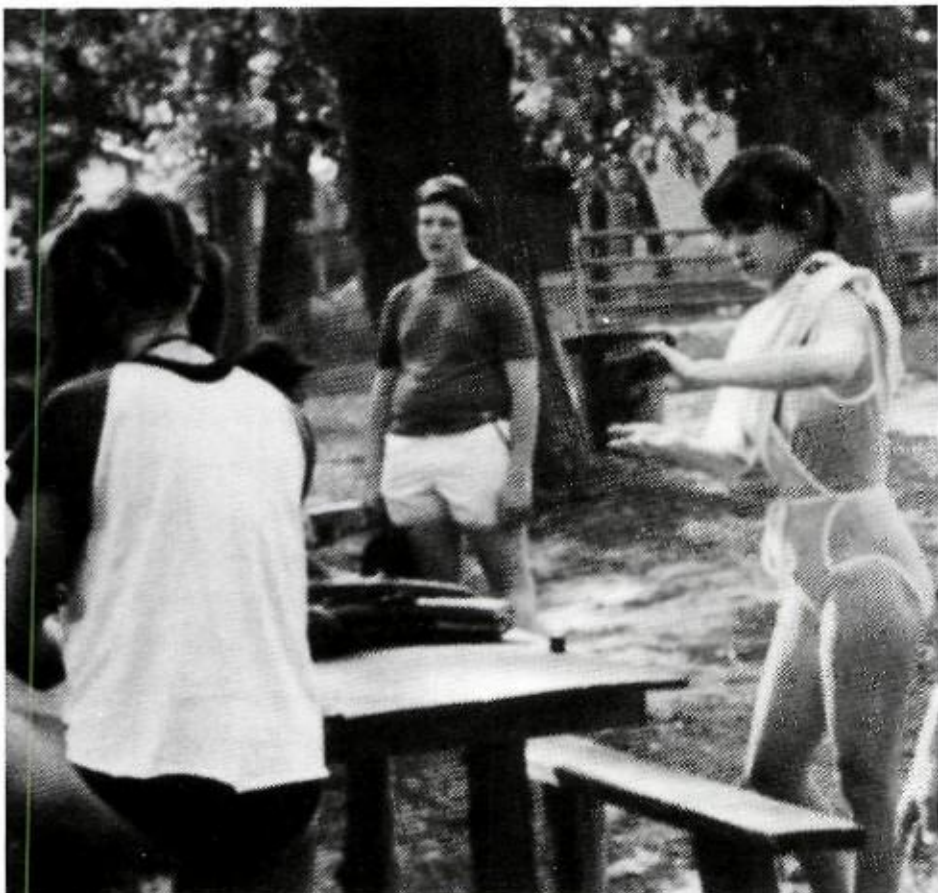

Woods and Waters gets special permission to have their picture taken at Texas Stadium, "Home of the Dallas Cowboys."

Greg Gorman, Colbey Crockett and Mr. Jim Sellars wait their turn at one of the many pit stops on the ski trip.

Key Club Has a busy year;

Key Club is a service organization sponsored by the Kiwanis of downtown Dallas. Some of the main objectives of the club are to develop leadership qualities in students, provide services for the school and community, prepare students to be useful citizens, and to provide them with valuable experience for everyday life.

The Key Club officers for this year were President, Andrea

Downey, Vice President, Greg Gorman, Secretary, Carla Ennis, and Treasurer, Charlie Naile. Throughout the year, these officers planned and carried out, with the help of club members, various service projects.

In the early Fall, they had a very successful car wash, raising just under \$150. Key Clubbers were also quite busy at Christmastime, buying and decorating a Christmas tree

for a needy family in the neighborhood, and later caroling at Methodist Hospital. Finally, in the Spring, officers and select members were invited to the annual District Convention, held at the Hyatt Regency in Dallas.

It was a busy year for many of the organizations at Sunset, but the Key Club fulfilled their responsibility to the community and still managed to have a blast.

First row — Greg Rushing, Robbie Kinzer, Henry Levine, Robert Reschman, Rad Allen, Larry Brazeale, Julian Barron, Tim Klein, Ashley Vincent, Amy Hamlin, Tammy Burgess, Carla Ennis, Stacy Levine, Laura Schuller, Teresa Lord, Susan Dwinnell, Greg Gorman, Mr. O'Rear, John Barnhart, Andrea Downey

President, Andrea Downey, and Treasurer, Charlie Naile, taking up dues.

Sponsors Julia Bly and Patrick O'Rear deciding on a strategic plan of action.

Stagecraft, Behind the Scenes

Stagecraft is an elective offered to those students who are interested in the world of backstage technology. Beginning with Stagecraft I and continuing through Stagecraft II and Technical Theater, students learn the basic behind the-curtain maneuvers and then put their knowledge to use during

the many stage productions presented yearly.

Stagecraft students are responsible for every rise and fall of the curtain. The details of the many sets and backdrops for the musical and the One-Act Play presented each year, as well as the unseen details such as the lighting and sound

system would be impossible without their knowledge and expertise.

The spotlight never shines on them or without them, but through it all, they seem to make their job look easy.

Many long hours spent working with sponsor, Gary Petty, was the true secret to the success of this year's stage crew. With patience and hard work, Petty and his crew brought us all a year of on stage enjoyment.

◀ Second year Stagecraft student Steve Solomon makes repairs on the light board.

ASSORTMENT BENEFITS SUNSET

Outfitters: Mr. Kimble, Ms. Adams, Aletis Mooton, Vickie Woodard, Lauanna Brown, Trina Drake, Veronica Villarreal, Yolanda Rogers, Yolanda Mayes, Julian Baron. ▼

The Outfitters consisted of approximately thirteen eleventh and twelfth graders. They met every other Thursday in room 215 at 8:00 a.m. The president of the outfitters was Alicia Monten. Mr. Kimble was the head sponsor with the help of Mrs. Adams and Mrs. Powell.

This was only the third year that the Outfitters had been an organization, yet every six weeks they sponsored a community project for the Oak Cliff area.

The Red Cross Club at Sunset consisted of only thirteen students this year, yet they raised over three-hundred dollars for the needy. This was a big accomplishment considering this was Sunset's first year involving the student body in a Red Cross Club.

Speech, Debate Require Lots of Extra Time

John Tygart and Sergio Silva prepare for an upcoming debate.

The Speech and Debate club traveled to Burleson, participating in High School Speech and Debate Invitational in October.

In Speech and Debate Competitions students are judged on organization speaking qualities, information contest, and use of expression ideas.

"This year's team is young. We should be a top competitor with a lot of hard work and dedication," said Ms. Lucy Holsenbake, sponsor.

Active members are Jenny Ullrich, Rhonda Robinson, Daniel Vera, Sergio Silva, Tonya Price, Cindy Hamilton, Gail Pitts, Lisa Lillard, John Tygart, Kevin Capehart, Corwin Armstrong, Conroe Armstrong, Billy Thomas, Jane Walker, Starlyn Barfield, Pam Meece, Teresa Stephens, and Kelly Ennis.

Gail Pitts, Cindy Hamilton, and Tonya Price prepare to speak before the class.

Rhonda Robinson and Teresa Stephens take sides.

F.H.A., Y-TEENS — WOMEN OF TOMORROW

"F.H.A. has helped me understand yesterday, and gives me courage to face a new beginning," said Pres. of F.H.A., Brenda Humphrey. This is why "Toward New Horizons" was picked as the motto of F.H.A. this year.

The club consisted of fifteen girls who had been in homemaking in recent years. The sponsors were Mrs. Linda Levine, Mrs. Ann Edwards and Mrs. Ruby

LATIN AND FRENCH CLUB

STAY ACTIVE

Latin Club

The Latin club and French club have had their share of activities this year.

The Latin club this year met twice a month discussing membership, community service projects, fundraisers and other matters.

The club took part in several fundraising endeavors throughout the year. A major fund raising activity the club did was a Roman Olympics with the other foreign language classes.

The officers of Latin Club were Amy Hamlin, President; Emma Rodriguez, Vice President; Sergio Silva, Secretary and Treasurer; and Linda Renteria, Social Chairman.

Despite its small size, the French Club stayed active this year. The club donated a Thanksgiving food basket to a family in the Sunset community and attended two field trips to a French restaurant and a French play.

"The students that actively participate in the French club have a genuine interest in French culture," stated sponsor, Longoria Hutchinson.

Latin Club gives their distinguished look, members are: Linda Renteria, Carla Ennis, Kameron Lemaster, Daphne Felix, Celina Meza, Andy Robles, Janita Romero, Charlie Naile, Amy Hamlin, Jenny Walling, Sergio Silva, Scott Sellers, Ben Gomez, Richard Conteras, Cindy Rodriguez, Jesse Garcia, Tracy Foust, and Emma Rodriguez.

21 Dance for Sunset

Maria Escobedo and Sonja Cardoza dance the Nergo at the Dinner Theater.

The twenty-one Folklorico dancers at Sunset this year have been busy all year long with different occasions to attend to.

Folklorico's busiest occasion is Cinco de Mayo. They attend several schools and different places that day. Their schedule is so full that they have to turn down many invitations.

Some of the places Folklorico have performed at were at the Methodist Church, Mexican American Heritage Center, Downtown Library, State Fair, and their dinner theater.

"Many of the teachers have told me that this is the best group since the class began six years ago. In addition to the excellent advanced group, there are several outstanding first year students," stated sponsor, Helen Schlueter.

The Folklorico dancers appear with their costumes with members: Maria Escobedo, Norma Ramirez, Mary Vargas, Sonia Cardoza, Maria Cantu, Marty Hernandez, Maria Trevino, Robert Rubealcaba, Marisela Ibara, Angela Gonzales, Ruben Marroquin, Elvie Rivera, Caleb Brown, Ruben Rios, Steve Falcon, Miguel Herrera, Gary Gonzales, Rolando Rodriquez, Mario Zarate.

Bisons encounter long, hard, season

The Bisons slipped by the Diamond Hill Eagles 15 to 14 to start the long 1983-84 season.

It appeared that "Big Bo" in the sky was going to be with the Bisons this year, but the Bison's 2-8 record proved this to be wrong.

With the second game there came an onslaught of injuries to the Varsity squad.

The loss of many key players was a big factor in the upsetting season. Due to this, the coaching staff was forced to promote some of the J.V.

players to Varsity just to have a full squad.

Their record does not, however, tell the whole story. Despite what the records must say, many of the games were quite close, but the Bisons unfortunately always came out on the short end of the stick.

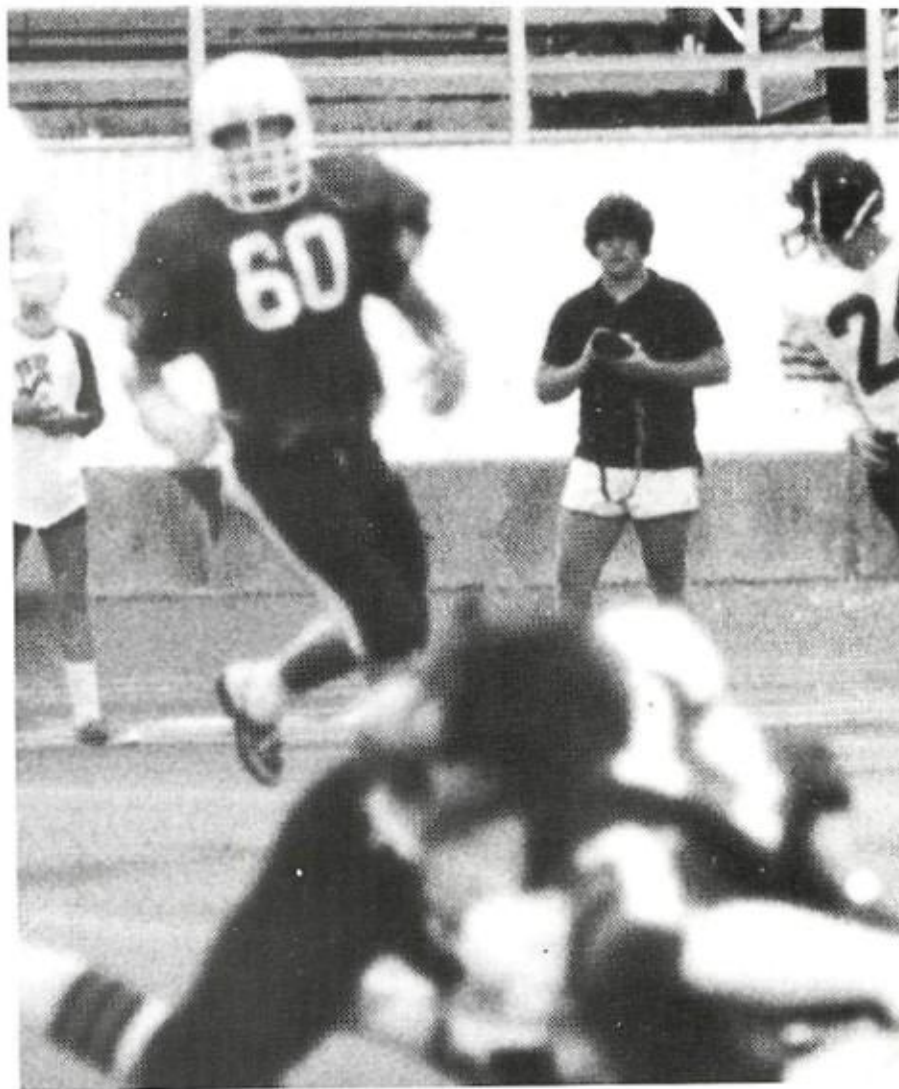

The thing that was most important is that our Bisons always fought hard and never gave up despite all of the obstacles that they encountered.

Top Left — Aurther Ruiz, Coach Jack Miller, Earl Farley, Tim Ghormley, Jim Ross, Dave Caldwell, Kevin Mixon, Mgr. Robert Moon. Second Row — Gerald Green, Jason Lopez, Alvin Skrabanek, Steve Jimenez, Mike Jakubec, Adrian Young, Kevin Graham, Steve Baril, Grady Martin, Miguel Salazar Third Row — Brian Jenkins, Steve Keele, Albert Martinez, Will Averitt, Marc Bible, Andy Robles, Robert Reschman, Conroe Armstrong, Richard, Ochoa, Reuben Garcia, Billy Henderson, Eric Carter, Adam Hernandez, Mark Crutcher, Bennett Phelps, Greg Flores, Tim Allen

◀Quarterback Reuben Garcia (12) fires for six against Diamond Hill which helped the Bisons in their first win, 15-14.

▲Cornerback (14) Bennett Phelps along with other Bisons round up Bishop Lynch receiver only to fall to a 13-0 loss.

◀Tailback (43) Conroe Armstrong fights for every inch against the Friars of Bishop Lynch as (83) Mike Jakubec looks on.

Conroe

you are a very talented young man and nice looking. Some you carry yourself as a intelligent person. (This is between me and you) do you remember what really happened in the year 1976, that's along ways back when you had a crush on me if I can remember it was it the other way around,

Two-A-Days Proved Rough

It was the crack of dawn, the dew was still on the grass, the sound of birds singing were in the background, the players and coaches were just arriving on the practice field.

Then breaking the silence of the early morning hours came the cry "On the line." The first day of fall practice, 2-a-days, had begun. The players sleep-walk to the goal line, thinking and dreading what the coaches had planned for them in the practice ahead.

Now it was mid-way through the season, late September early October; it was a hot and humid afternoon. The bell rang ending sixth period, it was time for football practice.

The players make their way to the practice field, still thinking and dreading the practice coaches had planned for them.

While they were suiting out the players joke and kid around until one of the

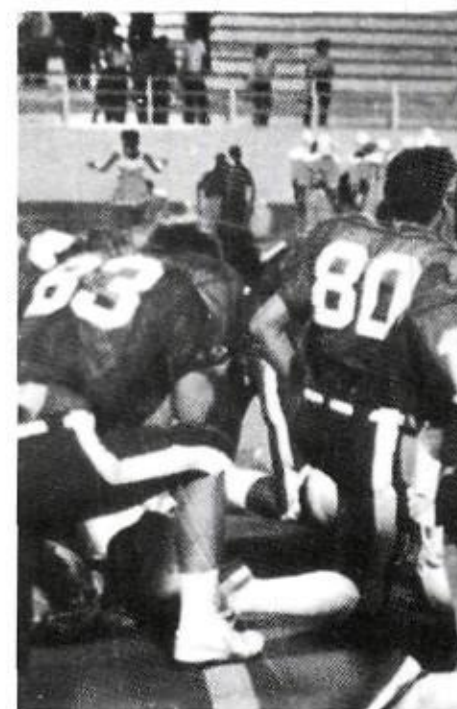

coaches, a slightly bald-headed man, threatened them that if they don't hurry up and get on the practice field they will owe him a thousand yards of belly flops.

While everyone was standing around stretching; throwing and passing the ball the familiar and dreaded cry was heard "On the line," football practice had begun.

Halfway through the practice during a defensive scrimmage one of the players jammed his index finger while tackling the ball carrier. He complained to one of the coaches about the pain and only received the reply, "Put a bandaid on it," he continued to practice.

All through the season until it is over the same incident occurred over and over, not always the same player but each one receiving some sort of pain and then just ignoring it continued to practice. Year after year the same thing is repeated, this thing is called PRACTICE!

▲Senior football players being themselves: (standing) Tim Allen, Greg Flores, Stephen Baril, Andy Robles, Adrian Young, Conroe Armstrong, Reuben Garcia. (kneeling) Arthur Ruiz, Miguel Salazar, Mike Jakebec, Alvin Skrabanek, Brian Jenkins, Steve Jimenez.

Adam Hernandez sprints by Longhorn defenders for yardage, W. T. White however, still came out on top 53-8.

Bison offense struggles for yardage against W. T. White at Sprague Stadium.

Baby Bisons Win 2

The Freshman team of 1983 had a large turnout for 2-a-day practices prior to the beginning of school.

This unusually large number of players was the best group in six years according to Coach Charles Patton.

The young Bison team had only one victory coming against the Friars of Bishop Lynch by the score of 16-6.

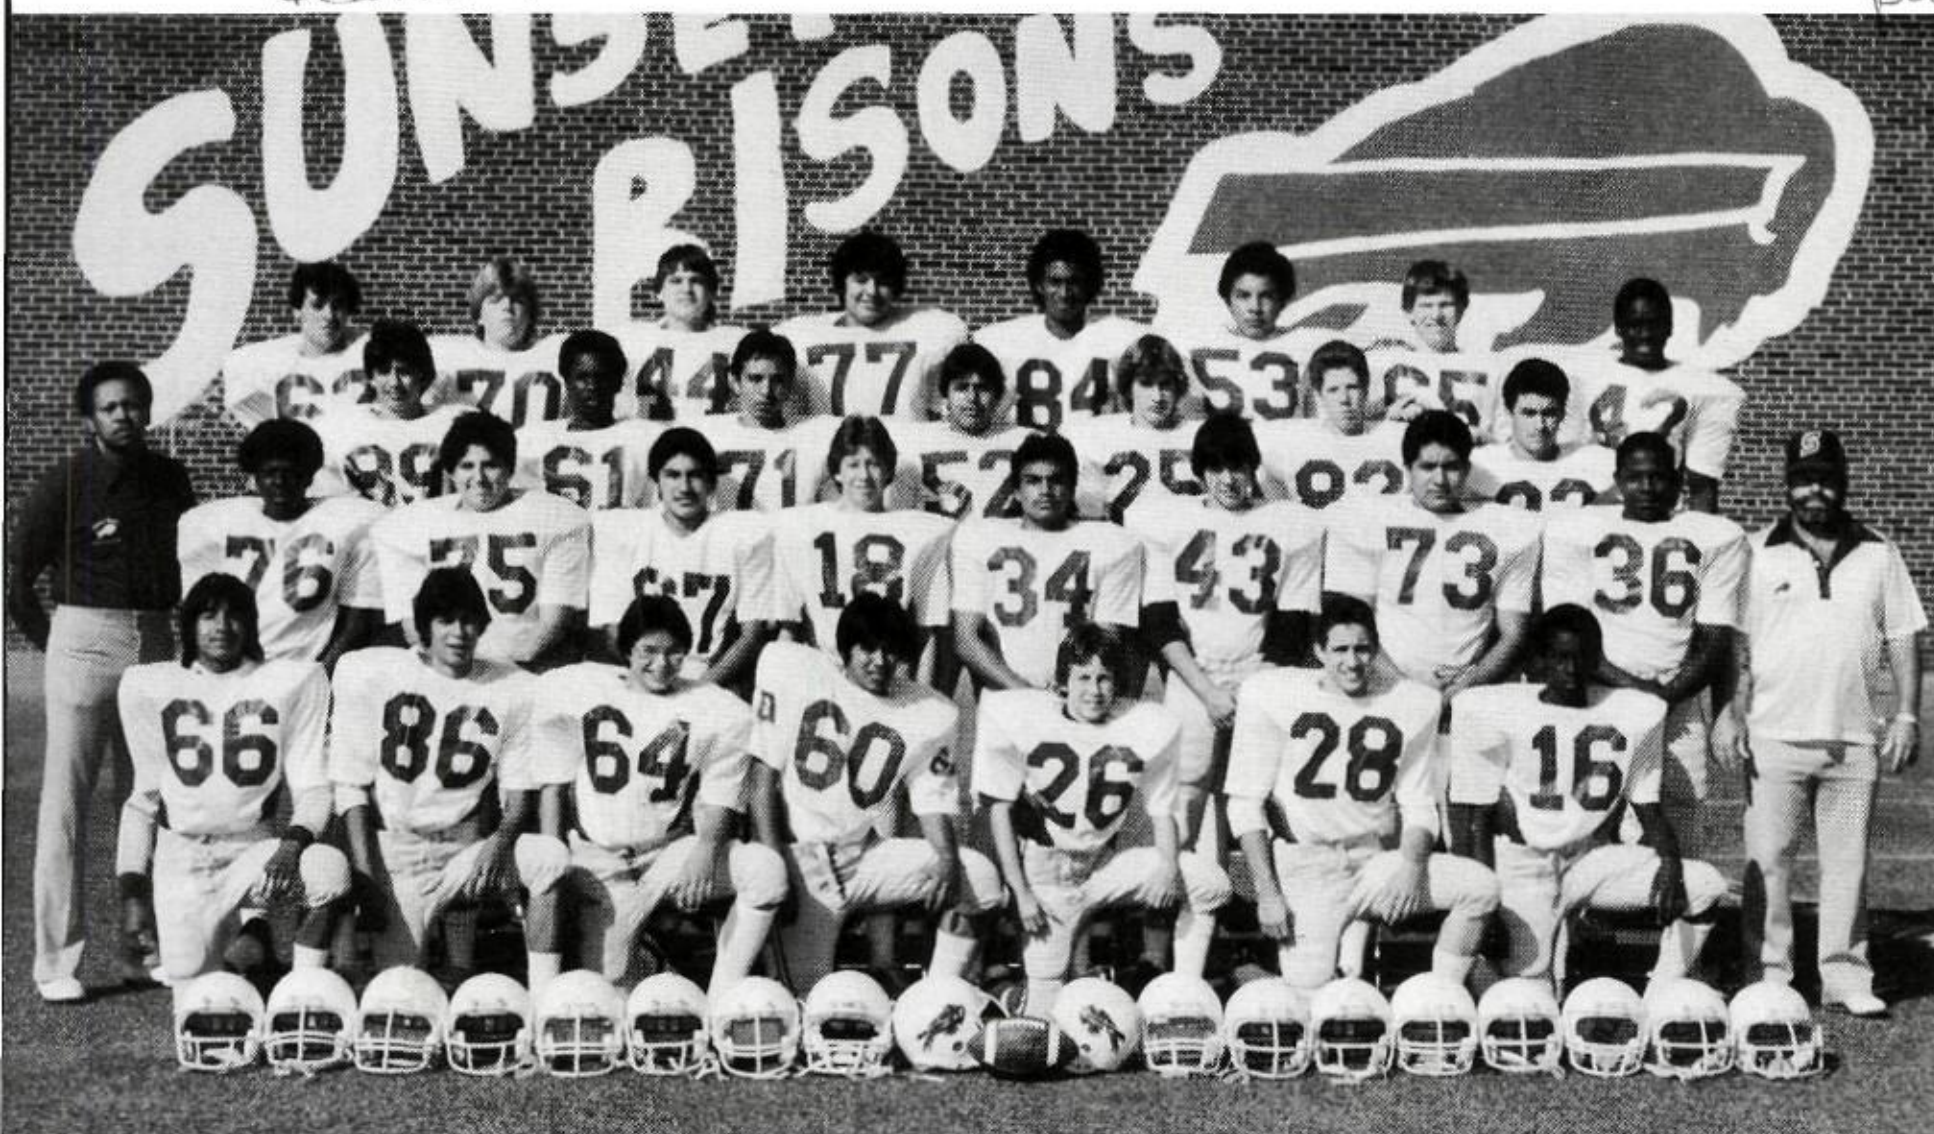

The rest of the season was mainly a learning experience to help build character and knowledge for their seasons to come.

J.V. 2-2-1 in Season

Hard practices, relentless coaching, long games, and numbers were just some of the elements that the J.V. football team was up against week after week.

By starting off the entire season in the best way possible — with wins over Bishop Lynch and Diamond Hill, the team's confidence was on the right foot. But, everybody knows that a good thing doesn't last, and the indefinite bad luck started up; J.V. was defeated in four consecutive games by Adamson, Hillcrest, White, and Pinkston. With a bit of hustling, they tied the Kimball Knights; this was just the type of game that was needed to bring the confidence back and up to par.

According to a large number of players, the biggest harm that has come to the team are the injuries that Varsity experienced. Every time a Varsity player was hurt, a J.V. member was pulled out of his rank and added on to the Varsity team; this made it hard to play with any consistency since the players positions were always being switched.

But, with the determination and courage of this year's J.V., they should help next year's Varsity come through with flying colors.

Cross Country Sweeps District 11-AAAAAA

The 1983 Cross Country seasons in recent years.

Out of the eight meets they participated in, around 12 team and 30 individual trophies were captured by Bison runners.

Early on in the season the girls varsity placed first outright in the St. Marks,

Spruce, and North Dallas meets, and took third at the SOC Invitational.

The boys varsity captured second at the St. Marks and Spruce events and a third place birth at the North Dallas meet.

Their winning continued throughout the season on up to

the District meet.

At this meet, the boys' and girls' Varsity and Junior Varsity team all won the District 11-AAAAAA championships in their respective divisions.

The teams advanced to the Regional meet but their season stopped there.

VARSITY VOLLEYBALL

The 1983-84 District Volleyball Champs: Kneeling: Racheal Leal, Brenda Bennelley, Irma Alanis, Rosa Rodriquez standing: Coach Jean Bowers, Inez Herrera, Carol Jackson, Carrie Bass, Vickie Bass, Kathy White, Mgr. Sherrie Sandback

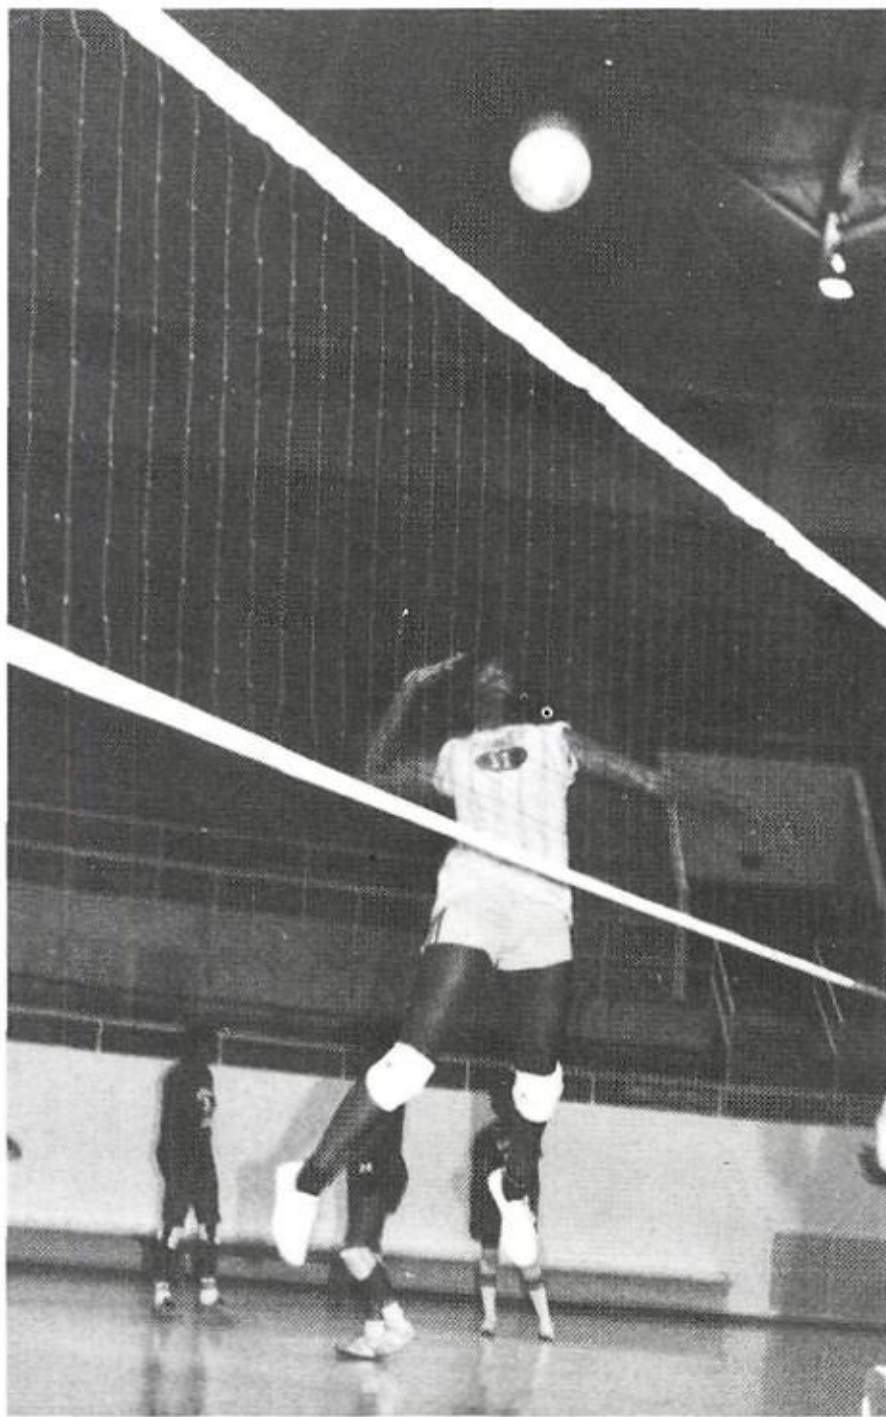

VARSITY VOLLEYBALL TAKES DISTRICT

First time Sunset captures a District Championship in Varsity Volleyball. All it took was a "perfect" district record.

Having lost only two games in preseason to MacArthur and in the area play-offs to J.J. Pearce, the Bisons fought their way through 16 other games proving their determination to take the trophy.

Teamwork was the winning ingredient for a team that lack in height and lacked somewhat in spiking ability. Serving power was another asset the team possessed.

After playing three years together the girls finally got it together and produced the District Champion Team before unknown to Sunset.

Stroke . . . Stroke . . . Stroke

Richard Ochoa and Larry Breze begin a long and strenuous meet.

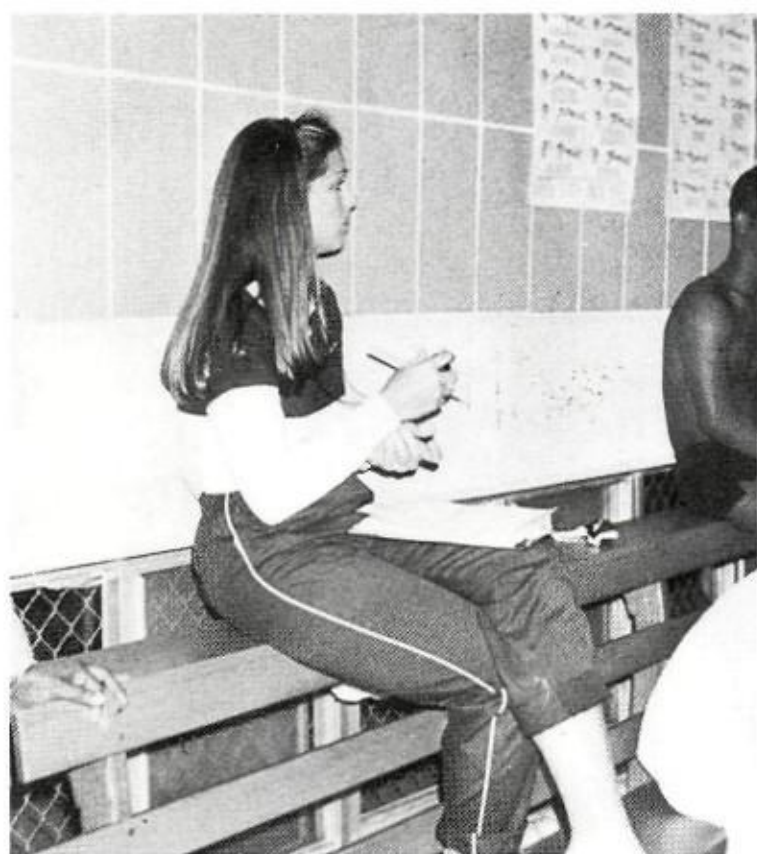

What is it about swimming that draws people to it?

"I like to swim because of the self reward. After a workout you can really tell if you've practiced or not, because your body is screaming at you.

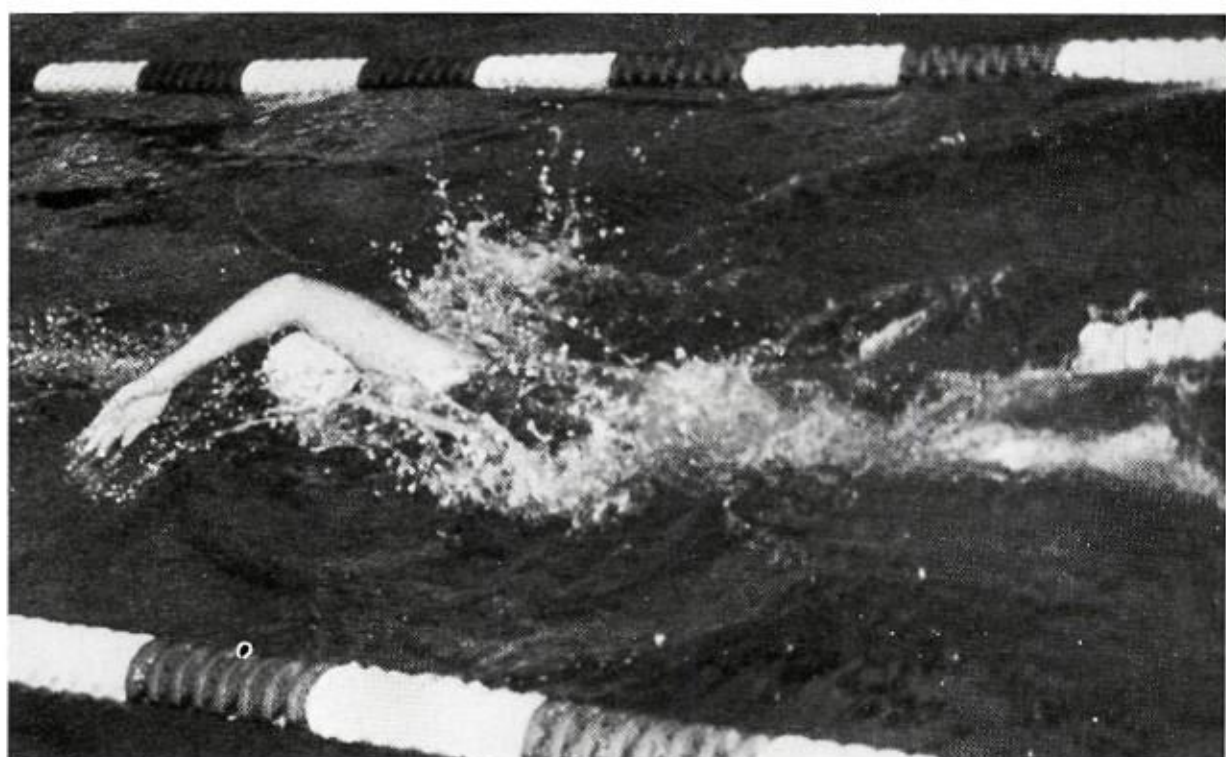

Sure, your knees may hurt and you may be too exhausted to do anything when you get home; but in the long run, especially after a meet, you'll know that you did the best you could," said third year swimmer Rad Allen.

The team has gotten larger this year, and as a result, more people are willing to have more workouts.

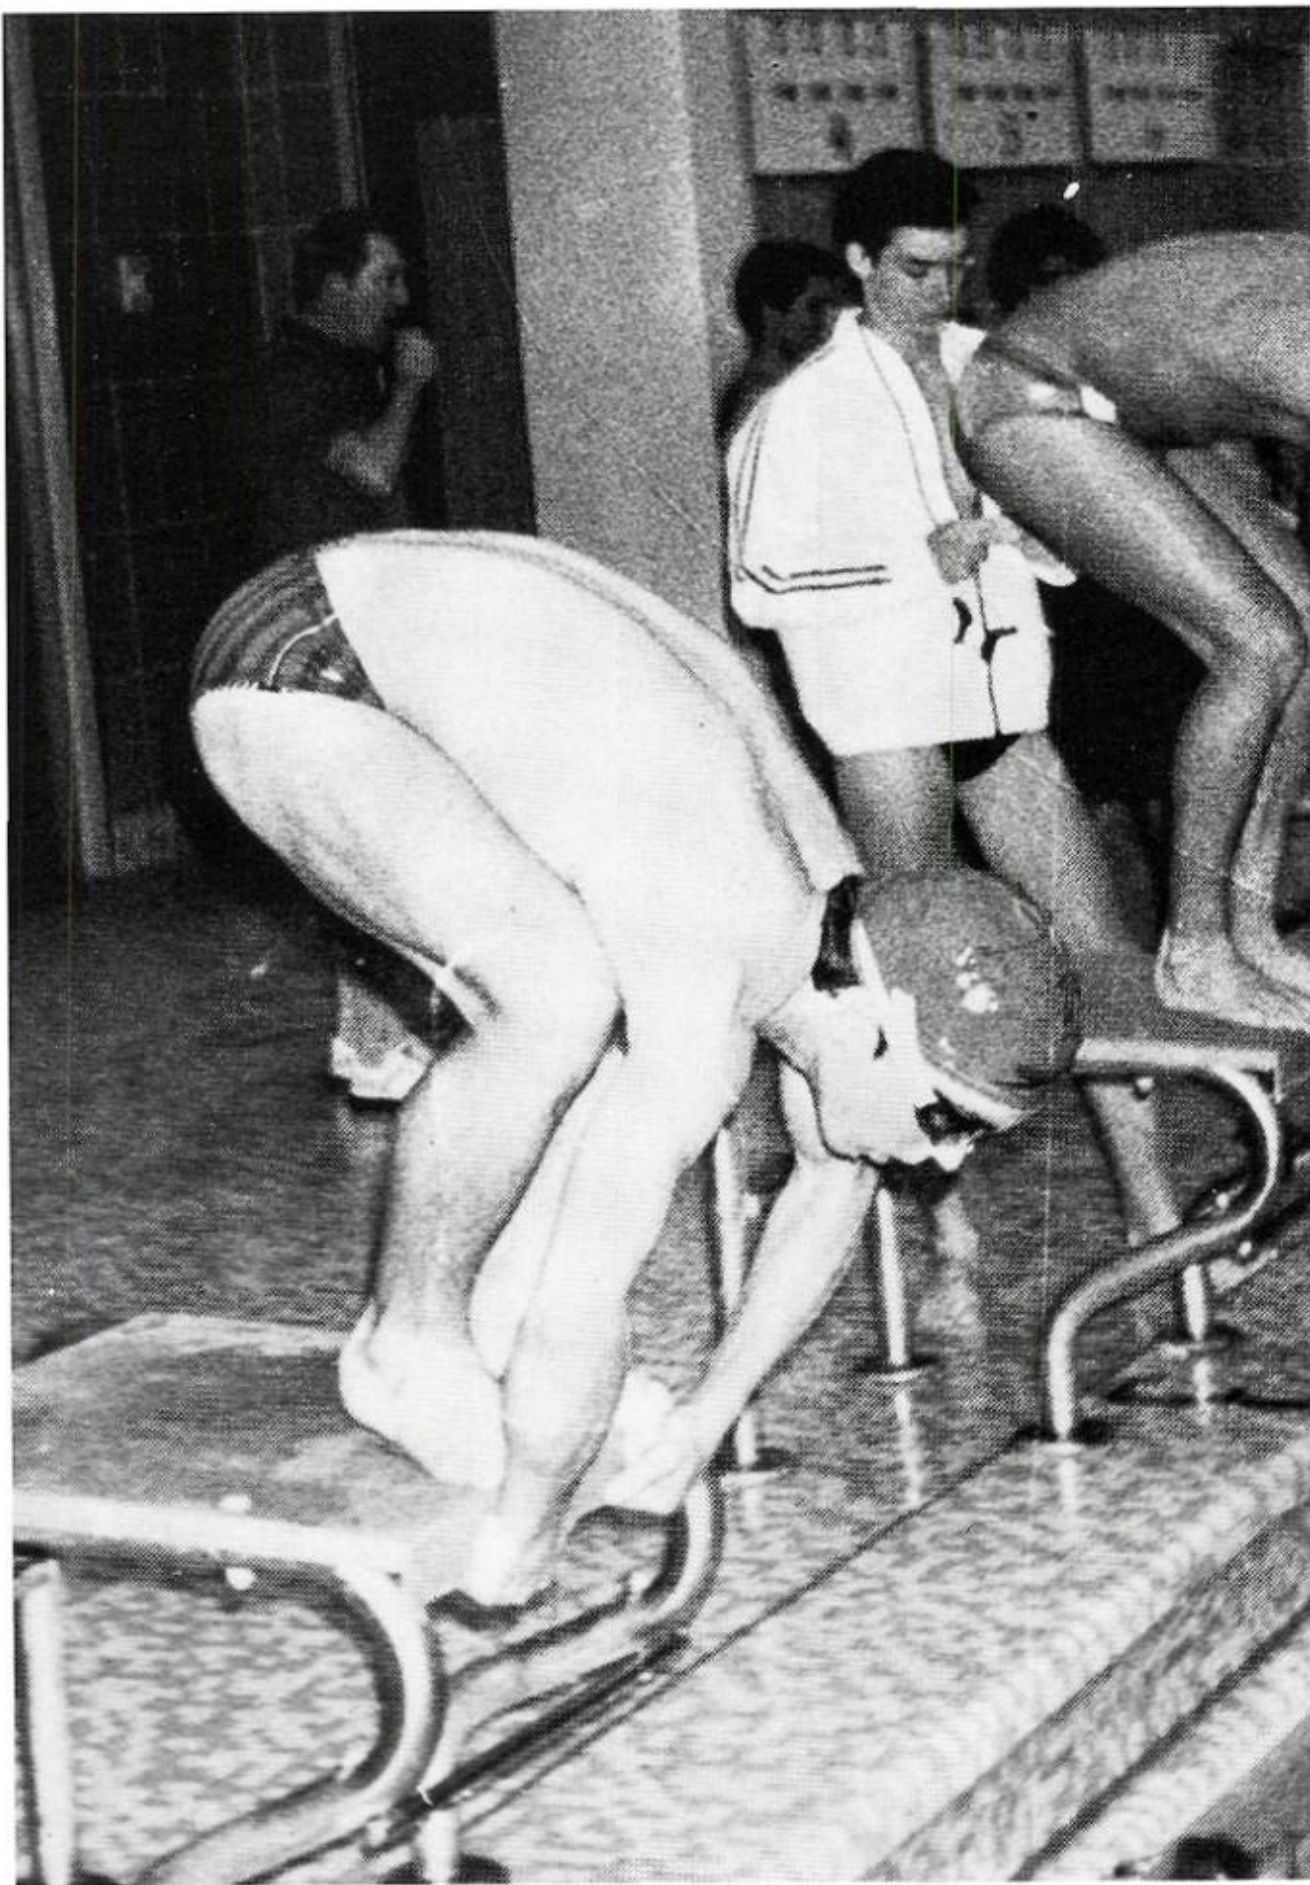

Why are people attracted to swimming? It certainly has its drawbacks, such as: dry, aching skin, burning eyes, pruny hands and feet, and the beautiful long-lasting smell of chlorine that permeates the hair.

Coach Beverly Geise is kept busy during the meets, timing the team.

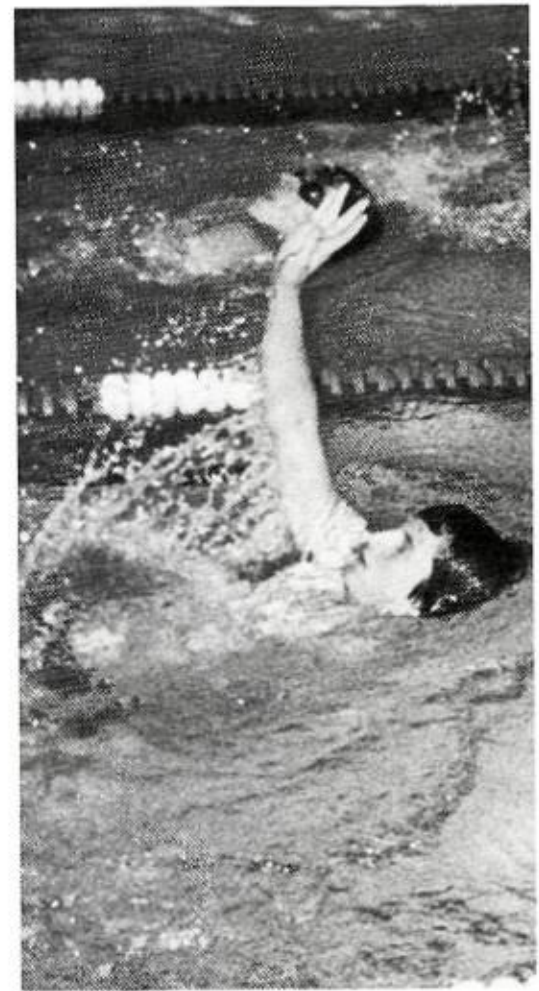

Karla Ockels, showing off her swimming techniques.

◀ Robbie Kinzer gets ready to beat the competition.

▼ Larry Breazeale demonstrates the backstroke.

◀ The 1983-84 Bison Swimmers.

▲ Kinzer, Ockels, Ishmeal are ready to leave.

SWIM FOR SUCCESS

In spite of the disadvantages, the swim team's efforts resulted in a 5-1 season for the girls, 3-3 season for the boys.

The 83-84 girl's swim team consisted of Michele Beaty, Heather Hillman, Holly Hanson, Tabitha Hutchins, Christine Miller, Darla Ishmael, Karla Ockels, Francis Rabon, Bella Rendon, Maria Sanes, Hortencia Solis, Shelly Schneider, Debbie Orona, and Tammy Scroggins.

Members of the boy's swim team were Rad Allen, Larry Breazeale, Robbie Kinzer, Steve Falcon, Greg Rushing, David Lee, Richard Ochoa, and Richard Schlitt.

Some outstanding swimmers were seniors Rad Allen, Michele Beaty, and Karla Ockels; juniors Richard Ochoa and Robbie Kinzer; and sophomores Shelly Schneider, Christine Miller, and Richard Schlitt.

There were many freshman additions to the team who not only worked to develop their own talent, but also motivated the upperclassmen and provided competition for them.

Coach Beverly Giese stated about freshmen Holly Hanson and Larry Breazeale, "They are very versatile and know all four strokes . . . as 'rookies' they have made the 'veterans' of the team work harder."

Freshman Larry Breazeale butterflies into action.

The swim team takes a break from practice.

Sr. Karla Ockels takes off for another relay victory.

◀ Sr. Albert Diaz keeps his eye on the ball.

◀ Senior Marcus Brannon displays putting skill on course.

◀ Peter Peyton practices his follow through.

Brannon Hits Hole-In-One; Team Rebuilding

Can you imagine hitting a Hole-in-One on the golf course? Senior golfer Marcus Brannon did just that this year!

Brannon's luck hit on the Number 2 Hole at Stevens Park and he was using a Number 8 Iron. Excitement would not cover the feeling and pride Brannon felt.

Along with Brannon the golf team has four other members who were coached by a new coach, Mr. Patrick O'Rear. O'Rear considered himself an "Old Hacker" at golf. He helped with last year's team and enjoyed the time on the course.

O'Rear said the team was rebuilding since it was such a young team. He said that in years past Sunset was a powerhouse of the district but that distinction has shifted to W. T. White in recent years.

Craig Jarmillo and Albert Diaz were the senior members spearheading the team. Chance Brittain was the best newcomer this year. Peter Payton and Mark McOwin were also rookies.

PGA Pro, Jimmy Powell, at Stevens Park helped the team this year.

Golf Pro Jimmy Powell; Marcos Brannen; Mark McKown; Chance Brittain; Albert Diaz; Peter Peyton; Craig Jarmillo; Manager Joey Fagundez and Coach Patrick O'Rear

Inexperience Haunts Season

This year's Varsity Basketball team did not do as well as coach Val Rhodes had hoped.

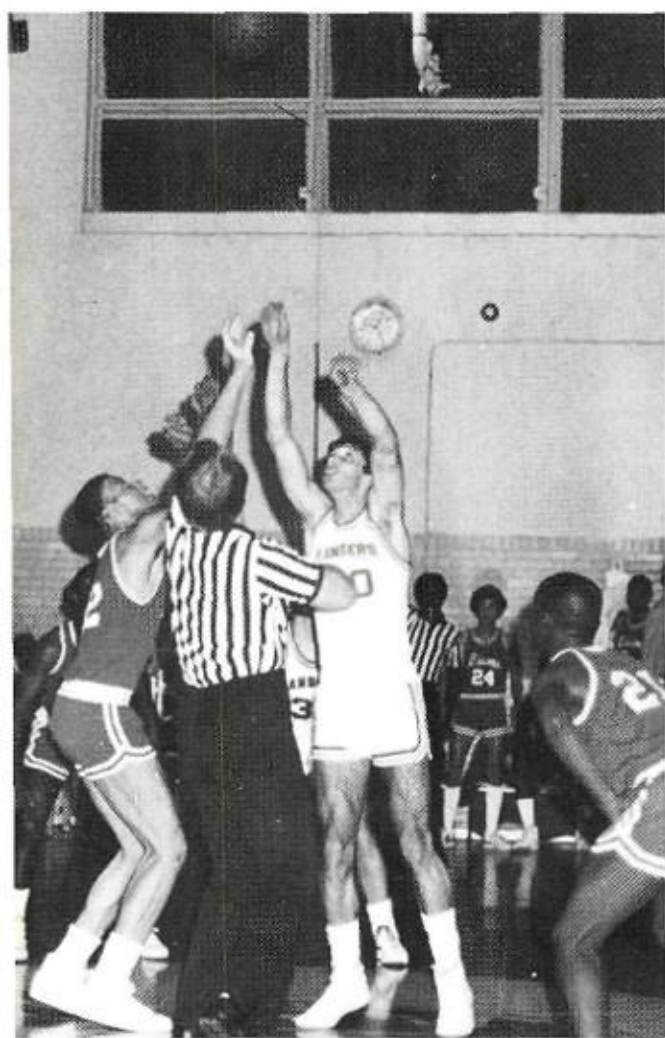

Even though he was not very pleased with their win and lose record he was pleased with his players overall attitude and hustle over the season.

Lack of experience in playing on the varsity squad was the main reason for the disappointing season.

According to Coach Rhodes this year is more or less a building season, next year the Bisons should be a contender.

Out of the starters on the team, Van Sides was the most consistent in rebounding and scoring, being among the top three in scoring in the area. The other players worked hard but their lack of experience caused them problems. These players are: Kevin Graham, Billy Brown, Eric Brown, and Marc Bible.

Coach Rhodes has a few words with Billy Brown in the Bishop Dunn game.

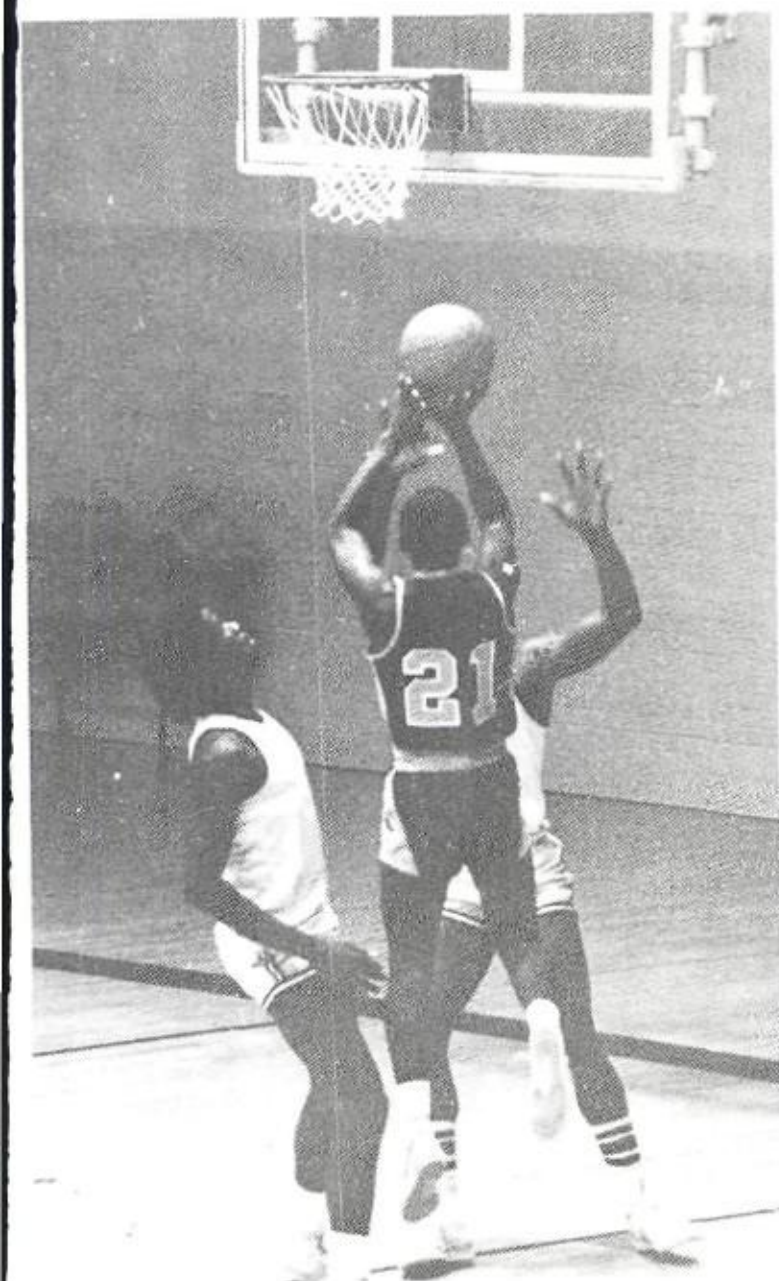

▲Wesley Clark jumps against Jesuit only to lose.

El sinko the ballo! is what Wesley Clark does in this game against Hillcrest. ►

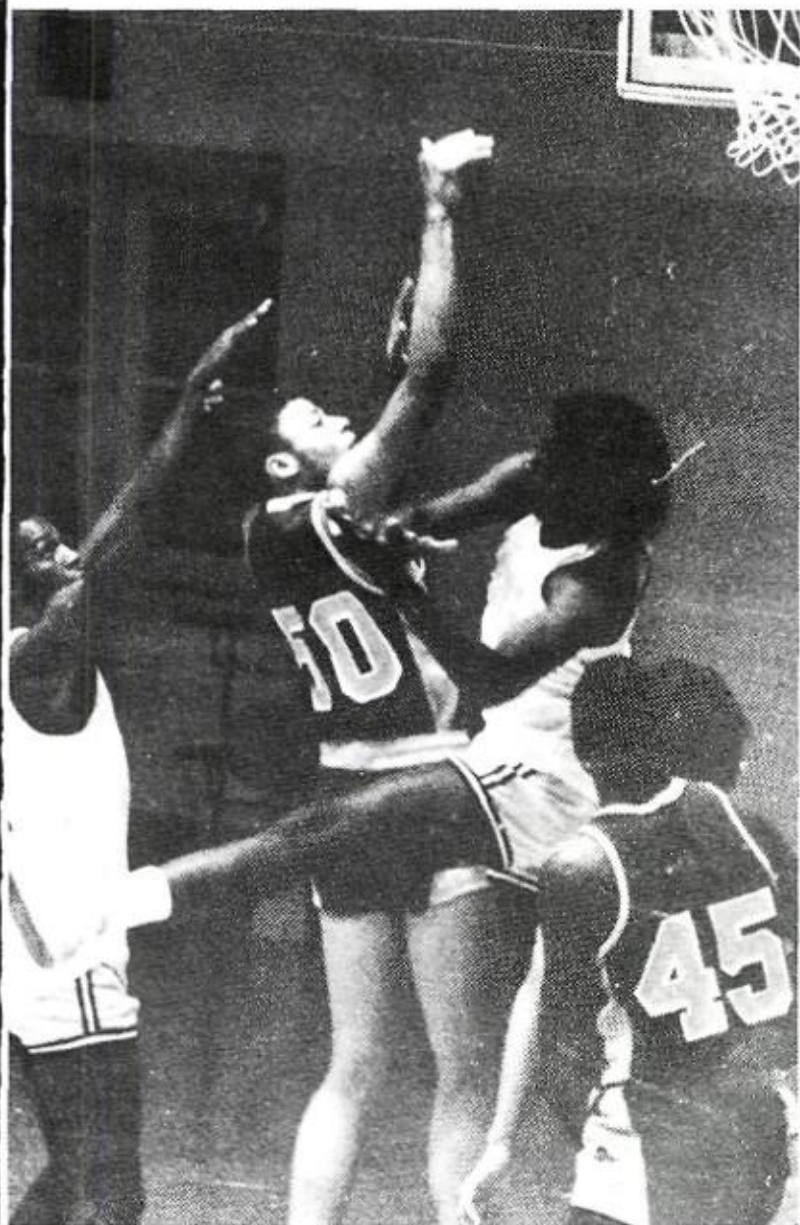

▲ Marc Bible takes a shot at the basket while the opponent does his best to mess him up.

Team Hustle Helps Out

Despite a losing season coach Val Rhodes is proud of his team's hustle. Throughout the season, the team has practiced just about every day, except game day, including the Christmas holidays. This takes a lot of dedication from each individual player. The team hasn't had a great deal of success but their desire to win has not left them.

They still attend practice on a regular basis and give the game their all. With continued hustle and the experience they will gain, the players returning next season will be able to expect a winning season and the chance to be contenders in district play.

◀ Eric Brown watches as Wesley Clark attempts another shot for a point.

▲ Where's the ball? is what the Pinkston player is asking while Eric Brown scoops the ball up.

▲ Top scorer Van Sides makes a free throw against the Carter Cowboys; Sides was the number three top scorer in the D/FW area.

Arthur Miller jumped against Pinkston while Edward Fisher, Fred Watson and Dario Silva waited for the ball.

The Freshman team consisted of Coach Dave Caldwell, Aultry Bromsey, Benjamin Gomez, Eric Carter, Edward Fisher, Chris Brown, Arthur Miller, Fred Watson, Rick Darby, Eddie Alcaraz and Dario Silva.

Photos by Blakeley

J.V., Freshmen Plagued by Inexperience

The Junior Varsity Basketball team had a season much like that of the Varsity — very few ups and a lot of downs.

Plagued by inexperience the team's winning record was poor but their willingness to hustle and their positive attitudes seemed to carry them through the season.

Outstanding players included Eddie Alcaez, Fred Watson and Eric Cantu.

The Freshman story was a little better this year. This team was said to be the best freshman team to represent Sunset in a long time. Their outstanding players were Jerome Lee, Ricardo Salas and Mike Stovall.

The freshman team showed poise in their execution of game plans. Their experience this season will help the junior varsity and varsity next year.

◀ Ricardo Salas, Mike Carroll, Jamie Cortes, Michael Stovall, Jerome Lee, Rayland Moore, Corwin Armstrong and Coach Tim Ghormley made up the freshman team.

Mike Stovall, Jerome Lee and Mike Carroll jumped for a rebound against Pinkston. ▼

Varsity Has Potential

This year's girls' varsity basketball team has a lot of potential going for them. With just about the whole team made up of seniors, experience proves to be the edge.

Coach Margie Cantu had this to say, "If we continue to pull together we will have something going for us." Coach Cantu said that because her team is very well disciplined and the players have a real positive attitude about playing the game they should improve. The team consists of five seniors, three juniors and one freshman!

Inez Herrera practices her free throw as Coach Cantu and Tina Richardson look on.

Lady Bisons working hard at practice to improve their basketball skills.

Rachael Leal shows that practice makes perfect.

Girls Basketball Ampulated From District Contest

The Girls Basketball team finished 1-6 1st half of the district round only defeating Hillcrest; however with greater determination and higher hopes they bounced back for the final district round.

Unity was the main factor for the team's performance. The team lost games they should have won, nevertheless, the losses were credited to unnecessary turnovers and fundamental mistakes.

The Lady Bisons had height, experience, endurance and players like Junior Kellie Loyd who showed her talent for basketball. She has been on the varsity team since her freshman year.

Coach Margie Cantu called on three most talented and experienced seniors to lead the team. Kathy White who has ex-

ceptional "talent" to fool even the coach, is a three year letterman and the best rebounder. Center Guard Inez Herrera is also a three year letterman. Cantu describes her as being "the brain of the team" due to her ability to control the ball as well as the teams. Carol Jackson was honored as the team's leading scorer.

The J.V. worked on pure fundamentals.

The J.V. team's poor record is mainly due to sophomores and freshmen who lacked experience in basketball.

"If the team continues to work as they have been working this season, keeping their grades, attitudes and dedication up, we should be able to be very strong in the following years," said Coach Jean Bowers.

Girls Varsity Team: Tina Richardson, Rosa Rodrigues, Inez Herrera, Carol Jackson, Kathy White, Kellie Loyd, Racheal Leal, Coach Margie Cantu; Kneeling: Maria Meraz, Brenda Bennelley and Tonya Nicole Darby take time for team picture.

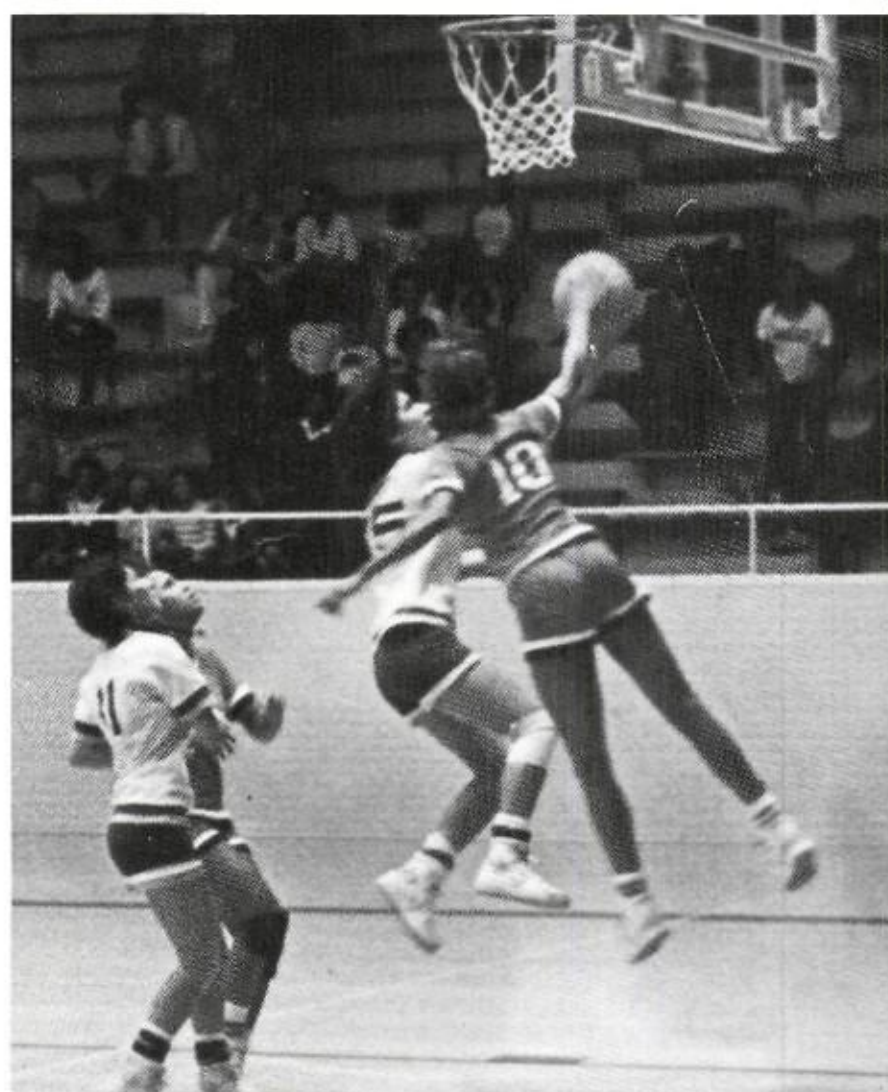

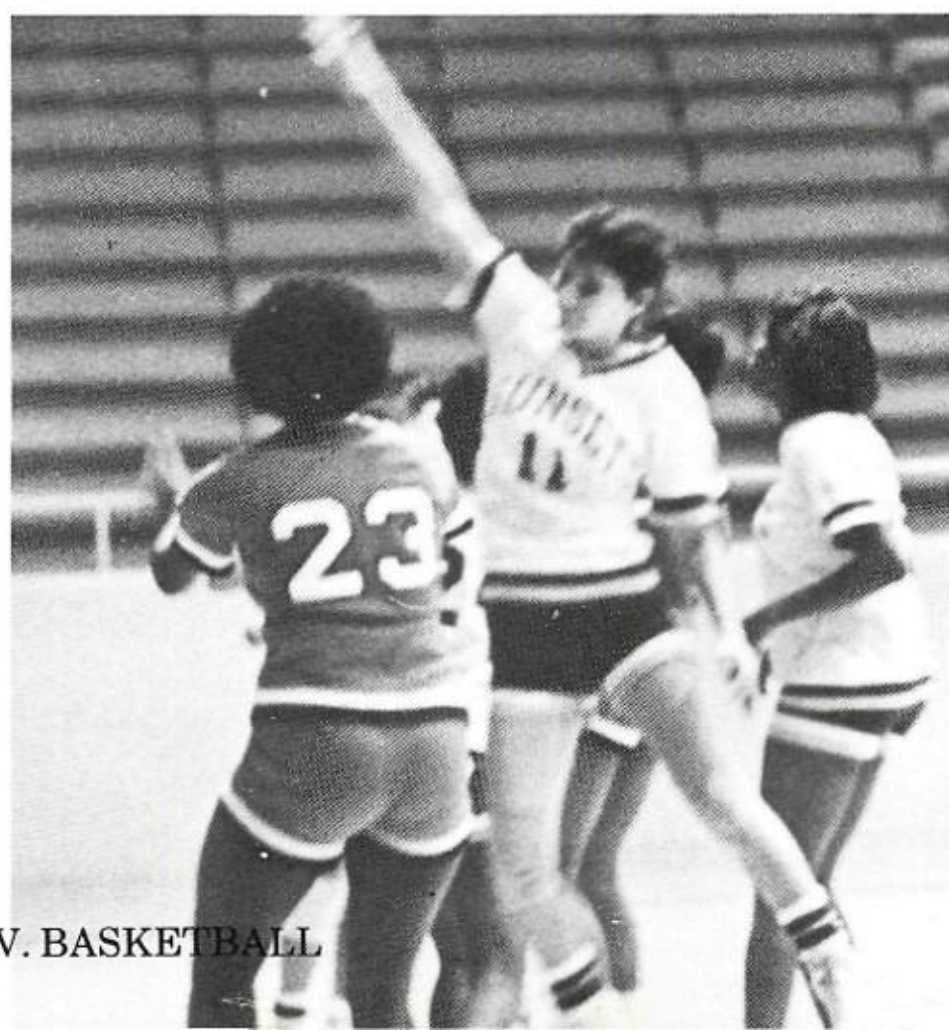

Kellie Loyd shoots while team mates Inez Herrera and Carol Jackson wait for the rebound. Kathy White and Racheal Leal wait for a fast break from Kimball.

The Bison defense Kathy White, Carol Jackson, Maria Meraz and Inez Herrera are ready to challenge the late arriving Kimball offense.

Soccer Set State as Goal

As the 1983-84 school year began, every member of the Sunset varsity soccer team had set a goal for the team and the school. They planned to be playing in Austin during April 1, in other words, they were going to state.

The Bisons went into district play with a 7-2-1 record. During district play, the Bisons had many tough games. A 3-0 win over W. T. White, a 4-1 loss to North Dallas and a 0-0 tie with Thomas Jefferson are just a sample of the matches they fought.

Extreme dedication was required from every player. Each practice and every game was carried out with both professionalism and enthusiasm.

Phillip Garcia (1) and Gary Phillips (13) in an easy 4-1 victory over DeSoto.

Front Row, L to R: Ralph Adames, Mario Garcia, Sammy Barron, Sammy Barron, David Cantu, Phillip Garcia, Jesse Alvarez, Rudy Ramos, Second Row: Joe Mora, Edward Divila, Mathew Penelle, Francisco Molina, Kyle Jetzel (GK), Charle Howard, Luis Mata, David Santoya, Coach Larry Erck.

Mario Garcia (10) and Jesse Arreazola (12) pass the ball during the win over DeSoto.

Francisco Molina (2), David Cantu (6) and Lee Alvarez set up a play against DeSoto.

Lee Alvarez (5) goes up against three DeSoto players.

Mario Garcia (10) chases the ball while defending Sunset's side of the field.

Mario Garcia (10) goes against two W. T. White defenders for the ball in a convincing 3-0 win.

Soccer Season Impressed By J.V.

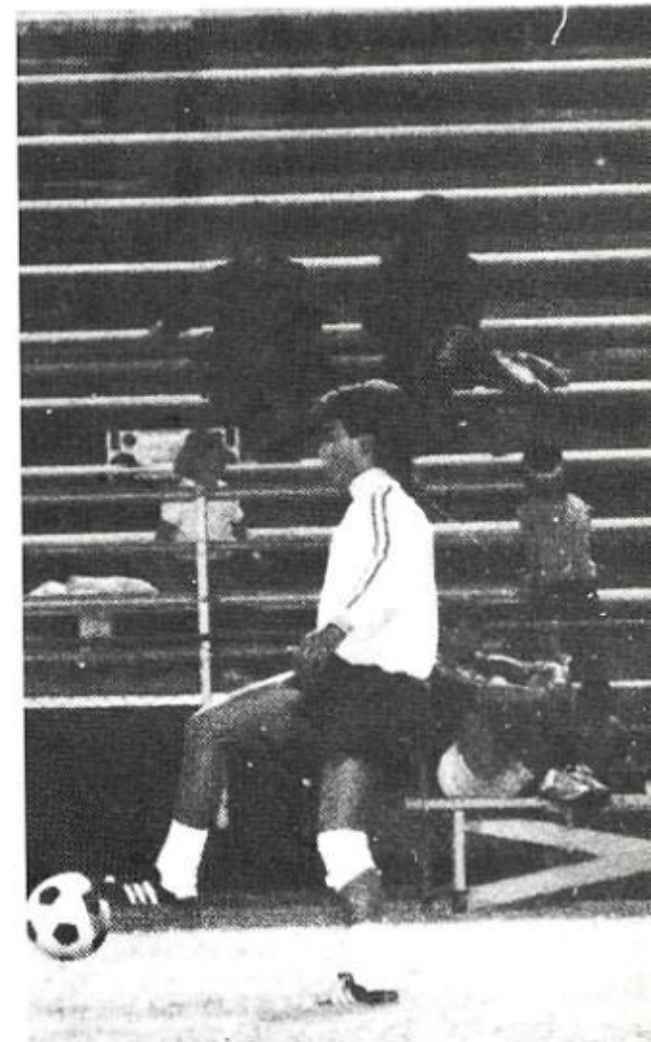

The 15 J.V. soccer players had a lot to look forward to this year.

Head Coach, Larry Erck stated that he was more impressed this year than he had expected to be. Much of the success of the J.V. can be attributed to the fact that almost all their players played club soccer. This contributed to the great defense.

As far as "weapons" goes, the most productive offense attacks were freshman David Patlin's long throw-ins and the impressive sweeper, Fernando Cortez.

The J.V.'s tournament this year was hosted by Hillcrest. They only went to one tournament this year because there are not hardly any tournaments for J.V. soccer. Coach Erck feels that the team needs their own coach, that is, a coach that does not have another team.

▲ Back row: Coach Erck, A. J. Guerra, Joe Soto, Jeff Gonzales, Luis Reyes, Fernando Cortez, Mark McKnow, Jimmy Bolte. Front row: Kevin Oneill, George Gamez, Chris Arellano, Faizal Bosch, David Patlin, Micheal Bailey, and Kenneth Harger.

Rachel Gonzales passes the ball to Maria Rios in an after school practice. ►

Girls' Hopes Dashed

Sunset's Girls' Soccer team hoped for district this year.

"The team had a good chance for District, however, certain obstacles had to be overcome. The team lacked togetherness, which is essential. As district continued the team improved their skills and played better games," said Coach Betsey Wagenhauser.

Due to too many girls coming out from club soccer to play UIL soccer, the girls' team was forced to try out for the varsity team.

Since many of the girls who made varsity were upperclassmen, a JV team was developed to give everyone a chance to play.

"The team suffered from injuries and sickness due to the cold weather, however, the conditions did not alter the enthusiasm and determination to win," said Captain Vickie Bass.

The varsity team was held back by the TJ defense and Kimball's offense as they saw their district hopes diminished.

▲ Vickie Bass challenges a W. T. White player in a 2-0 victory.

▲ (Left to Right) Janet Clewis, Carrie Bass, Daphine Felix and Irma Alanis keep warm and dry during the W. T. White game.

▲ Coach Betsey Wagenhauser gives Sr. Janet Clewis a lift on the sidelines during a game.

One of a Kind

The Sunset girls soccer team is the only one of its kind in the district.

With no other J.V. teams in the district, they play different teams from around the metroplex. They also play varsity teams in the district in practice games. The J.V. team is a feeder team for the varsity, and will make up most of next year's varsity.

▲ Stella Martizes and Norma Sandoval keep on their toes while playing soccer.

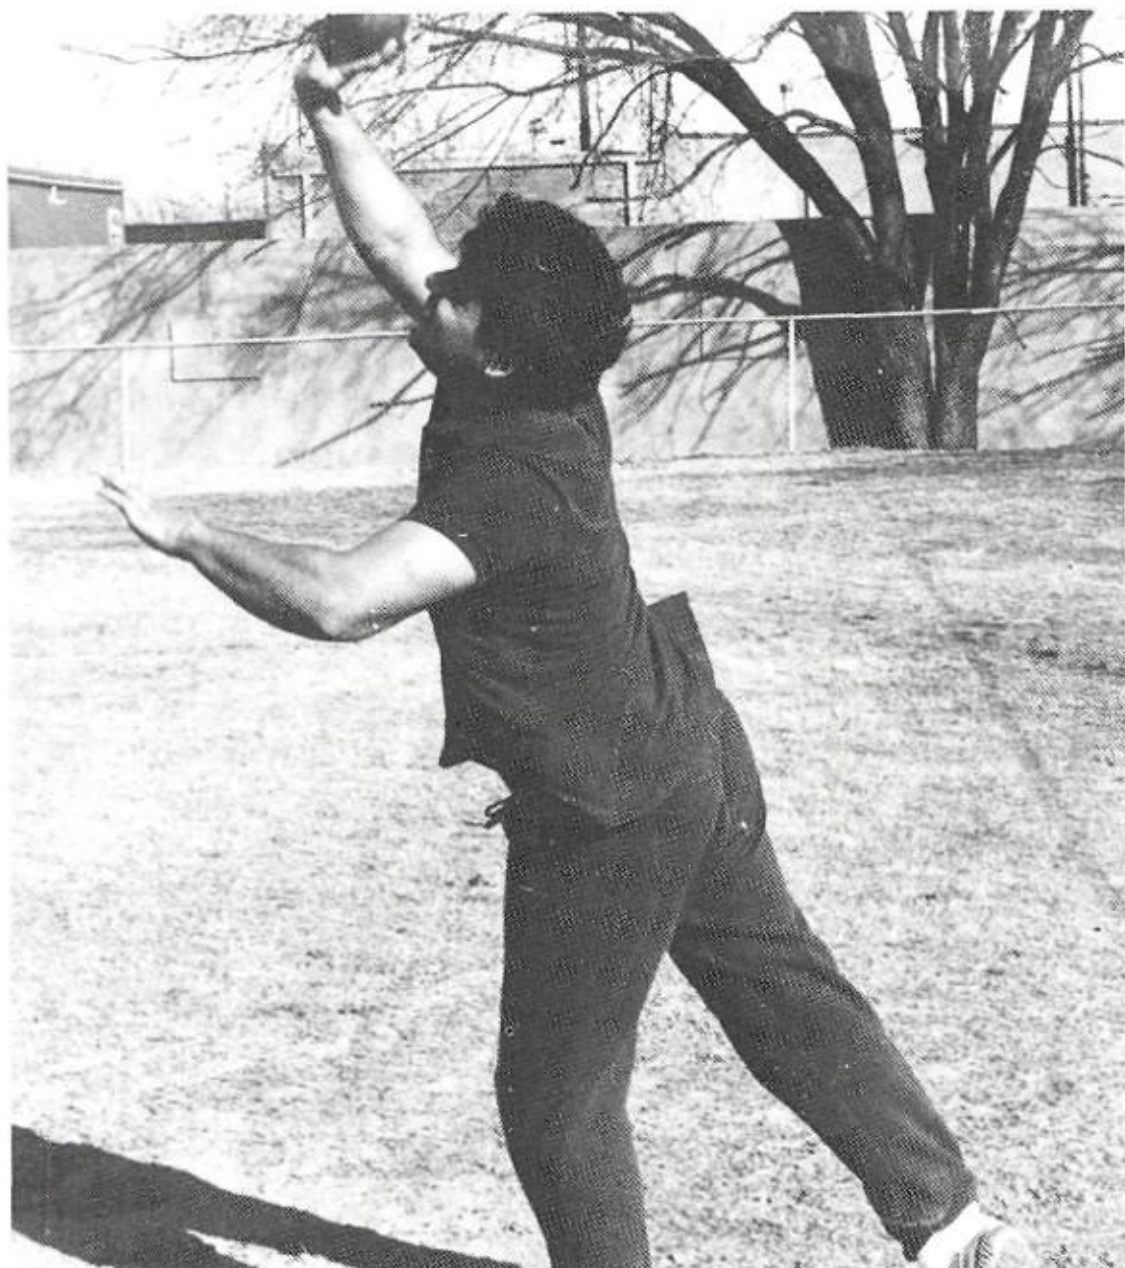

▲ Lisa Vasques and Staci Bonner set up play.

J.V. Soccer team includes Kathy Mendoza, Jackie Almond, Maria Rios, Bonnie Rodriguez, Judy Mais, Glorinda Lopez, Ann Cortez, Coach B. Wagenhauser; Bottom Martha Leon, Teresa Gamino, Helen Salazar, Rachel Gonzales, Norma Sandoval, Stella Martinez.

Sophomore, Rolando Robles, training hard for the shot-put. ▼

Coach Washington sponsors and trains the boy's track team. ▼

On the Right Track

The Sunset Track team is made up of a group of talented individuals who enjoy running, hurdling, pole-vaulting, shot-putting, and many others. Girls and boys alike were welcomed on the track team, and both the girl's and boy's teams showed great improvement over the teams of years past. The team prepared all year for the Sunset Invitational Track Meet, which they sponsored and participated in, upholding the Bison pride of Sunset athletics. Interest in the track-and-field events rose this year, making both Track and Cross-Country teams not only larger, but more competitive, and making for an overall successful year for the Track team.

▲ The whole boys' track team stretches together before practice.

◀ Junior, Greg Rushing displays both muscle coordination and concentration as he clears the bar in pole-vaulting.

TENNIS YOUNG BUT ENTHUSIASTIC

This year 1983-84 the tennis team progressed very well. They became semifinalist in the fall tournament that was held at Kiest Park.

This year their toughest competition was Kimball and W. T. White. But as Mrs. Linda Levine said, "We are a young team with a lot of enthusiasm and potential. Our techniques and skills are getting stronger."

Also she pointed out that the team had weak points such as many of the players lack tournament experience and strategy.

David Boger teaches Andy Robles his fine backhand.

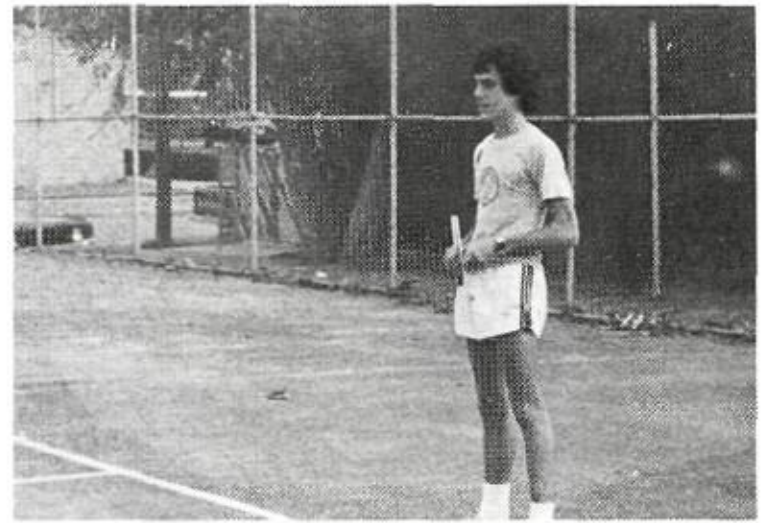

The 1983-84 Tennis Team are: Caleb Brown, Ricky Salinas, John Taquillas, Monte Elliff, Ashley Vincent, Natalie Bass, Leah Ockels, Albert Hernandez, Coach Linda Levine, Andy Robles, David Boger, Micheal Johnson, Henry Levine, Brendon Dunagen, Vincent Perez, and Amar Patet.

Bisons; Spoilers of 84

Coach Charles Patton simply began this year's baseball season with, "We're going to surprise a lot of people by upsetting a lot of teams. We are going to be the spoilers of '84."

The Bison strengths this year point to the pitching staff and the team's defense. Weaknesses according to one team member include lack of experience and speed.

Hitting was fair for the Bisons but improved with each game. Gary Gonzales along with Adam Gonzales, Joe Adames and Bennett Phelps led the hitting.

Team members believed that W. T. White, the defending District Champs, and Thomas Jefferson were the greatest obstacles the team would face.

JV's Ready for Great Season

Sunset's junior varsity baseball got off to a good start this year with Scott Wood knocking a homerun and a triple against Seagoville to chalk up their first victory.

Coach Dave Morocco expected a good year with Scott Wood, Mike Thibedeaux and Carlos Hernandez returning.

Strengths include the hitters and the pitching staff which consisted of Rene Cantu, Ricky Jaramillo, Fidel Rojas, and Richard Galvan.

Coach Morocco sited Salvador Chappa and Dale Eital as the top Newcomers. He believed this team had great potential since the JV's record last year was the best in the district.

▲ El Salvador Chappa waits for his turn at bat, along with team member Mike Thibedeaux.

CLA

SSES

WHO'S WHO

Who's Who is a Bison Tradition which began in 1945 with the selection of thirty-five members. Being named to Sunset's Who's Who is the highest honor for those who have

received many honors. Students are elected to Who's Who based on academic achievement, dedication to school activities, school spirit and attitude toward school,

peers and teachers. Those who achieve this honor personify the true meaning of Spirit, Knowledge and Friendship.

For her dedication on the Volleyball, Basketball, Cross Country, Soccer, Physical Fitness, and Track teams four years ... For her participation in Bo's Best ... For being a Junior Honor Guard ... For being active in the Pan Am and French Clubs one year ... For making the B Honor Roll four years ... For being in the TAG Program one year ... For her dedicated work on the Stampede Staff serving as Sports Editor one year ... For her participation on the Sundial Staff serving as Academics Editor one year ... For being chosen as a nominee for Sophomore Sweetheart ... For being elected as Most Athletic Senior Girl, we recognize IRMA ALANIS in Sunset's Who's Who.

For his active participation in Marching Band four years, serving as Drum Major one year ... For his dedication in Symphonic Band four years, Band Council three years, Band Solo and Ensemble two years ... For being a member of Woods and Waters, serving as President one year, a member of Key Club four years, serving as Vice President one year ... For making the B Honor Roll four years, a member of NHS two years, and chosen a member of Who's Who Among American High School Students ... For his active dedication on the Swim Team three years, serving as Captain one year and Outstanding Male Swimmer one year ... For his membership in A'Cappella two years, Camerata one year and Choir Solo and Ensemble two years ... For his elected services in Student Council one year and for being chosen a participant in the American Legion Boys' State one year ... For his active duty in Bo's Best and Young Life one year ... For receiving the honor of being on the All-Star Cast for "The Miracle Worker" one year ... For being in the cast of the musicals "Brigadoon" and "Annie Get Your Gun" ... For being chosen Freshman Favorite Runner-Up ... For being elected Most Talented Senior Boy Runner-Up and a Bison of the Year Nominee, we recognize IRAD EARL ALLEN in Sunset's Who's Who.

Our Mascot's Heritage

The bison, a large animal resembling an ox, has been the proud mascot of Sunset since 1925, when the school was established.

As a symbol of strength, courage, spirit, unity, and concern for others, the bison has the perfect qualities to represent Sunset.

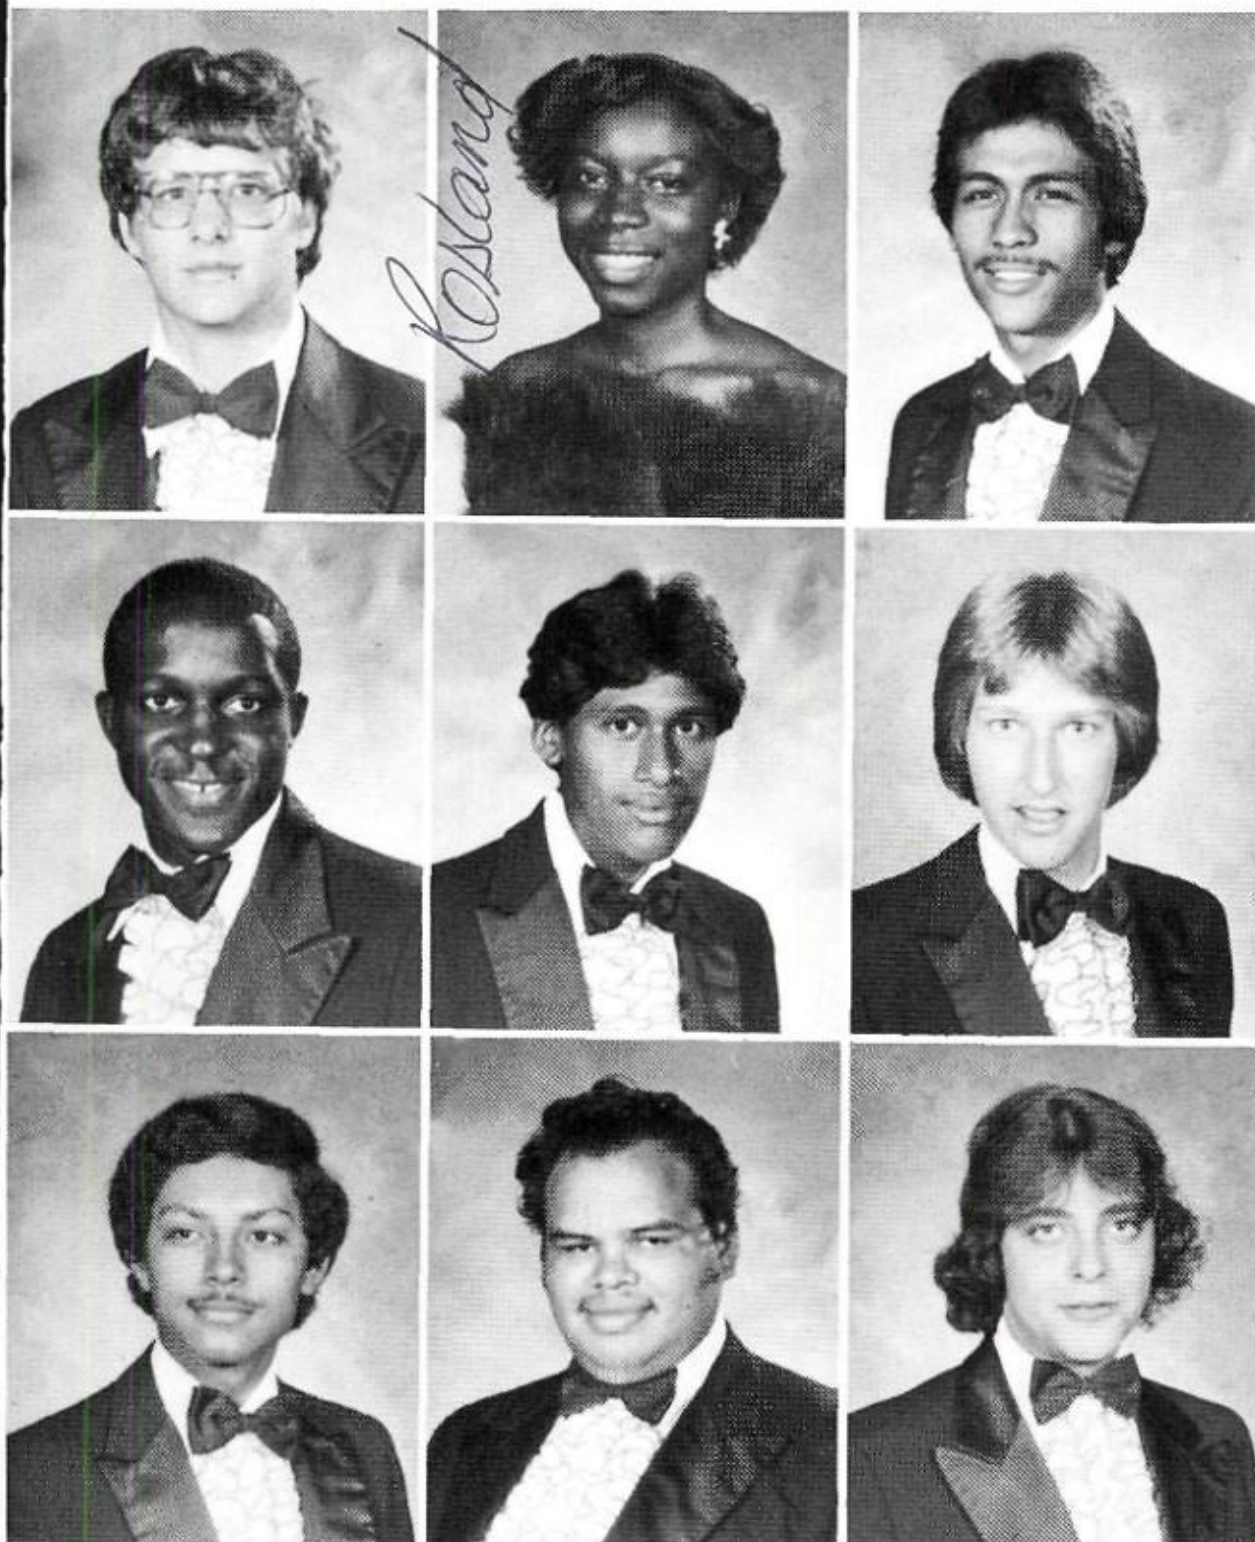

Weighing anywhere from 1,600 to 3,000 lbs. and standing up to 6 feet tall, the bison has roamed the North American territory since the beginning of time.

But in the late 1800's the bison almost became extinct by being slaughtered by American hunters. Then game laws and other protective measures were established allowing the surviving bison to live and multiply.

There are over 10,000 Bison populating the U.S. In addition to this number, over 1500 more bison inhabit Sunset High School.

Conrad,
I really
admire you.
You're a very
sweet guy
with a subtle,
but charming
personality.
I wish you all
the best in the
future. Good luck!
Love,
Carla Ennis

Is Your Senior Year What You Expected It To Be

Linda Renteria —

"Yes, it was really a fun year like everyone said it would be when I was looking forward to it. It depends on how fun you make it for yourself. Seniors are expected to be the leaders of the school, but first of all the seniors have to learn to work together. I think the class of '84 is doing a great job."

Jimmy Brittain —

"The seniors this year have not had the respect they have had in the past. I've not had a really exciting year; in fact, to me it has been rather depressing. The spirit has declined through the years, as demonstrated by the freshmen this year. Someday, I hope Sunset realizes these problems

and takes the initiative to stop them."

Teresa Stephens —

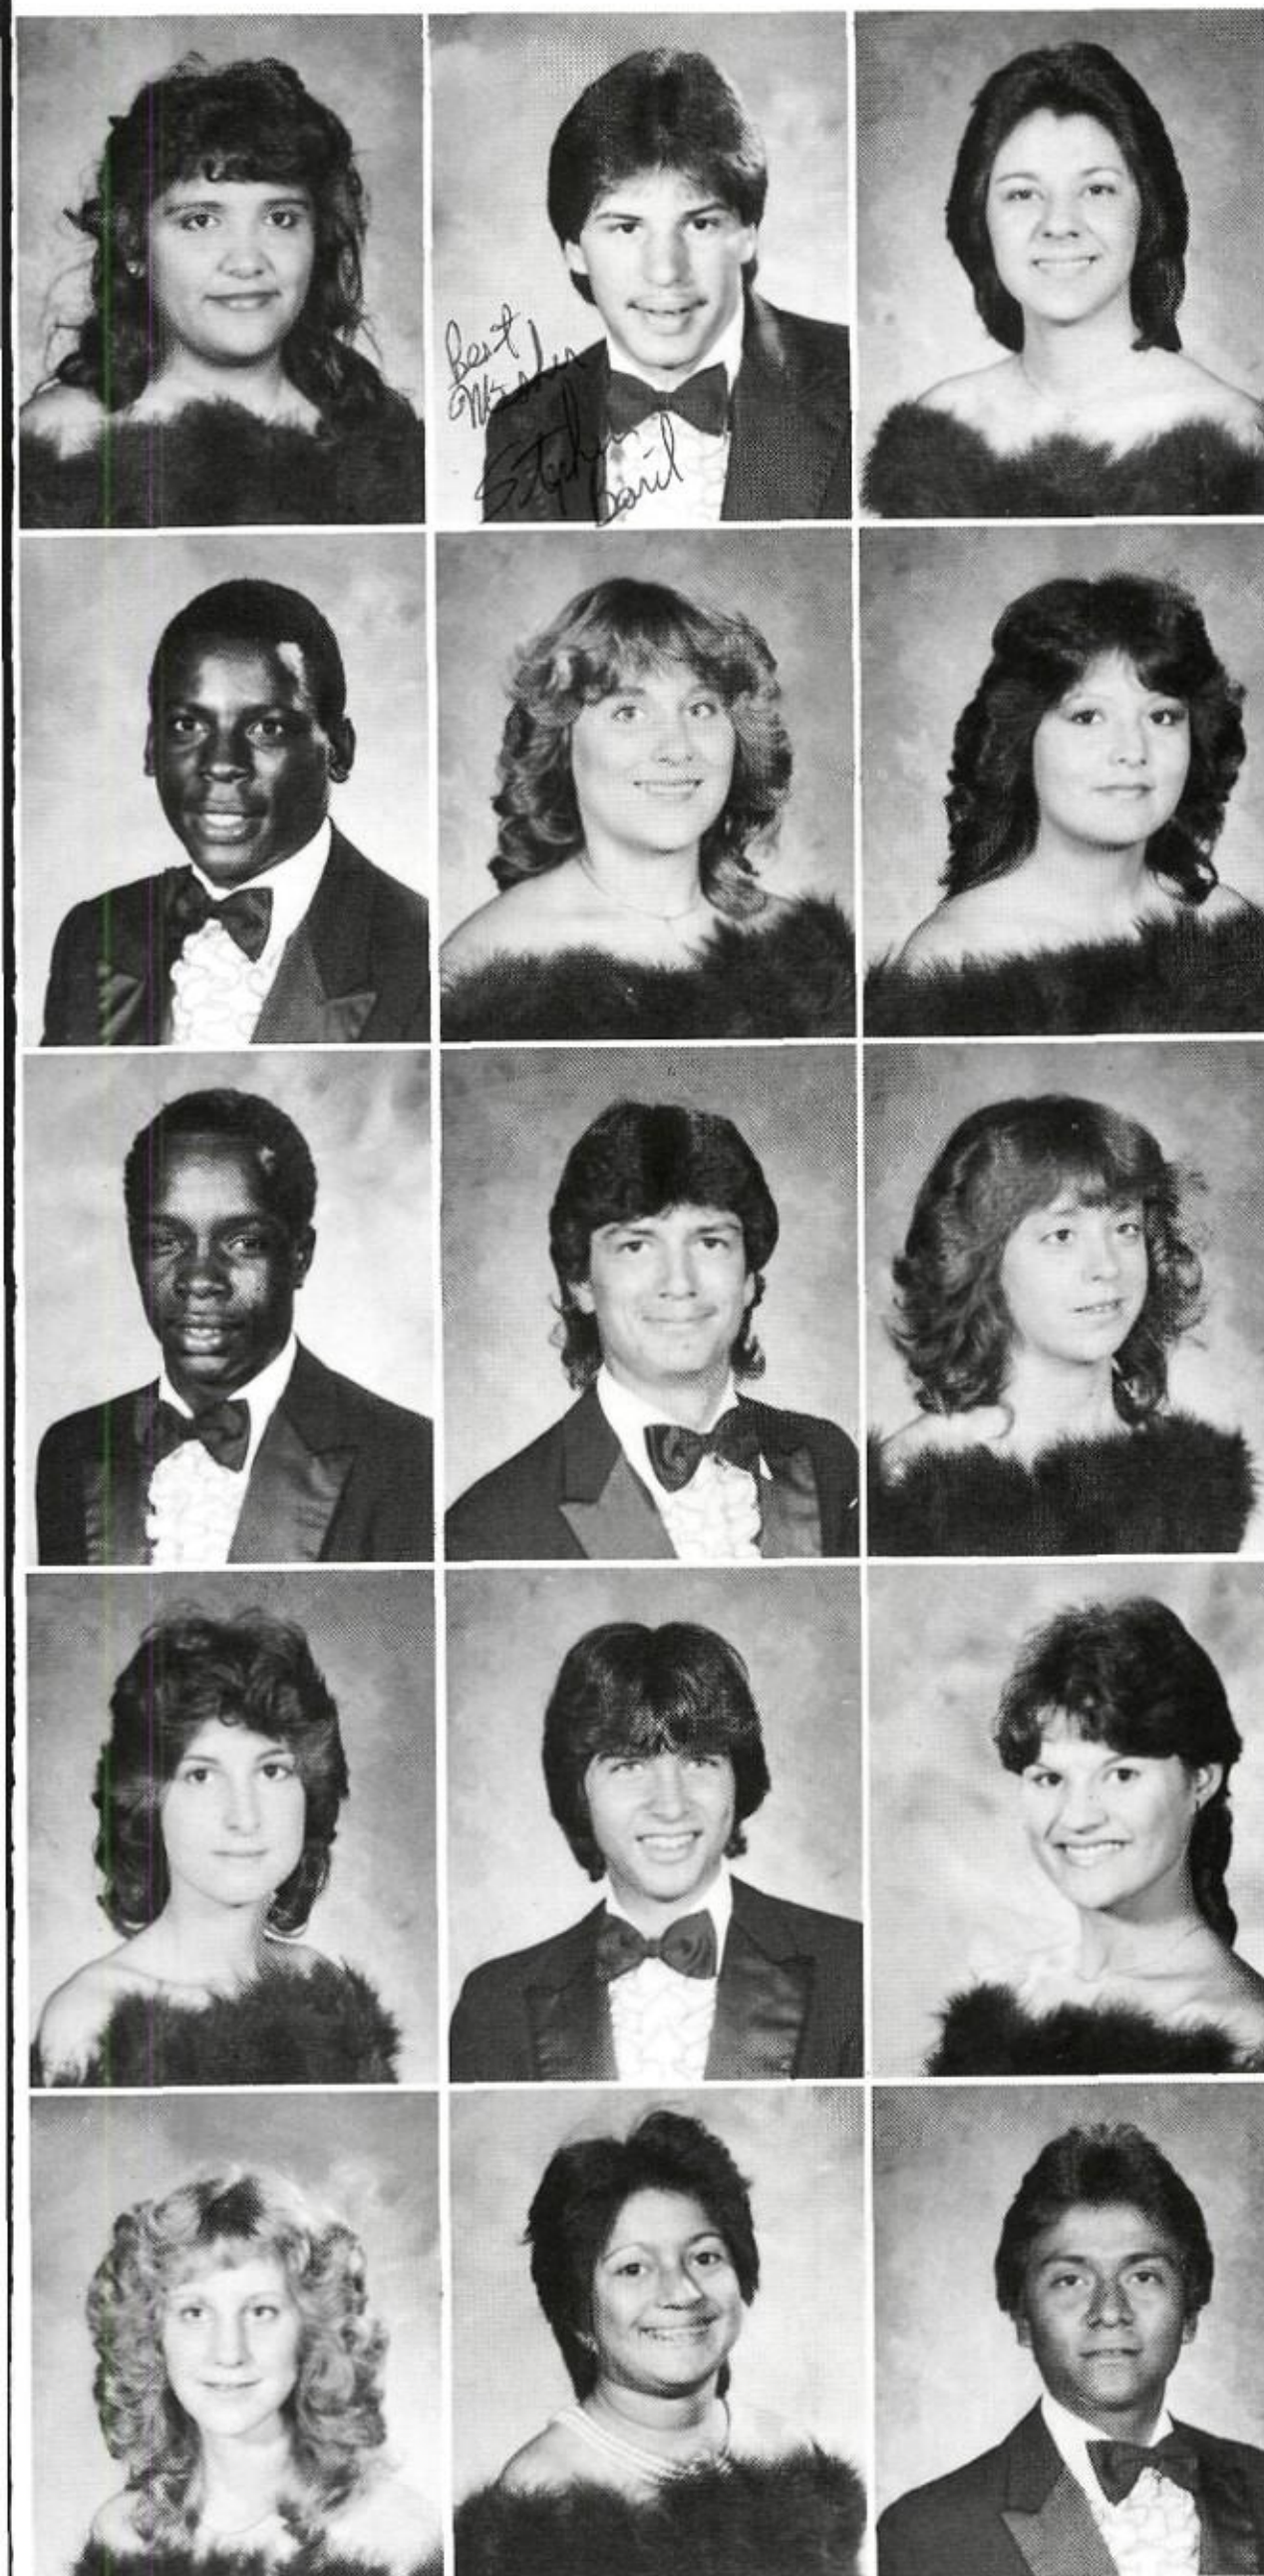

"No, I thought this year would be great! I expected the seniors to lead everything and have a real closeness, but as it is, everyone has started going their own ways. On a whole, however, it has turned out to be a pretty good year."

T-Shirt Mania

Just when you thought you had enough club t-shirts, they come out with another expensive one for you to add to your collection.

It's just incredible just how many one person can collect. Senior Michele Beaty emphasizes this by saying, "Since my freshman year I have collected 21 t-shirts." It is almost as if each club tries to top the other by having more t-shirts of varied styles and colors When is it ever going to stop!

SENIOR MEMORIES

Football season comes and goes so fast that you never stop and think about the work that made it all possible.

Things get slower as the football season comes to an end. Winter holidays come and go and most seniors take their high school exams for the last time.

After finals, second semester comes. Everything gets really boring, you just want out! Of what, you ask, everything! The assemblies get less boring as the

year draws closer to the end. The most exciting day of school has to be senior skip day. Now it's almost over, twelve years of school. Senior day, the Prom, the picnic, Vespers, and the Luncheon are already over. You'll always remember those! Graduation night, you get your diploma and you are out, really out! No more pressures, at least for a while. It's finally over, but where did all the time go?

Alvin Skrabanek, Staci Levine, and Linda Renteria reflect upon past events.

*Rhonda Robinson
(sorry, Staci!)*

OPINION

How do you feel about registering for the draft at age eighteen?

How do you feel about registering for the draft at the age of eighteen?

"I can see the aspect of 'duty to your country' but I don't feel a person should be forced to go against their principles."

Alvin Skrabanek

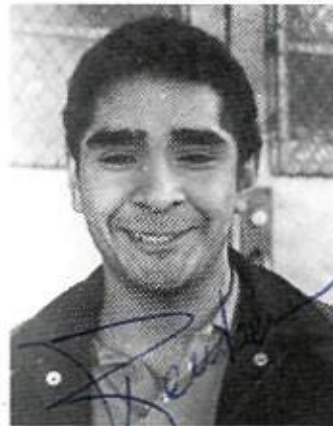

Alvin Skrabanek

"I'm not going to say whether I'm for or against it because there are a lot of things to be considered. I feel a person should have freedom of choice but likewise who would defend that freedom."

Reuben Garcia

"I think a person should be allowed to choose whether or not he feels bad enough, about what another country has done, to lay his life on the line."

The Last of the Dumbbutts

At last the final dumb butt is graduating.

So you ask what is a dumb butt. Let me tell you.

"Dumb butts are people who act stupid in an intelligent way; not as high as the upper class but better than the ordinary 'joe' and higher than the low-life scum," said senior Greg Woodruff.

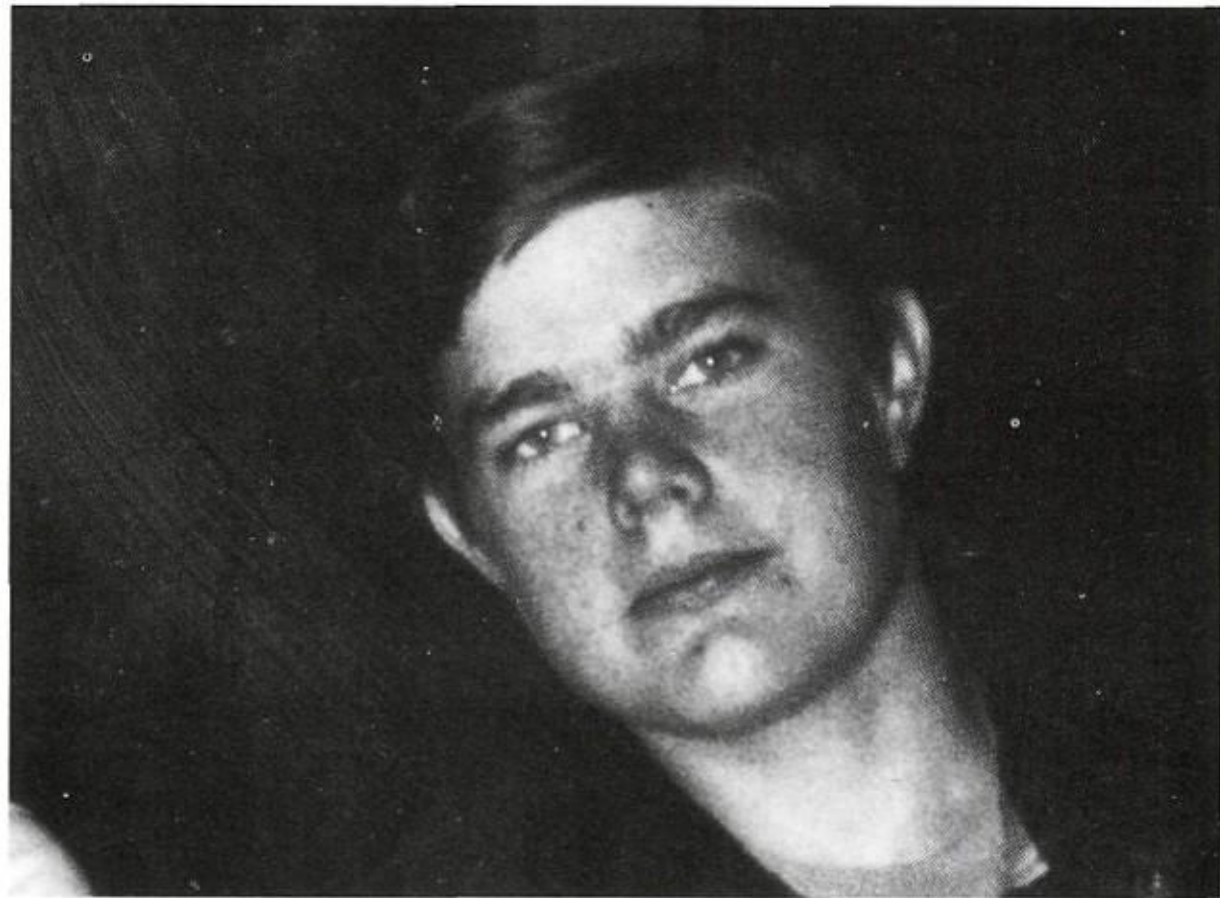

Greg is the last of the dumb butts at Sunset. The dumb butts have not gotten all the recognition they deserve in the last couple of years because Greg has been the only one at Sunset.

The members include these previous graduates: Jimmy Chaney, Phil Woodruff, Troy Rhodes, Joey Binford, John Binford, Rick Harris and Richard Know. Honorary

members are Denise Rhodes and Julie Binford.

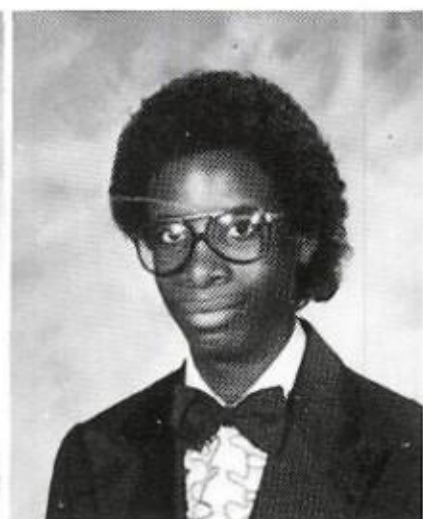

To be a dumb butt you have to be nominated by an active member, go to a meeting and be voted on by a majority vote or be related to a dumb butt. You cannot learn to be a dumb butt, the talent must be born in you.

▼ The proud but humble dumbbutt.

"Big Brother is watching you"

In 1948, George Orwell wrote a book on how he believed the year 1984 would be.

According to Orwell, there would be absolutely no individualism. The party controlled your every action and thought. You believed what the party told you to believe and accepted it, truth or untruth, because all records were changed to verify what they said.

Privacy was another thing no one under the party had. Telescreens, screens that watched your every move, were placed in every party member's home

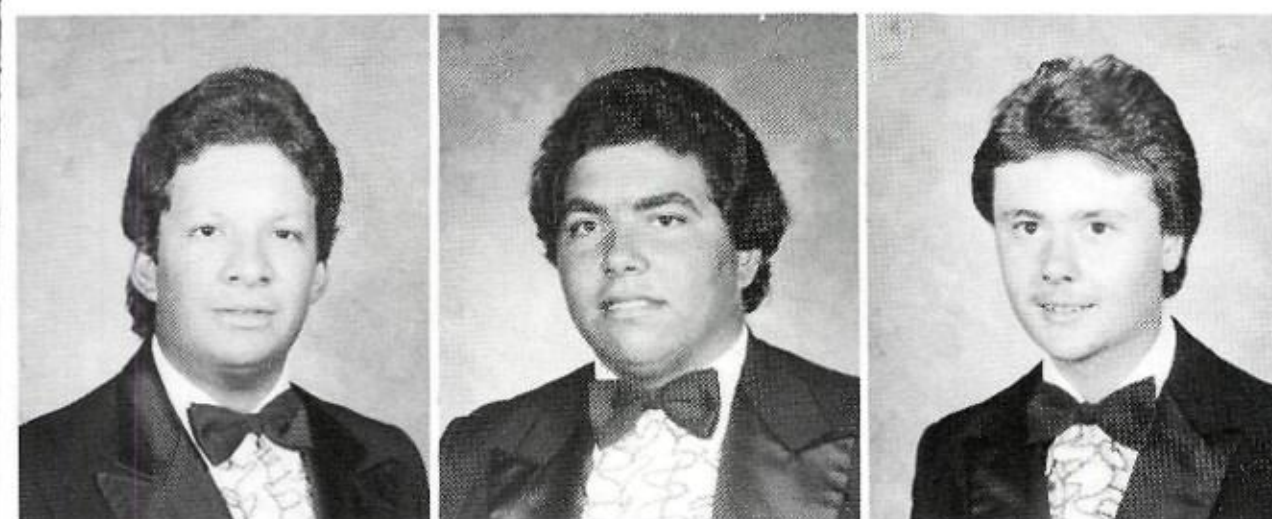

and in all public places. A party member could not even think what he wanted. If one was suspected of "thought crime", a thought that did not agree with the party, he was immediately taken to the "Ministry of Love" to be tortured until he thought the way the party wished.

In the year 1984, not much of this is true in the United States but if compared to communism you will find direct parallels between Orwell's fictitious political party and the communist party of today.

OPINION: Coop Programs: Beneficial or Copout?

Christina Cortez —

"I think the work program is beneficial to the people who are planning to start their career right after high school. Getting a job helps one mature and become more responsible. It also keeps the students who need to help at home from dropping out."

Cindy Hamilton —

"I got into the work program not to emphasize my working ability or career skills, but to get out of school early. I was tired of school and was looking for a way out."

Vicki Bass —

"The work program is beneficial to the majority of the students in it. It gives them an idea of how the business world will be when they graduate. The work program is a great asset to those who plan on getting a job right after high school."

Christina Cortez

Cindy Hamilton

Vicki Bass

Edie Watts hurries to avoid SAC.

◀ Martha Hererra is measured for cap and gown.

It IS an Honor!

Whoever said, "It's an honor just to be nominated" must have won everything they ever entered.

You know one of those people who puts an "I Love KVIL" sticker on their car and has their license called the same day or who calls a radio station to request a song and finds out they are the 97th caller and have just won \$5,000 and a two-week trip to Jamaica.

It's always funny how the people who came in second are somehow different the next day. Maybe it's the trauma of being reminded over and over that they are a "half-wit," but the Wittiest runner-up bombs with every joke they tell.

The Most Likely To Succeed runner-up, feeling as if they've failed in life, takes home a Calculus book to study for an English test. When you walk up to second friendliest person and tell them you're sorry they didn't win, they say, "No time to talk now. I'm trying to be friendlier to everybody."

The beautiful and handsome losers begin to wear clothes that look like they were fashion designed for cave dwellers and they themselves look like they rolled out of bed at least five minutes before they got to school.

The Most Athletic and Most Talented runners-up, all pick up books for the first time in high school and begin to study, afraid that their planned careers are shot.

The Best All-Around runner up drops into relative obscurity and usually never are heard from again. But seriously folks, congratulations to winners and losers alike. It is an honor just to be nominated.

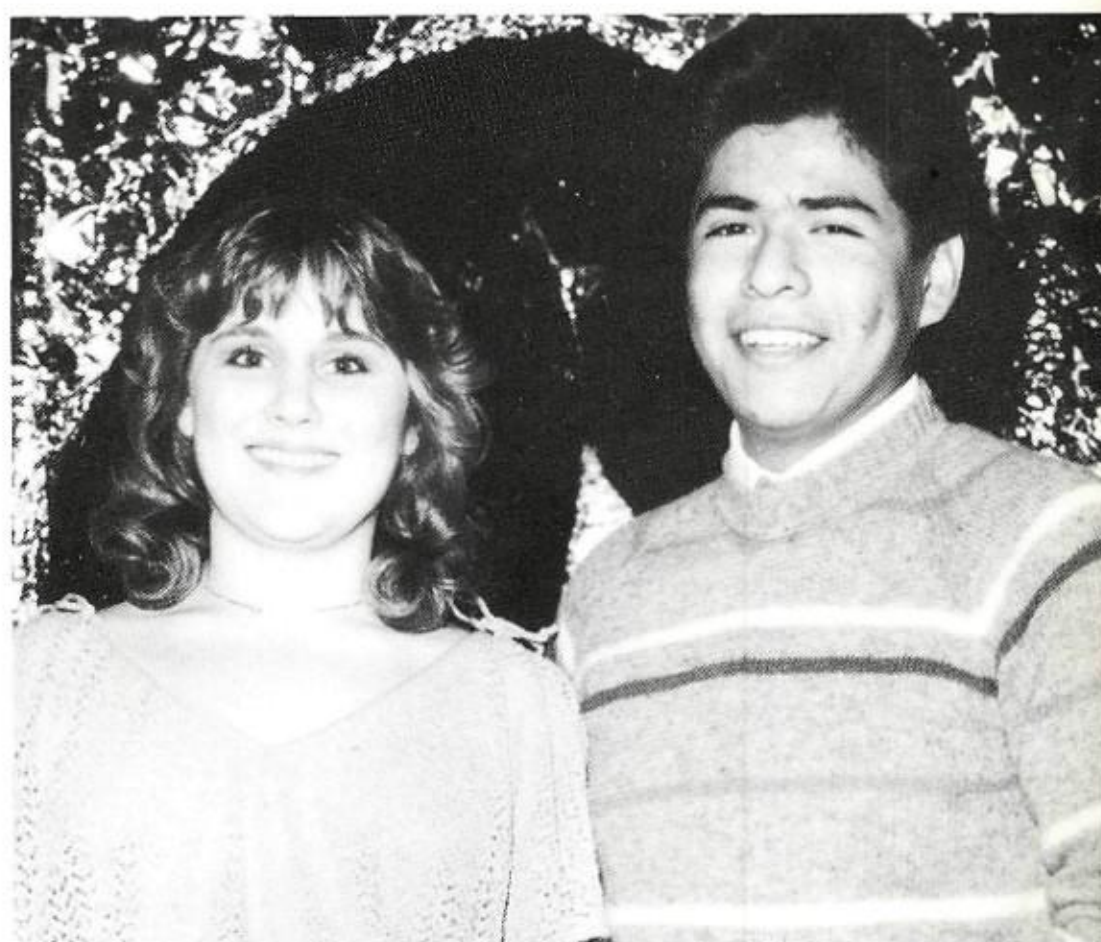

▲ Most Likely to Succeed runners-up Vickie Bass and Jesse Divine.

Most Talented runners-up Staci Levine and Rad Allen. ►

◀ Most Athletic Runners-Up

Armstrong.

Wittiest Runners-Up were Shelly
Crow and Jimmy Brittian. ▼

▲ Friendliest Runners-Up were Michele Beaty and Jesse Galvan.

▲ Most Beautiful and Handsome Runners-Up were Mary Rivera
and Anthony Fisher.

College, the Big Step

College may or may not be for you, but if you plan to attend one, remember that it is a very important decision.

To prepare for college while in high school, not only good grades but the right courses are required. Most universities look for students who have tackled a wide array of challenging courses and are not only involved, but willing to learn.

Many colleges require four years of English and two years of science, math, history, and often a foreign language. SAT or ACT test scores are usually requested along with your application.

Basically, college is a place not only to further your education, but to expand your mind, a place to meet new people, see new things, and accept new ideas and concepts.

It is a unique experience you only go through once, and is often referred to as "the best years of your life."

PEP ASSEMBLY ETIQUETTE

Pep assemblies, as most things, have a strict list of do's and don't's. A few are listed here:

1. Football Players — don't smile, don't move, and definitely don't clap. Keep up that cool, macho look. You are permitted, however, to push the drum major off his chair, but only while he is directing.

2. Band — Do turn around to see the Bisonettes while you are playing for them.

3. Bo's Best — Don't sit down. Do act very crazy. Otherwise, no restrictions.

4. Freshmen — Do make the minimum amount of noise you can get away with. The only exception is when you sneak downstairs — then you mustn't make a sound so you won't get caught.

5. Flag Corps — Do wave your flags in the air as to block everyone's view. Do hit all the band members and football players you can. On stage: Do tear up the backdrop with your flags.

6. Bisonettes — Do pull your skirt and everyone else's as high as they will go. Stand in your chair so no one can see when they sit behind you.

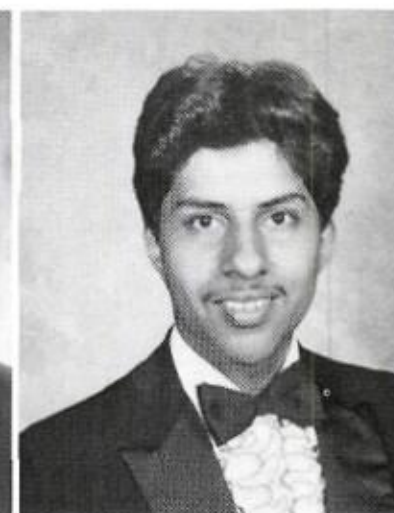

7. Pep Squad — Do say all cheers with the cheerleaders, but be sure to go at a different speed.

8. Cheerleaders — Jump as little as possible. Save your energy. In fact, don't even jump at all if you don't want to — just do high kicks.

9. Afternoon Assemblies — Go as fast as you can to get home as quickly as possible.

OPINION

Do you agree with Ross Perot and the Educational Committee that sports are emphasized more than academics.

Greg Woodruff —

"No, because the only place that athletics is really emphasized is in Plano where the whole community gets involved in the football games, baseball, etc., and they still come through with their academics. At Sunset, a large group of people

don't get involved in either, so I don't think that athletics is overly emphasized at all. It needs to be left in."

Michele Beaty —

"Sometimes extra-curricular events are stressed too much and are put ahead of schoolwork, yet I don't think they should be abolished completely. There has got to be some type of compromise."

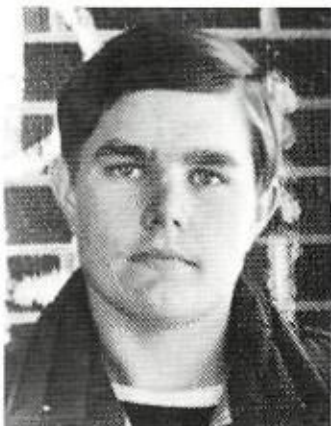

Jay Coyle —

"No, and especially not here at Sunset. The football teams aren't as great as everyone thinks they should be, plus a lot of students of the community

do not show support toward them. But at places such as Odessa where the whole city gets behind them, I think the emphasis on athletics should be lightened."

Shelly Standifer —

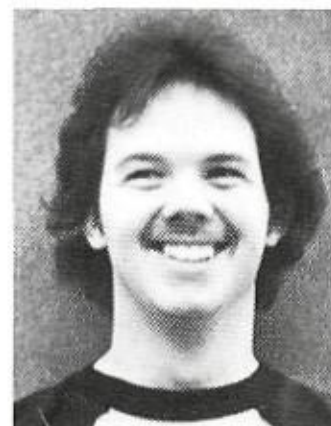

"No way. School is a drag and athletic events give you something to look forward to."

What effect has Mr. Lopez had on Sunset?

Tammy Burgess —

"Mr. Lopez has not been a very fair principal. He has made

promises he couldn't keep. Although I think he has tried to be fair, his lack of experience has caused the students to distrust him. Perhaps in a few years he will learn to become a better principal."

Debbie Chandler —

"I think Mr. Lopez has made terrific improvements in the

students and in the school. I don't think that we could have possibly been given a better addition to our school."

Tammy Burgess

Lauri Boyet —

"I feel that Mr. Lopez has honestly tried his best considering it is his first year at Sunset. In some cases he has not known the facts before acting, but as a whole he has been a good principal."

Sandra DeLaFuenta —

"I think Mr. Lopez has been a good principal in the past year even though he has gone a little far with some of his policies. One example being his tardy policy. I believe this because one tardy shouldn't be punished with three days in Sac."

One More Year

Right about now, all of you Juniors are probably thinking of your Senior year next year, your last year of school and your last year at Sunset.

It is a very good feeling but believe me, it won't last for long. Before you know it all of you will be receiving your diploma; if you graduate that is, and then taking that big gigantic step out into the cruel world.

What will I do? is what you'll be asking yourself. Well, this is what you do. Since it is your last year make the most of it. Get involved with extra-curricular activities at Sunset, be someone.

Start thinking about your future plans. Will I go to college? Will I get a full-time job? Plan out your career. Decide what you want to do when you graduate. If you don't, you will wind up being a clerk at Minyards.

Just keep it in mind because all you have is one more year.

The 1950's brought out the best in Karen Groves, Kim Brown, Inelda Villela, Gracie Rodriguez and Nancy Moreland.

The class of 1985 is the first class to have to have 21 credits to graduate.

This new policy was put into effect their freshman year in 1982 by DISD. This means that they will need to take more classes in order to graduate.

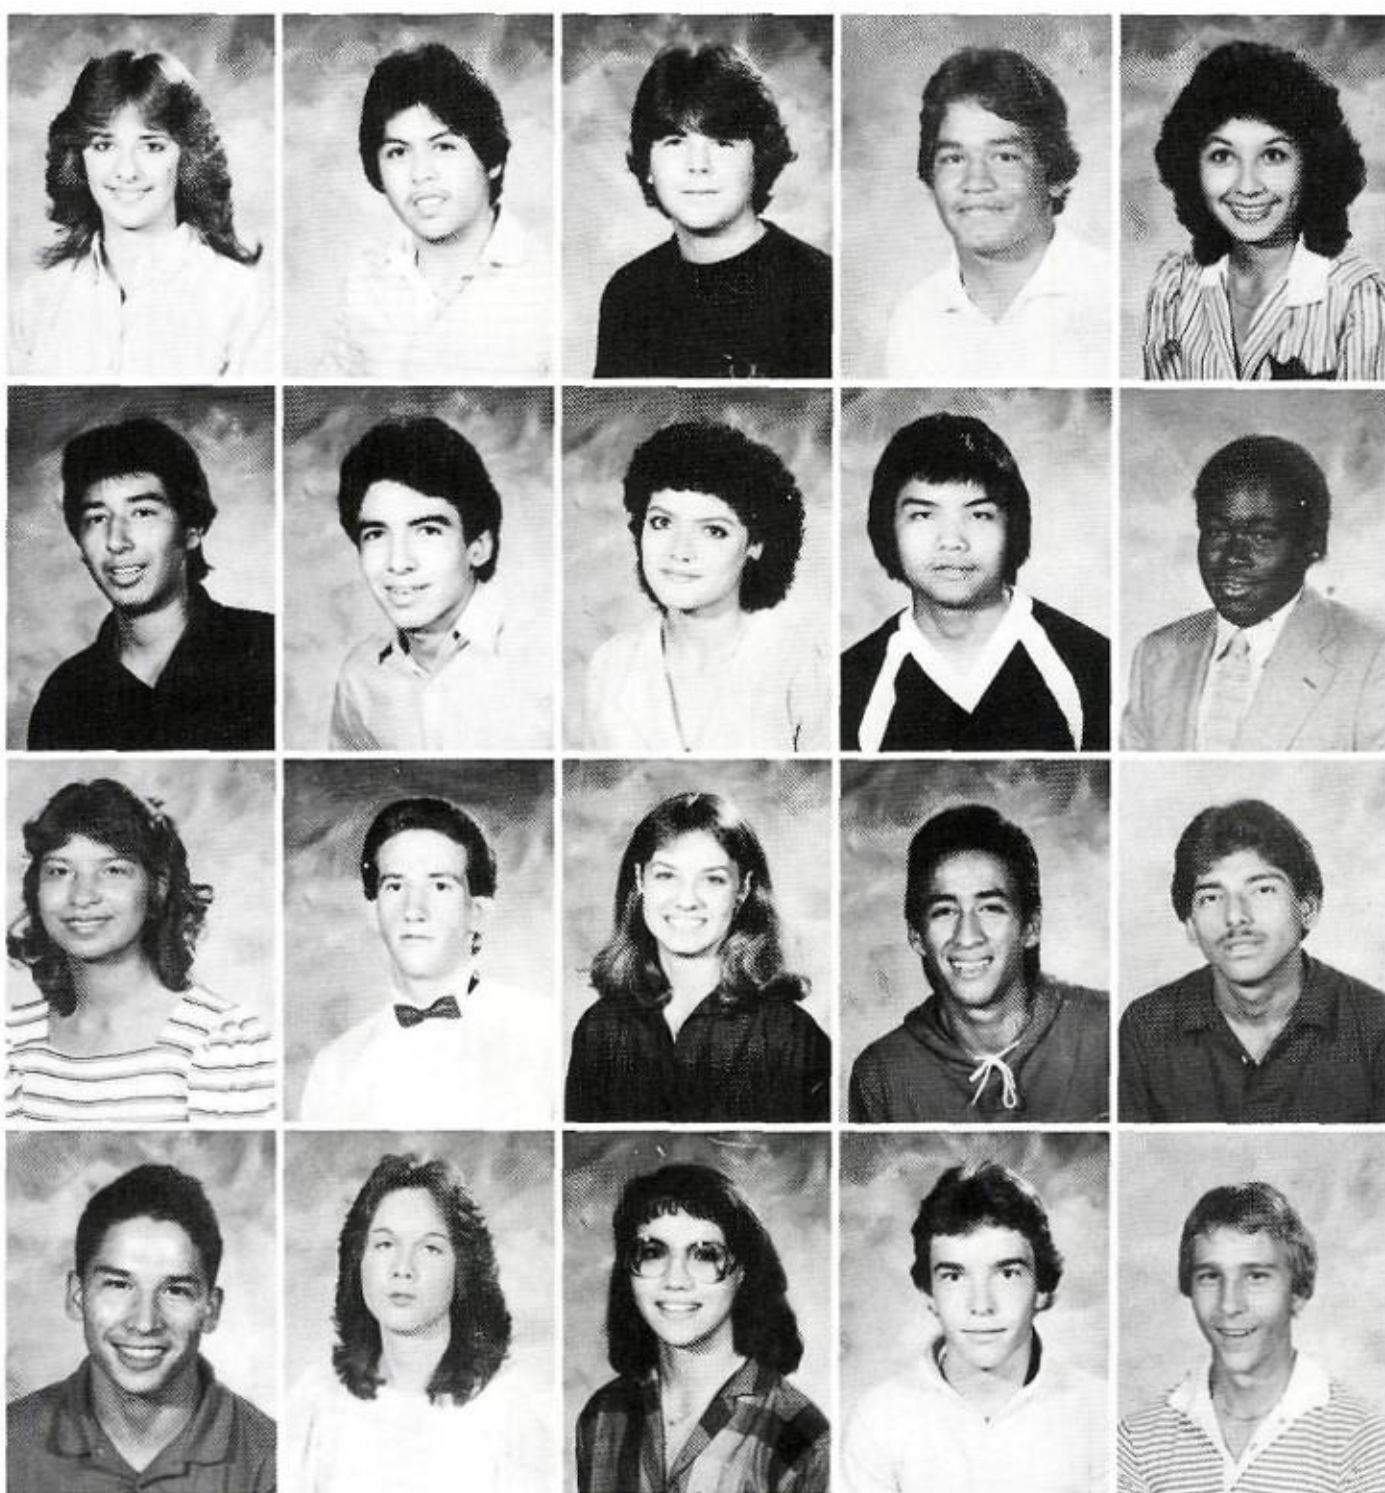

The last class, that only needed 19 credits, is this year's seniors. They slipped by very close.

Most students usually have about 24 credits when they graduate. This applies to those students who work hard at their

classes and take what is required.

For those students who don't take enough required classes, skip, or don't even bother to come will most likely not graduate. Often they will end up taking summer school their senior year and then graduating.

Students will have to really work in order to graduate in the future. Right now 21 credits is a lot of credits for some people, so get busy and get those credits.

Juniors Sweep Essay Competition For Am. Education

American Education Week began with Andrea Downey winning first place in the essay writing contest "A Strong Nation Needs Public Schools," while Emilo Ayala won second and Brunilda Pinero, won third and Gail Pitts won Honorable Mention.

The student body's participation in the contest was outstanding. However, it was the junior class that swept the honors. In fact, all the winners came from Mrs. Julia Bly's Junior Honors English Class.

Essays were rated by creativity, originality, grammatical accuracy and content. The essays made important statements such as the fact that our nation's education directly affects our competitiveness with other countries, and therefore, our economy.

Taking the P.S.A.T. is not fun

All our lives we have been forced to take tests. Now we, the sophomores and juniors, have the option to take a test. Ha, Ha, nobody takes tests, unless they have to. — Right? — Right?

Contrary to this belief, sophomores and juniors took the P.S.A.T. on their own free will on a hot humid Tuesday in October.

The P.S.A.T., Preliminary Scholastic Aptitude Test, dealt with the ability to reason both mathematically and verbally. The test predicts how well a student will do on the SAT his senior year.

This test is also a good way of determining what a student's weaknesses are.

▲ Juniors await career test given in the cafeteria.

Cousin,

I am really glad I had the chance to meet you this year. You are one of the coolest guys at sunset, you have a good head on your shoulders. That's why you will go far in life and full-filled all your dreams. It's been fun in Espanol & drafting you have kept me happy all year long. I'll never forget the football games where you would run up to the line and get brunched back into the backfield and would never complain to the line for not blocking, but you would comeback every play running as hard as you could. That's what I really admire in you. Good luck in the future and I hope to see you at some of its parties, if you need a ride just give me a call. Everyone thinks you're cool ~~and~~ so I don't think you would feel weird at one of our white boy parties.

Keep in touch

333-3153

your friend always,

Will
Aubert

FAVORITE TEACHERS

From a census taken of a portion of the sophomore class, Coach Val Rhodes was voted as the sophomore favorite teacher, followed by Gene Campbell.

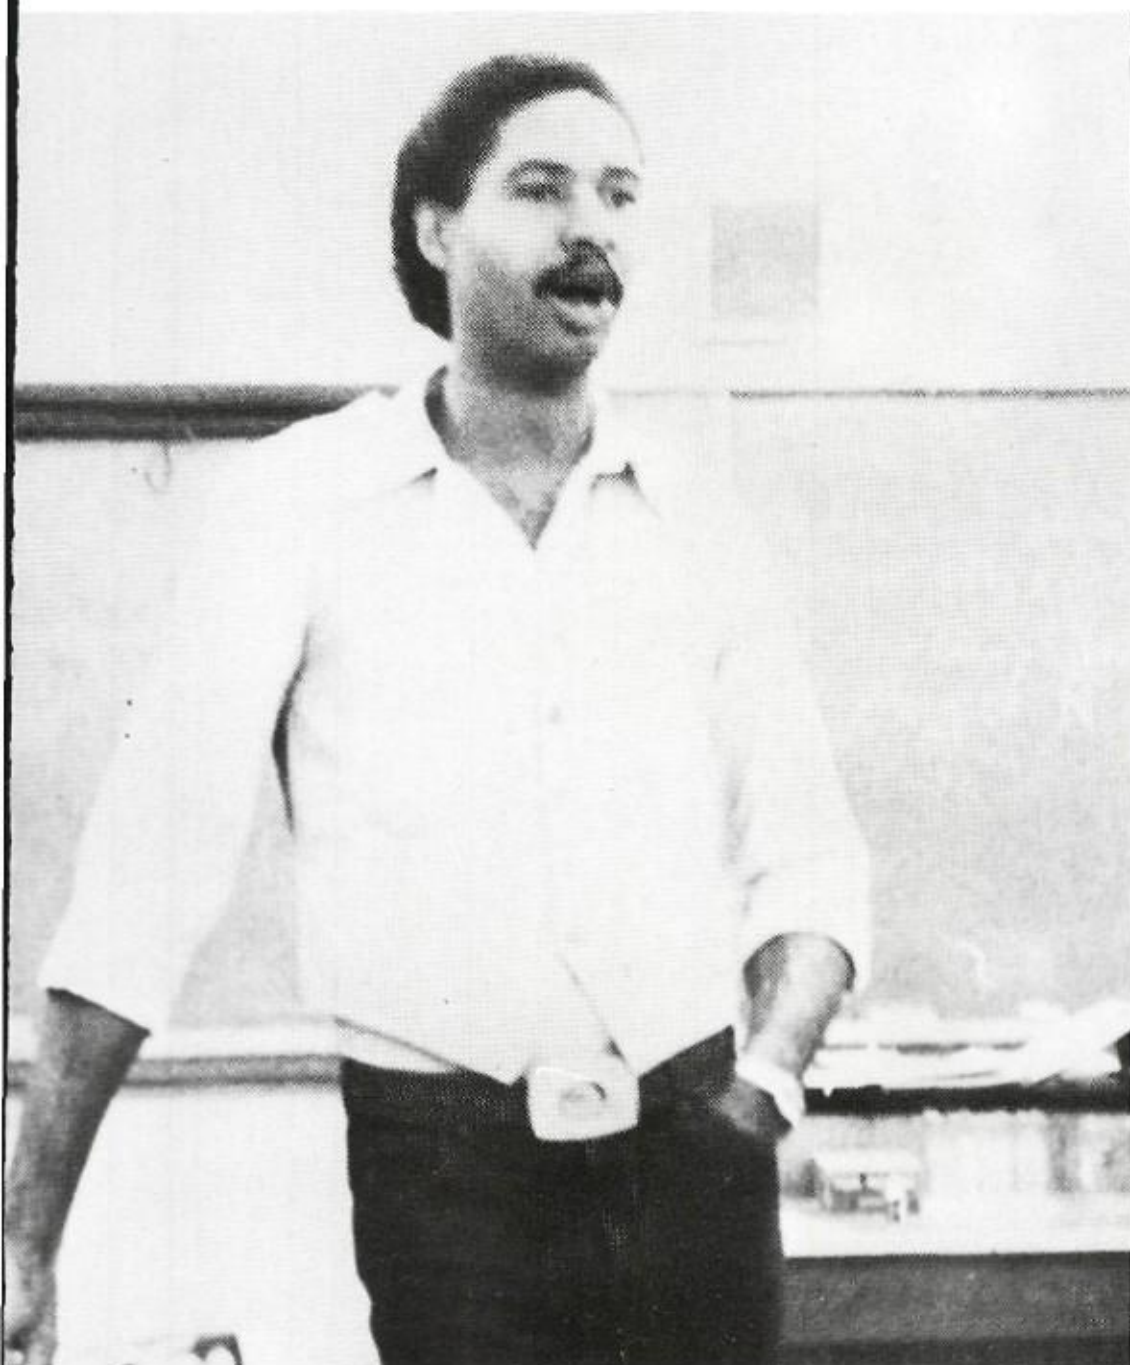

"I like Sunset students overall better than any others students I've taught," comments Coach Rhodes, also a chemistry teacher.

If you had walked into one of his classes, you may have heard classic phrases such as "Beanpole head" and "Your brain is so small, if you put it on the edge of a razor blade, it's like a BB on a four-lane highway."

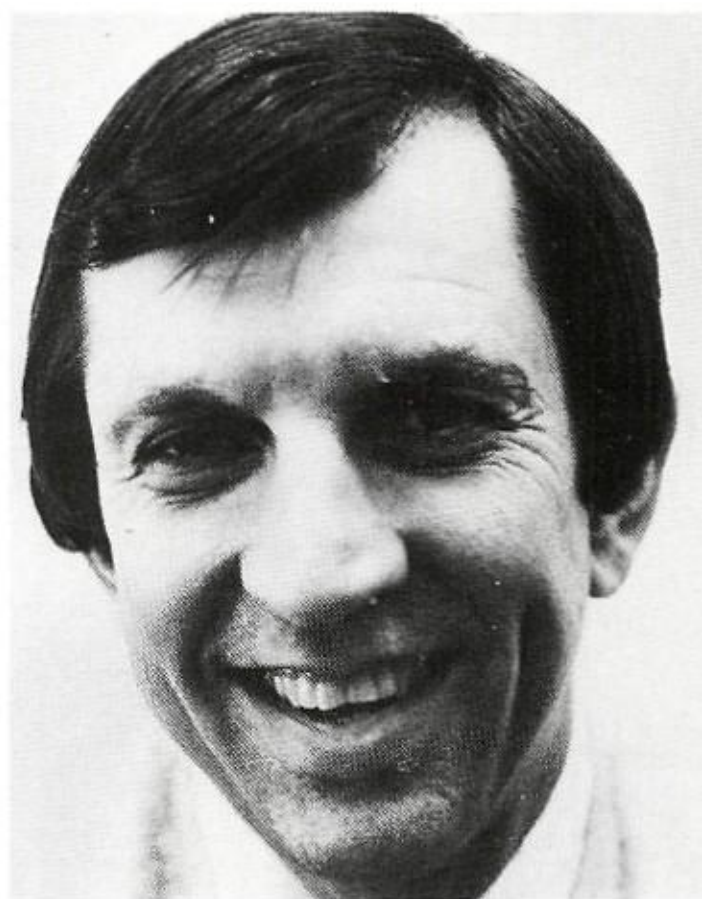

"Coach Rhodes is my favorite teacher because he's funny and makes chemistry seem less boring than it is," states sophomore Barbara Duke.

Campbell, the computer math teacher, is the second favorite sophomore teacher.

"I can relate to Mr. Campbell ... not only does he have patience, but he also teaches my favorite subject," says sophomore Troy Berry.

"What we have here ... is a failure ... to communicate."

Gene Campbell was the sophomores' runner-up for faculty favorite.

OPINION: Sophomores

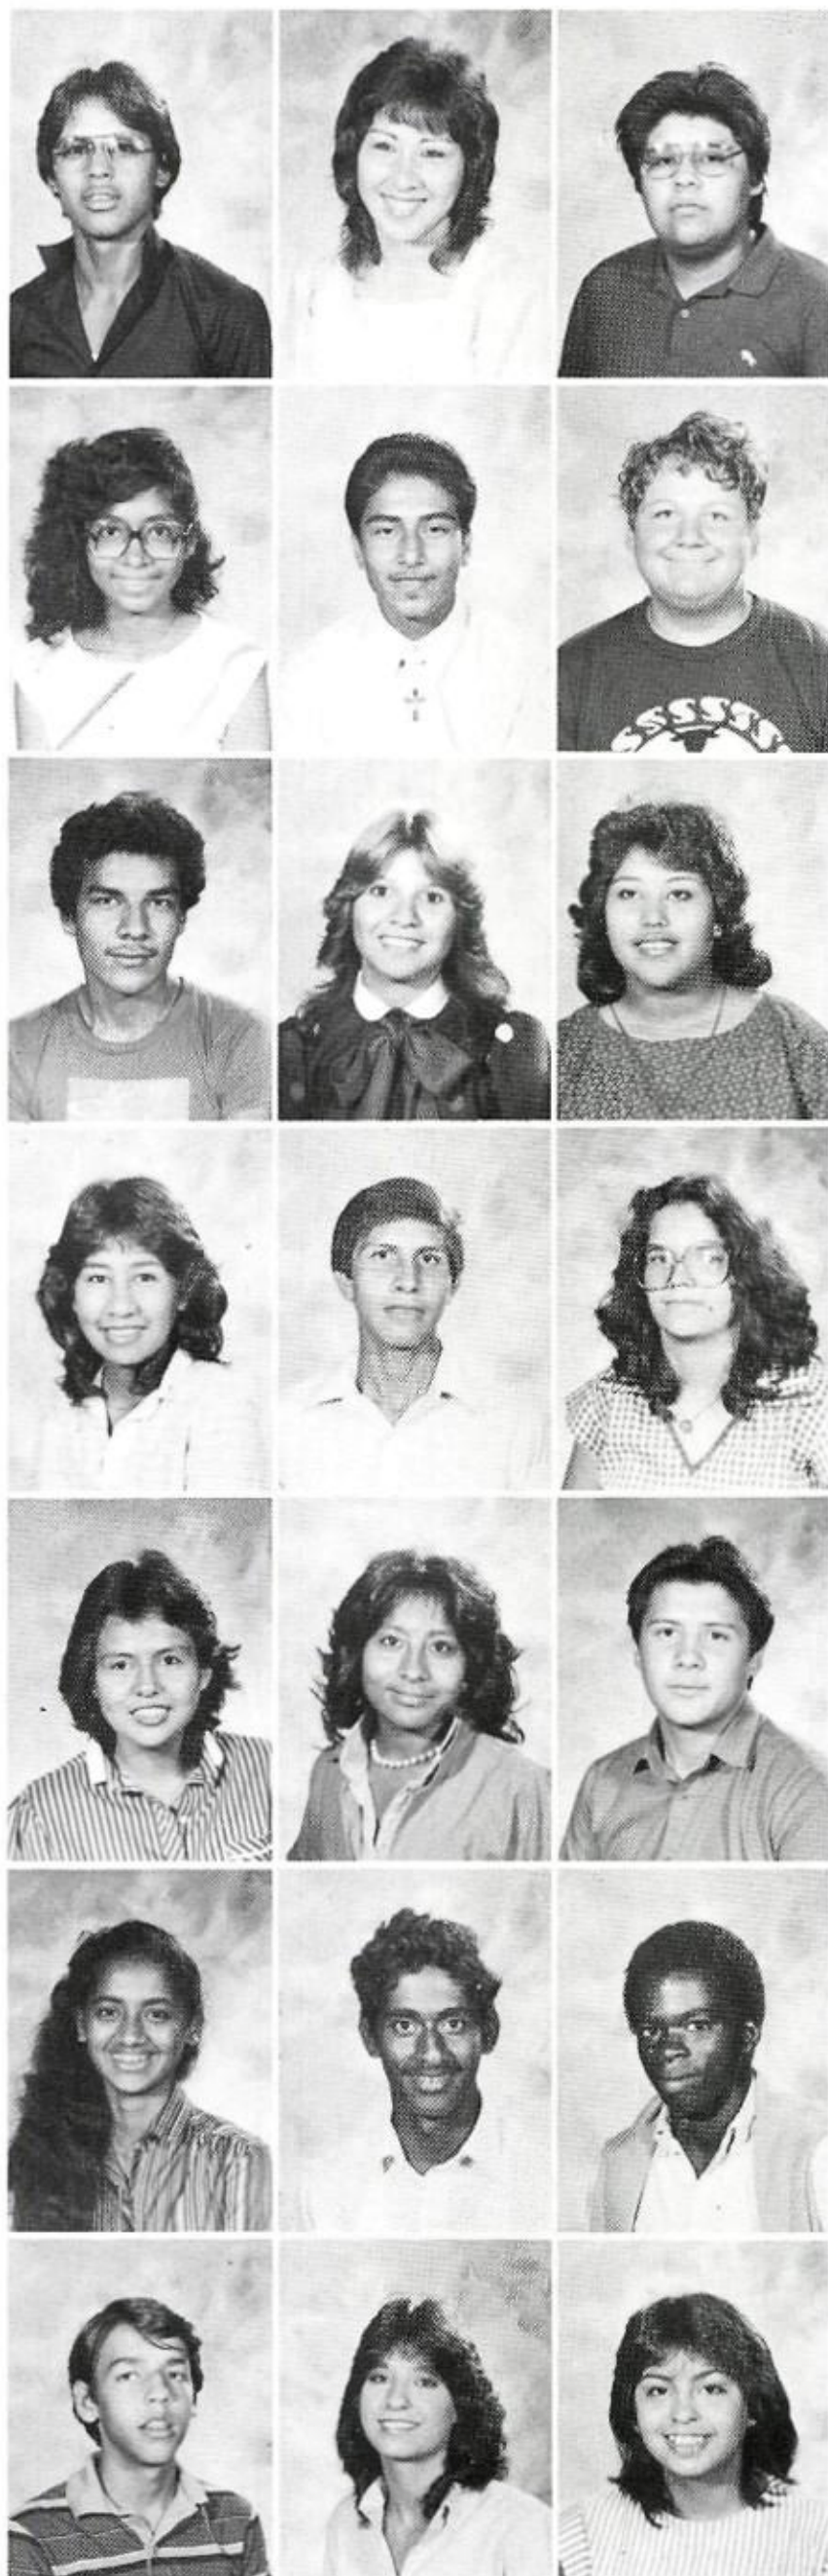

Is the hazing rule fair to the underclassmen and upperclassmen alike?

Jodie Ogle: "No, it's not fair to either one. Tradition and spirit is what makes up Sunset. I feel that the hazing rule is taking all of this away. If the Freshmen weren't so immature, they could handle it!"

Jane Walker: "The upperclassmen had to take trays, do the clap, and kiss Bo. It's not fair to them because now they can't make the underclassmen do these things."

Danny Bishop: "I think the hazing rule isn't fair. I feel that the traditions cut out by the hazing rule, should be brought back into Sunset."

Mohonna Young: "It's not fair to any of us! It makes everyone feel that they are missing out on important traditions at Sunset. I feel that the hazing rule should be changed, as long as the traditions are controlled."

“Classes Until 4 pm — What a Drag!”

Seven classes a day seemed to rule the Texas education program throughout the state and Dallas was no exception.

Most students at Sunset extended their day by taking Study Hall, more Math or more English.

Study Hall classes were overcrowded in the beginning of the year but the counselors leveled them and filled required courses.

“The four p.m. policy by making a longer school day br-

ings us in compliance with state law. Four p.m. dismissal does not insure that students will learn more if they do not stay on task; however, if students stay right on task, they will learn a great deal. Study Hall should be seen as time provided by school to do homework that normally would be done at home. Study Hall can be a waste that valuable portion of the day,” according to Principal Alfonzo Lopez.

“Who Am I?”

The Sophomore year is a confusing time of reflection, activity, and visions of years to come.

At the end of the Freshman year a new pride is felt. Hearts and minds alike swell with the realization that one busy year has been completed and the new Sophomores are one step closer to graduation. But one step is not quite enough. No longer a lowly Freshman, but hardly an Upperclassman, Sophomores suffer an identity crisis known as the “Who Am I” Syndrome. They wander lifelessly through the hallways, carrying a dim candle of hope, and staring blindly into space.

The Sophomore year is also a time of new beginnings. Students are eligible to try out for most organizations at the start of their tenth grade year, so many Sophomores begin a prosperous career in the activity of their choice.

As the year wears on, tensions build, and finally, in a blaze of glory, the Sophomores rise to a new height as an Upperclassman at last.

SOPHOMORE SHINES IN ALL SCHOOL PLAY.

Sophomore Daniel Vera isn't just another pretty face.

He starred in the All-School Play, "The Skin of Our Teeth," performed December 8 and 9.

As one of Sunset's most outstanding sophomores, he landed the role of Mr. Antrobus, a lead which he considered "a great experience, well worth the time and effort."

In his first year at Sunset, Vera got involved in the drama program by signing up for a drama class. He has been interested in drama for quite a while and is considering making a career in that profession.

Vera's first impression of Sunset was "more than I ever expected. A school as this one is not ordinary — not in the least.

I am very proud to be a Sunset student."

Though the play was the main source of his recognition, he was also involved in many other activities such as debate, competitive speech, Youth in Government, French Club, and D.C. Close Up.

Sophomore Daniel Vera and Senior Karen Roberts stand surrounded by the cast of "The Skin of Our Teeth."

FRESHMEN DENIED PRIVILEGE OF TRADITION

The 1983-84 Freshman class was the first not to experience the Sunset traditions when they enrolled this year.

They did not experience these traditions for the simple reason that many parents believed it was a way of harassing the underclassmen. As Mr. Alexander said, "I am for the traditions 100 percent because they have been a part of Sunset High School for many years."

Many of the Seniors were disappointed because when they were freshmen they looked forward to the traditions of

making a freshman do the clap, kiss the Bison head or carry trays. Freshman President David Patlin said, "I think the freshman traditions were a good idea because it gave us a chance to meet the upperclassmen."

Augustina Ibarra awaits outcome of decision.

Nation Wide Fad

Contagious

New Wave, the latest trend that seems to be sweeping the country, spread to a few of Sunset's students over the course of this year.

"New Wave" itself covers a broad area ranging from changes in dress and hairstyles, to a new concept of life as a whole. The fad has been brought about mainly by the new wave of European music, which also is quite unique.

Freshman, Rachel Ockels, is one of the more notable victims of New Wave mania. When asked about her rather unorthodox hairstyle, Rachel commented, "I used to have hair that was

long and just like everyone else's. I'd get up three hours before school just to curl it, and then I thought, this is stupid, why don't I be different?"

Rachel is different. Not necessarily totally different, she just has a flair for the unusual. When asked why she chooses not to dress like everyone else, Rachel said, "Everything's become such a status symbol; if you don't own an O.P. or an IZOD then you're not anything." Perhaps Rachel is right and we should all be more individualistic, but right or wrong, Rachel is having a lot of fun proving her point.

FRESHMEN FORUM: Banishment from the Carter assembly

Sunset's freshmen got a BIG surprise from Mr. Lopez this year on the day of the Carter pep assembly. It seems that our principal found a lack of spirit among the ninth grade class and refused to let them attend the assembly.

Freshmen expressed

their feelings on the subject.

Gilbert Jacinto — "Well it was unfair because I always participate but then again I guess it was the best thing to do."

Anthony Medina

— "I felt that they had something against us freshmen like if we didn't belong here. Most freshmen were cheering and instead of looking for the ones that weren't they left all the freshmen out."

Mary Chotiner —

"Well in a way I think that it's fair because most of the freshmen don't cheer, but just sit around and "Boo" or make wild cracks instead. Then again there are also people who do cheer and have a right to go since we all have our privileges."

FRESHMAN FORUM: Do Upperclassmen Overdo Their Authority?

Patricia Arredondo — "Yes, I think they overdo their authority with traditions because they are always picking on you. They make you do all sorts of traditions, like the freshman clap, when you least expect it."

Jack Stoneking — "No they don't overdo their authority, because it's tradition. Everybody has to do it, one way or another."

Larry Breazeale — "Yes I think they overdo it. They rely on it, like if they don't want to do something, they tell the freshmen to do it."

Maria Vasquez — "No they don't overdo their authority. I think it's funny, what they make you do. I think you should do it because it's part of Sunset's tradition."

Freshmen And World Events

Generally freshmen are not known for their interest in events which take place throughout the world.

Ms. Cindy Waskom and Mrs. Laura Watson's fourth period English classes took a few minutes in the middle of the year to relate what events in the world were most important.

Many students believe that the television movie "The Day After" was important. Stephen Barnes said, "The Day After"

showed the effect of a nuclear attack on the world. This movie emphasized how the effects were much worse than depicted on film. Hopefully, no one will press the little red button because once it happens, everyone will die sooner or later."

Darlene Lennon agreed with Barnes about the movie. "Everyone was talking about it. They were worried about when somebody was going to press

the button and send off the bomb. Then our lives would be over with just a push of the button."

The majority of students were concerned about the killing of 236 U.S. Marines in Beirut. Rusty Hanson said, "I think the most important thing on the news was about the marines . being bombed in the foreign country." Kelly Andolino and Mark Calderon agree with Hanson.

Another important event listed by the freshmen was the shooting down of the Korean airliner by the Russians after it left Alaska. Gerardo Marquez said, "This was important because the Russians killed many innocent people and almost started a war."

Douglas Stacy said, "It is cruel and inhuman to shoot down a defenseless airship. If all countries shot down planes in their air space it would lead to a world war. How can anyone own the air or the seas in the first place?" Corwin Armstrong, Anita Vaughn, Troy Lennon, Gilbert Garney, Michelle Megginson, Rachel Rangel, and Mark Brooks agreed with Stacy.

Lucinda Amador said the twentieth anniversary of John Kennedy's death in Dallas was most important.

Elena Ybarra, Donny Poff, and Gloria Puentes believed the death of the two boys at the State Fair when the ride Enterprise broke was the most important event.

Raymond Garcia believed the invasion of Grenada by the U.S. Marines was the top story.

Renebelle Dinglasan said the killing of Benigno Aquino in the Philippines was important.

Jessie Garces favored the Duran-Hagler prize fight as the top story.

As can be seen by these ideas put forth, Freshmen did know what was Happening!

▲ Mrs. Watson's class decides the most important events.

▲ Ms. Waskom's fourth period class helps select the top stories. ►

Lopez — A Returned Bison

My first year at Sunset as principal has been the most rewarding year of my life. Together we met the challenges that come with the change of times. Your academic success was due largely to the efforts of a great Bison faculty and a supportive community.

Very soon we will be saying farewell to a great senior class. Those of us who remain will miss you but we will always feel that you are a part of the Bison family. Set your goals high and be proud of yourself and your accomplishments as you strive for the best. Sunset will always be a part of you because you are a Bison.

Sincerely,

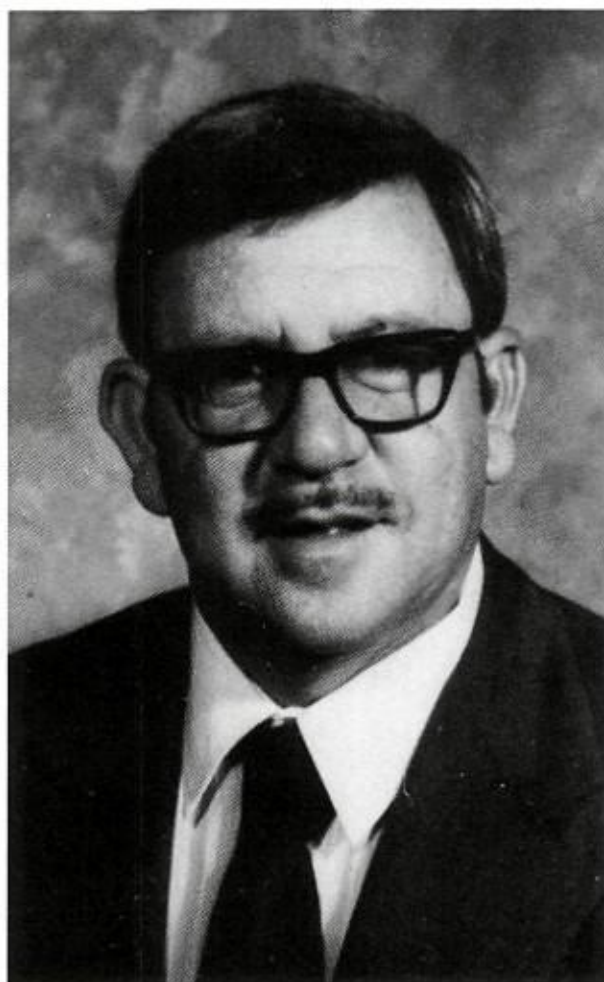

Alfonso S. Lopez

Always One More Thing To Do

Sunset's faculty had a new job this year. They were each assigned for a six weeks to work in the offices during their planning period.

This new duty soon became a burden to the teachers by taking up their time which they used to grade papers, make assignments, and other miscellaneous tasks. Some teachers did not mind this addition to their schedule as Ms. Julia Bly comments, "... it was very tiring but I really didn't mind because I knew it would be over in six weeks." But many teachers complained about this saying it was not part of the job as a teacher.

One student reflected, "I don't think the teachers should do the work of the paid employees — such as the counselors and attendance office workers because they need that time to prepare for the students. It seems like they're not giving the students what time they should — like for grading papers, making assignments, etc. ... It's not fair to the students or the teachers."

Soon these complaints reached the administrator's ears and Mr. Raul Coy sent out a newsletter instructing teachers that they were now assigned only to hall duty. The teachers could then do what they normally did during their planning period.

"That's all!" Tim Ghormley

When most people think of motorcycles, they think of a "cool," laid back thug in a black leather jacket.

This may be the case, sometimes, but not with our English department chairman, Ms. Aevonne Hendricks. She rides her 185 Honda 20 Star for pure enjoyment.

She began motorcycle riding when she and a friend stopped at a motorcycle shop in the country. They bought two motorcycles and a trailer and then learned how to ride that day. At first Ms. Hendricks was afraid to even get on a motorcycle, much less ride it. After she rode awhile, however, she enjoyed it.

She has been riding for seven years now. At one time she was involved in a Christian Motorcycle Association which holds rallies throughout the country.

Why does Ms. Hendricks ride motorcycles? Simply for pleasure.

Hendricks likes motorcycling, too.

World Is Getting Smaller

In the past year, the American government has been involved in violence around the world.

In mid-October of 1983 after American marines had been placed on peace-keeping status in Beirut, Lebanon, a Lebanese terrorist-soldier drove a small truck loaded with explosives on a suicide mission into the first floor of the marine base at Beirut airport.

The truck exploded causing the five story building to collapse. Over 200 American soldiers died trapped in the rubble.

"With the loss of American lives in recent instances around the world, it makes us painfully aware of how small our world is becoming. There is no place that is far removed." Juanita Beck.

Coaches Wagenhauser and Giese celebrated Halloween with the crazies.

▲ Once again, Greg Rushing proves that track practice is not always work.

▲ Music is not always the main priority when a person talks to Mr. Petty.

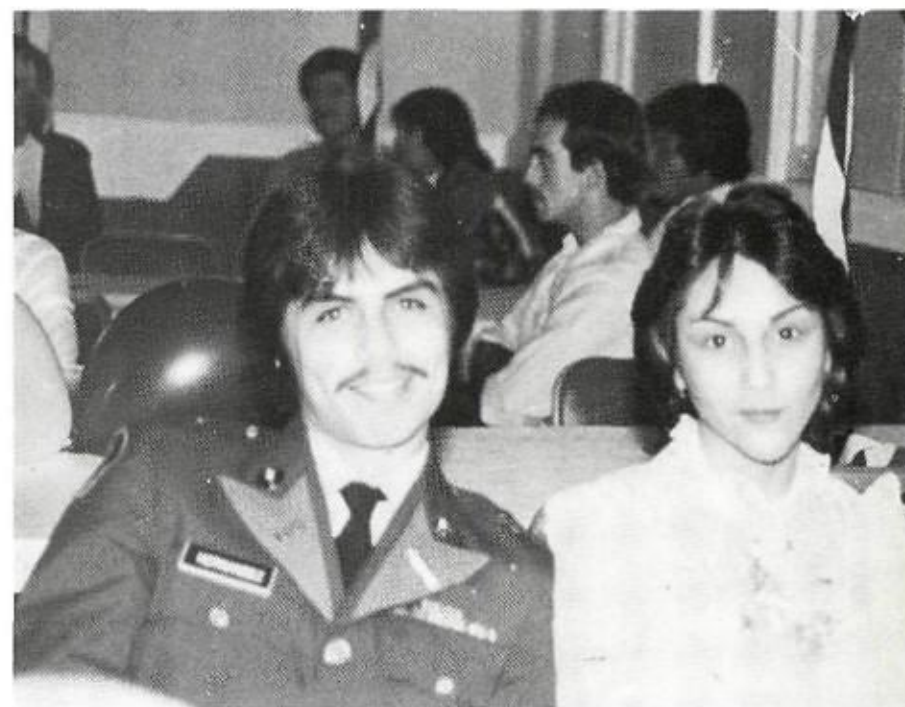

This past school year has certainly made a mark in history. From shootings at Pizza Inn during football season to arguments in the classroom concerning Ross Perot, the student body was not lacking in excitement. While students filled up the passing periods with idle gossip, the outside world was trying to cope with the bombings in Lebanon and the invasion of Grenada.

Everyday during fifth period a group of students got together and worked hard to put out an acceptable and exceptional book. With a fairly new staff, minor mistakes throughout the book were inevitable. As the editor, I was given a great staff who produced a great book. Because of the great attitude that they had when the pressure was tremendous, I am extremely proud.

As a senior, this is my last year on the yearbook staff. I felt extremely honored that I could have such a talented group of friends to work with.

I hope that you, the student body, are as pleased with the book as I will always be.

Karla Ockels
Editor-In-Chief

Corcor, you are one of the finest students I know ever had. I think your behavior has been exemplary. You deserve anything you want because you aren't afraid for it so work for it!

Looking back over the year, each student is filled with the memories. Some of them defeats, others victories, and some just personal accomplishments. Although the memories may differ, each student can rest assure that tomorrow and next year will be . . . "The Start of Something New."

*I can ever help

We kick ass
like none before
we're the seniors
Of eighty four

To Conroe,

Hi, I'm one of your closest friend. I admire you for your great potential in the one act play and Football. I think that you are one of the greatest guy in this school this year. I love you for all the great things you helped with me complete. I really do know you will make it in the large world by your self because you are you. I am very happy for you and Rhonda Robertson and I wish you both the best because you and her are one of my closest friend. I don't want to see neither of you or her hurt. Though you did not get like to succeed boy in my heart you will. I love you very much. Good luck in the ~~future~~ future. Stay in touch (339-3202)

Love,
Lanya Page #1
